

SCHEME DOCUMENT
FOR AUCTION OF COAL LINKAGES IN THE ‘PRODUCTION OF SYN
GAS LEADING TO COAL GASIFICATION’ SUB-SECTOR UNDER
TRANCHE VIII NRS LINKAGE AUCTION

August 2025

Coal India Limited
A Government of India Undertaking

Important Notice:

The information contained in this Scheme Document for auction of coal-linkages in the PRODUCTION OF SYN GAS LEADING TO COAL GASIFICATION' subsector ("Scheme Document") or subsequently provided to Bidder(s), whether documentary or any other form by or on behalf of Coal India Limited ("CIL") and/ or any of its employees or advisors, is provided to Bidder(s) on the terms and conditions set out in this Scheme Document.

This Scheme Document is neither an agreement nor an offer by CIL to the prospective Bidders or any other Person. The purpose of this Scheme Document is to provide interested parties with information that may be useful to them in making their Bids pursuant to this Scheme Document. This Scheme Document includes statements which reflect various assumptions and assessments arrived at by CIL in relation to the non-regulated sector and the Lots. Such assumptions, assessments and statements do not purport to contain all the information that each Bidder may require. This Scheme Document may not be appropriate for all Persons and it is not possible for CIL, its employees or advisors/auction service provider to consider the investment objectives, financial situation and particular needs of each party who reads or uses this Scheme Document. The assumptions, assessments, statements and information contained in the Scheme Document may not be complete, accurate or adequate. Each Bidder should therefore, conduct its own investigations and analysis and should check the accuracy, adequacy, reliability and completeness of the assumptions, assessments, statements and information contained in this Scheme Document and obtain independent advice from appropriate sources before submitting a Bid.

Information provided in this Scheme Document to the Bidder(s) has been collated from several sources some of which may depend upon interpretation of Applicable Law. The information given is not intended to be an exhaustive account of statutory requirements and should not be regarded as complete. CIL accepts no responsibility for the accuracy or otherwise for any statement contained in this Scheme Document.

CIL, its employees and advisors make no representation or warranty and shall have no liability to any Person, including any Bidder under any law, statute, rules or regulations or tort, principles of restitution or unjust enrichment or otherwise for any loss, damages, cost or expense which may arise from or be incurred or suffered on account of anything contained in this Scheme Document or otherwise, including the accuracy, adequacy, completeness or reliability of the Scheme Document and any assessment, assumption, statement or information contained therein or deemed to form part of this Scheme Document or arising in any way from participation in this auction process.

CIL also accepts no liability of any nature whether resulting from negligence or otherwise howsoever caused, arising from reliance of any Bidder upon the statements contained in this Scheme Document.

Notwithstanding anything contained in the Scheme Document, CIL may, in its absolute discretion, but without being under any obligation to do so, update, amend or supplement the information, assessment, process or assumptions contained in this Scheme Document.

The issue of this Scheme Document does not imply that CIL is bound to select a Bidder or Successful Bidder and CIL reserves the right (without incurring any liability) to reject all or any of the Bidders or Bids without assigning any reason whatsoever.

Each Bidder shall bear all its costs associated with or relating to the preparation and submission of its Bid including but not limited to preparation, copying, postage, delivery fees, expenses associated with any demonstrations or presentations which may be required by CIL or any other costs incurred in connection with or relating to its Bid including the Process Fee and Bid Security. This Scheme Document is not transferable. Nothing contained in this Scheme Document shall be binding on CIL or confer any right on the Bidders.

1 Definitions

- 1.1 In this Scheme Document, in addition to the terms defined in the body of this Scheme Document, the following capitalized terms shall, unless repugnant to the meaning or context thereof, have the following meanings:
- 1.1.1 **“Acceptable Bank”** shall mean a Scheduled Bank as listed in the Second Schedule of the Reserve Bank of India Act, 1934 excluding those listed under the headings of Gramin Banks, Urban Co-operative Banks and State Co-operative Banks.
- 1.1.2 **“Adjustment”** shall have the meaning ascribed to such term in Clause 3.5.2(j)(iii).
- 1.1.3 **“Agreement”** shall mean the Fuel Supply Agreement as may be prescribed or published by CIL and to be executed pursuant to Clause 3.7, a preliminary and tentative draft model format of which is provided in **Annexure I**.
- 1.1.4 **“Allocated Quantity”** shall have the meaning ascribed to such term in Clause 3.5.2(j), and the same shall include the resultant quantity pursuant to the revision / adjustment as per Clause 3.5.2(k).
- 1.1.5 **“Applicable Law”** shall mean all applicable statutes, laws, by-laws, rules, regulations, orders, ordinances, protocols, codes, guidelines, policies, notices, directions, judgments, decrees or other requirements or official directives of any governmental authority or court or other rules or regulations, approvals from the relevant governmental authority, government resolution, directive, or other government restriction or any similar form of decision of, or determination by, or any interpretation or adjudication having the force of law in India.
- 1.1.6 **“Approved Mine Plan”** shall mean a mine plan which has been approved in accordance with the Applicable Laws in relation to the captive coal mine.
- 1.1.7 **“Alternative Source”** shall have the meaning ascribed to such term in Clause 3 of Schedule 2.
- 1.1.8 **“Authorised Signatory”** shall mean the individual representing a Bidder who has been duly authorised on behalf of such Bidder to (i) use the Bidder’s digital signature certificate; (ii) execute and submit the Bid on behalf of the Bidder; (iii) sign the affidavit cum indemnity set out in **Annexure II** and the power of attorney set out in **Annexure III** on behalf of the Bidder; and (iv) execute and submit such other documents as may be deemed necessary, in accordance with the terms hereof.
- 1.1.9 **“Bid”** shall mean the bid submitted by a Bidder in accordance with Clause 3.5, for a Link Quantity with respect to a Specified End Use Plant pursuant to a unique registration number given by the Service Provider.
- 1.1.10 **“Bid Security”** shall have the meaning ascribed to such term in Clause 6.1.
- 1.1.11 **“Bidder”** with respect to a Bid shall mean any resident Indian Person including a proprietorship, partnership firm registered in India or a Company.
- 1.1.12 **“CIL”** shall mean Coal India Limited (a Government of India undertaking).
- 1.1.13 **“CIMFR”** shall have the meaning ascribed to such term in Clause 3.5.2(k)(i);

- 1.1.14 “**Coal Linkages**” shall have the meaning ascribed to such term in Clause 2.3.
- 1.1.15 “**Coal Requirement**” shall mean the coal requirement (in TPA) for the Specified End Use Plant specified by the Bidder on the Electronic Platform in terms of G10 grade of coal and considering 85% (eighty five percent) capacity utilisation level:
- (a) calculated on the basis of the norms specified in CIMFR Report titled “Setting up of modalities for normative coal requirement of different industries” dated May 2015 (available on <https://www.mstcecommerce.com/auctionhome/Layouts/notice-coal-linkage.html>), if applicable; or
 - (b) calculated by the relevant Bidders based on their own norms/ formula in case the consumption norms of the Specified End Use Plants are not specified in the CIMFR Report titled “Setting up of modalities for normative coal requirement of different industries” dated May 2015 (available on <https://www.mstcecommerce.com/auctionhome/Layouts/notice-coal-linkage.html>); provided that such calculation is reasonable, genuine, justified and logical.
- 1.1.16 “**Company**” shall have the meaning ascribed to such term in Clause (20) of section 2 of the Companies Act, 2013, as amended from time to time.
- 1.1.17 “**Conditions to Auction**” shall mean, with respect to each Bid, the conditions specified in Clause 3.4 and submission of the documents on the Electronic Platform of the Service Provider as specified in **Annexure V** and in physical form to the Service Provider in accordance with the Scheme Document.
- 1.1.18 “**Control**” shall include the right to appoint majority of the directors or to control the management or policy decisions exercisable by a person or persons acting individually or in concert, directly or indirectly, including by virtue of their shareholding or management rights or shareholders agreements or voting agreements or in any other manner.
- 1.1.19 “**CPPs**” shall mean captive power plants having the meaning as per Rule 3 of the Electricity Rules, 2005.
- 1.1.20 “**Deficit**” shall have the meaning ascribed to such term in Clause 3.5.2(j)(i).
- 1.1.21 “**Deficit Percentage**” shall have the meaning ascribed to such term in Clause 3.5.2(j)(ii).
- 1.1.22 “**Demand Supply Ratio**” shall mean sum of Link Quantity submitted by each Bidder for a particular round divided by the total quantity of coal being offered from the Lot.
- 1.1.23 “**Due Date**” shall have the meaning ascribed to such term in Clause 5.8.1.
- 1.1.24 “**Electronic Platform**” shall have the meaning ascribed to such term in Clause 3.1.1.
- 1.1.25 “**Eligibility Conditions**” shall mean the eligibility conditions specified in Clause 4.
- 1.1.26 “**Final Verification Agency**” shall have the meaning ascribed to such term in Clause 3.5.2(k)(i);
- 1.1.27 “**GCV**” shall mean the gross calorific value for various grades of coal as specified in **Annexure XIII**.

- 1.1.28 **“Last Round”** shall have the meaning ascribed to such term in Clause 3.5.2(f).
- 1.1.29 **“Link Quantity”** shall mean the quantity of coal from a particular Lot for which the Bidder has submitted a Bid in accordance with this Scheme Document.
- 1.1.30 **“LOI”** shall have the meaning ascribed to such term in Clause 3.6.
- 1.1.31 **“Lot”** shall mean a specified quantity of coal belonging to a particular grade which is to be offered for sale and which may be dispatched by road from a particular coal mine or by rail from a particular railway siding, the details of which are more particularly specified in **Annexure VI**.
- 1.1.32 **“Minimum Quantity”** shall have the meaning ascribed to such term in Clause 4(b).
- 1.1.33 **“MoC”** shall mean the Ministry of Coal, Government of India.
- 1.1.34 **“MTPA”** shall mean million tonnes per annum.
- 1.1.35 **“Normative Coal Requirement”** shall mean the normative coal requirement determined in accordance with Clause 3.3.1.
- 1.1.36 **“Price”** shall mean
- **“Notified Price”** shall mean the price of the relevant grade(s) of coal applicable for Regulated sector (in terms of the conditions mentioned in MoC letter dated 16.12.2024) as notified by CIL from time to time.
- For cost plus source** (guidelines enclosed as Schedule-2):
- **“Notified Price”** shall mean the price of the cost plus mine coal as notified by concerned coal company from time to time and applicable for Regulated sector (in terms of the conditions mentioned in MoC letter dated 16.12.2024).
 - For Cost Plus source, the Notified Price shall also include Indexation of Price. In this respect, **“Indexed Price”** shall mean the price derived on the basis of applicable cost-plus price indexation of concerned coal company for supply of coal.
- 1.1.37 **“Production of syn gas leading to coal gasification”** shall mean Specified End Use Plants producing syn gas and commissioned on or after 14.02.2022 and requiring Coal.
- 1.1.38 **“Production of syn gas leading to coal gasification” sub-sector Tranche VIII Coal Linkage Auction** shall have the meaning ascribed to such term in Clause 2.1.3.
- 1.1.39 Deleted
- 1.1.40 **“Person”** shall mean any individual, Company, society or trust, whether incorporated or not.
- 1.1.41 Deleted.
- 1.1.42 **“Policy”** shall have the meaning ascribed to such term in Clause 2.1.2.
- 1.1.43 **“Process Fee”** shall have the meaning ascribed to such term in Clause 3.12.1.

- 1.1.44 **“Provisional Allocated Quantity”** shall have the meaning ascribed to such term in Clause 3.5.2(g).
- 1.1.45 **“Provisional LOI”** shall have the meaning ascribed to such term in Clause 3.6.
- 1.1.46 **“Reserve Price”** shall have the meaning ascribed to such term in Clause 3.5.2(b).
- 1.1.47 **“Revised Normative Coal Requirement”** shall have the meaning ascribed to such term in Clause 3.5.2(j)(i).
- 1.1.48 **“SCCL”** shall mean the Singareni Collieries Company Limited.
- 1.1.49 **“Scheduled Production”** shall mean the scheduled quantity of coal production for a year, from the captive coal mine as per the Approved Mine Plan of the linked EUPs/units of the bidder.
- 1.1.50 **“Scheme Document”** shall mean this document including its Annexures, any addenda or corrigendum to this Scheme Document and/ or any other document issued pursuant hereto.
- 1.1.51 **“Selected Round”** shall have the meaning ascribed to such term in Clause 3.5.2(f).
- 1.1.52 **“Service Provider”** shall mean the entity that provides the Electronic Platform.
- 1.1.53 **“Specified End Use”** shall have the meaning ascribed to such term in Clause 2.3.
- 1.1.54 **“Specified End Use Plant”** shall mean one or more industrial units belonging to the ‘**Production of syn gas leading to coal gasification**’ sub-sector operating in the non-regulated sector (producing syn gas) and belonging to the same industry (in a single location within the same boundary and/or in geographically different location) located in India and owned by the Bidder under same PAN, the particulars of which are submitted in accordance with the provisions of **Annexure V**.
- 1.1.55 **“Subsidiary”** shall mean a subsidiary of CIL listed in **Annexure VI**.
- 1.1.56 **“Successful Bidder”** shall have the meaning ascribed to such term in Clause 3.5.2(g).
- 1.1.57 **“TPA”** shall mean tonnes per annum.
- 1.1.58 **“Transport Factor”** shall have the meaning ascribed to such term in Clause 3.5.2(i)(ii).
- 1.1.59 **“Verification Agency”** shall have the meaning ascribed to such term in Clause 3.5.2(j).
- 1.1.60 **“Verification Certificate”** shall have the meaning ascribed to such term in Clause 3.5.2(j)
- 1.1.61 **“Verification Period”** shall have the meaning ascribed to such term in Clause 3.5.2(j).
- 1.1.62 **“Winning Premium”** shall mean:
- (a) for the purposes of the ‘Production of Syn-Gas Leading to Coal Gasification’ sub-sector Tranche VIII Coal Linkage Auction, the relevant premium of the Selected Round expressed in absolute number terms; and
 - (b) for the purposes of Clause 3.11, Clause 7, the Agreement and all of the Annexures/Schedules

to this Scheme Document, the relevant premium of the Selected Round expressed as a percentage of the Reserve Price (Floor Price).

1.1.63 **Additional Definition for Cost Plus:**

- a) **“Actual Commissioning” (AC):** The cost plus mine is said to have achieved Actual Commissioning when it has achieved a cumulative production of 85% of the Annual Rated Capacity during a 12 continuous months period.
- b) **“Base GCV”** shall mean the GCV of the coal as declared in the PR.
- c) **“Base Price” of cost plus mine is that price, in Rs/ton, which is fixed** for 15-year term with a condition that mine can be continued as Mine specific for rest of life of mine.
Note: The initial Base price is fixed on the basis of latest PR report. The economics of the PR shall be updated time to time. As such, the revised Base Price, as and when issued as per the updated PR shall be considered.
- d) **“Detailed Project Report” (DPR) or “Project Report” (PR)** means the Project Report for the Cost Plus mine which contains all the relevant information, including number of mine entries, manpower planning, estimated productivity levels, method of working, suggested capital equipment to be procured, surface installations outlining the handling arrangements at the Pit head, workshops and any other amenities etc.
- e) **“IRR”** shall mean the Internal Rate of Return.
- f) **“Movable Asset”** in relation to the Project Report, shall mean the plant & machinery, vehicles and furniture & fixtures only. All assets other than the movable asset shall be treated as “Immovable Asset” including Net Revenue expenditure capitalized as shown in the Project Report.

2 Introduction

2.1 Background

2.1.1 The Cabinet Committee on Economic Affairs, in its meeting held on February 3, 2016, decided that the allocation of coal linkages/ letter of assurances for the non-regulated sector shall henceforth be done through an auction-based mechanism.

2.1.2 Subsequently, the MoC issued a letter to CIL and SCCL vide letter no. 23011/51/2015-CPD(Pt-I) dated February 15, 2016 (the “**Policy**”), for auction of coal-linkages for the non-regulated sector, where sub-sectors could be cement, sponge iron/ steel, aluminium and others (excluding fertilizer (urea) sector) including their captive power plants, through a competitive bidding process. According to the Policy, the auctions are to be conducted by CIL/ SCCL and CIL has been entrusted with the task of working out the detailed procedure/ methodology for conducting the auction process. CIL/ SCCL have also been instructed to take immediate necessary action for conducting the auctions.

Pursuantly, MoC vide letter no. CPD-23011/3/2022-CPD dated 14.02.2022 & subsequent letter dated 20.05.2022 issued the operative modalities for ‘Production of syn gas leading to coal gasification’ subsector.

Subsequently, MoC vide letter no. F.No. CPAM-43/13/2024-CPIAM dated 16.12.2024 issued the following policy guideline:

- i. Modify their Price Notification for coal by making the ROM price of Regulated Sector applicable to the Gasification Projects as well.
- ii. This modification in the price notification shall be applicable to the coal gasification projects commissioning within a period of 7 years.
- iii. Coal gasification projects shall procure coal by participating in linkage auctions under the sub-sector "Production of Syn-Gas leading to coal gasification," as per the NRS Linkage Auction Policy of 2016. The floor price shall be as per modified price notification.

As per MoC guideline, ROM price of Regulated sector for this subsector will be applicable for gasification projects commissioning within a period of 7 years i.e. till 15.12.2031(7 years from the date of letter).

Subsequently, MoC vide letter No. CPD-23011/3/2022-CPD, dated 20.08.2025 *inter alia* has informed that the coal block allocatees may be allowed to participate in the linkage auctions for the subsector ‘Production of Syn-Gas Leading to Coal Gasification’, provided the captive coal block capacity is unable to meet the full requirement of the gasification plant. Further, it was directed that the normative coal requirement of a captive coal block/ mine holder for participation in the NRS linkage auctions be calculated by taking into account the production schedule corresponding to the approved mining plan from the allocated captive coal mine and the mine opening permission date granted by the Coal Controller Organization (CCO). The scheduled coal production as per the approved mining plan be deducted from the normative coal requirement to arrive at the quantity of coal for which the bidder may bid.

2.1.3 Accordingly, CIL has *inter alia* decided to auction coal linkages for the various sub-sectors within the non-regulated sector except fertilizer (urea) (“**Tranche VIII Coal Linkage Auction**”).

2.1.4 This Scheme Document is being issued by CIL for auction of coal linkages with respect to the ‘Production of syn gas leading to coal gasification’ sub-sector (“**Production of syn gas leading to**

coal gasification sub-sector Tranche VIII Coal Linkage Auction”).

2.2 The Policy

Bidders are encouraged to familiarise themselves with the Policy. As of the date of this Scheme Document, the Policy is available at http://coal.nic.in/sites/upload_files/coal/files/curentnotices/150216.pdf.

2.3 The Coal Linkages

The coal linkages from each Lot identified in **Annexure VI** (“**Coal Linkages**”) are being auctioned strictly for consumption by the Specified End Use Plant(s) of the bidder (“**Specified End Use**”). Any swapping and/or rationalization of the Allocated Quantity shall be in accordance with extant applicable policy. The modalities of linkages from cost plus sources is guided by Schedule-2 of this document and cost plus mine/source specific parameters for are to be notified as Schedule 2A .

3 Auction Process

3.1 Electronic Auction

3.1.1 Registration:

- (a) The auction of the Coal Linkages shall be conducted on the electronic platform created by the Service Provider (“**Electronic Platform**”) and no physical Bids shall be accepted or considered.
- (b) Units/Plants/EUPs of specific subsector of a single owner/company in same and/or geographically different location under same PAN are allowed to register in single bidder ID.
- (c) Participation in the linkage auction by the bidder will be allowed for the cumulative eligible normative requirement of the linked EUPs/units (subject to deduction of existing linkages).
- (d) In case any EUP/unit is debarred due to debarment of any bidder ID, the same EUP is not allowed to register itself along with other EUPs under single registration. Participation in linkage auction will not be permitted for the concerned EUP/Bidder. In case of inclusion of such debarred EUP in the registration, all the successful bid(s) obtained under this registration will be liable for termination with consequent penal action.
In case, any of the linked EUP/unit under single registration will put under debarment in relation to linkages/FSAs prior to this tranche, then post participation in this tranche, the concerned bidder (containing the linked EUP/unit under debarment as one of the linked EUPs) will also be debarred to its entirety and successful bid/FSA of the concerned bidder under this scheme will be liable for termination with consequent penal action.
- (e) The interested bidders are required to seek registration on the Electronic Platform for bidding purposes against payment of a non-refundable registration fee of Rs. 10,000 (Indian Rupees Ten Thousand) plus applicable taxes.
- (f) Bidders already registered for the coal linkage auctions in the portal of present auction service provider may use the same registration for the same Specified End Use Plant and may not register again.
- (g) However, in case bidder wants to bring their EUPs of the specific subsector (necessarily under same PAN) located at geographically different location or under different bidder IDs under single registration (as mentioned in point (a) above), the bidder will be required to mention existing registration/ID/linkage & other relevant details while registering their EUPs under single bidder ID. In such case, registration

fee will be applicable and registration number will be given afresh by the service provider. The existing registration/related details will be mapped with this new bidder ID. The earlier bidder IDs will be deactivated post completion of this new registration process.

- (h) The RFP information of each linked EUP including plant capacity are to be submitted by the bidder.
- (i) The Bidder registration on the Electronic Platform shall be linked to Specified End Use Plant under same PAN and each Specified End Use Plant may be registered only once on the Electronic Platform
- (j) Participation will be allowed for cumulative eligible normative quantity of the linked EUPs/units under same registration.
- (k) Once the units/EUPs are combined and registered under single bidder ID, the registered EUPs cannot be split subsequently
- (l) Self-attested copy of PAN & Self-attested copy of GSTIN of the bidder will be required to be submitted to auction service provider for registration process. In case of a proprietorship firm, proprietor's personal PAN card is required. In case of partnership firm, PAN of the firm and that of the authorized ~~part~~ are to be submitted.

3.1.2 The technical details and other information with respect to access to the Electronic Platform and bidding thereon are provided in **Annexure V**.

3.1.3 In case of any technical clarification regarding access to the Electronic Platform or conduct of the auction process, the Bidders may contact the Service Provider directly at the contact details provided in **Annexure V**.

3.2 Scheme Document

The Bidders shall be eligible to download the Scheme Document from website of the Service Provider free of cost.

3.3 Normative Coal Requirement

3.3.1 In the 'Production of syn gas leading to coal gasification' subsector, plants requiring coal for the purpose of production of syn gas leading to coal gasification are eligible to participate on the basis of coal requirement submitted/input by the bidder for the specified EUP(s) in the electronic platform.

The EUP(s) of the bidder having non-coking coal requirement shall have to submit annual coal requirement of their linked EUP(s), as per eligible coal-based capacity of the plant, in G-10 grade at 85% capacity utilization on the basis of self-assessment, Chartered Engineer or coal requirement assessed/allowed by Statutory authority, whichever is lower/less.

In case of coking coal, the calculation of normative coal requirement will be done on the basis of GCV equivalence of non-coking coal of the concerned grade of coking coal:

Coking coal Grade	Equivalent non-coking grade
Washery III	G-6
Washery IV	G-7
Washery V	G-8
Washery VI	G-9
Washed power coal	G-9
Any other coking coal/bi product	As mentioned by coal company in the offer

All calculation of coking coal under this scheme will be carried out in non-coking grade equivalence on the basis of the above table.

The Normative Coal Requirement for each bidder for the linked Specified End Use Plants/units shall be calculated by the Electronic Platform in accordance with the following formula:

[Coal Requirement] minus [(annual coal requirement of the Specified End Use Plant(s) met through any captive coal mine(s), which shall be computed on the basis of G10 grade of coal, irrespective of the grade of coal actually available from the captive coal mine(s)) plus (annual coal requirement of the Specified End Use Plant(s) met through any allocation of coal linkage(s) pursuant to auction process of any lot conducted by CIL and/ or by SCCL, which shall be computed on the basis of G10 grade of coal, if valid irrespective of the grade of coal actually allocated pursuant to the auction process under this Scheme)]

It is clarified that in case the actual grade of coal available from the captive coal mine (as specified above) is not of G10 grade, then the G10 equivalent quantity shall be computed as follows:

$$\text{G10 equivalent quantity} = \frac{(\text{Annual coal requirement met from the captive coal mine}) \times (\text{GCV of the relevant grade of coal})}{\text{GCV of the G10 grade of coal}}$$

Further, in case the actual grade of coal available from any allocation of coal linkage(s) pursuant to auction process of the relevant lot conducted by CIL and/ or by SCCL (as specified above) is not of G10 grade, then the G10 equivalent quantity shall be computed as follows:

$$\text{G10 equivalent quantity} = \frac{(\text{Annual coal requirement met from the allocation of coal linkage(s) pursuant to auction process of the relevant lot conducted by CIL and/ or by SCCL}) \times (\text{GCV of the relevant grade of coal})}{\text{GCV of the G10 grade of coal}}$$

3.3.2 Annual energy requirement of the Specified End Use Plant(s) met through any captive coal mine(s):

(a) Each Bidder who has been allocated captive coal mine(s) (whether having only coking grade of coal and/or non-coking and coking grade of coal) for its linked Specified End Use Plant(s), shall for each such captive coal mine, submit a self-certificate for scheduled production as per the format in in Annexure-XV.

(b) If the mine opening permission has been granted by the Coal Controllers' Organisation (CCO) coal requirement of each of the Specified End Use Plant (in kcal) met through such captive coal mine(s) total normative requirement of the bidder (in case of multiple EUPs) thereof, shall be considered in the manner prescribed below:

- (i) Bidder shall submit the Scheduled Production for the 15 financial years commencing from the financial year in which this Scheme Document has been published, in accordance with Clause 3.3.2(a). While supplying coal, if scheduled production of captive coal mine post initial period of 15 years, will be required by Coal Company, providing such details to coal company will be binding to the bidder for the purpose of any required adjustment in quantity.

- (ii) The Electronic Platform shall adjust the annual energy requirement of the linked Specified End Use Plant(s) met through the captive coal mine(s) (in kcal) of the bidder ID. Such adjustment shall be corresponding to the minimum Scheduled Production as per the Scheduled Production the 15 financial years submitted by the Bidder in accordance with Clause (i) of 3.3.2(b) above barring the scenario where the year-wise production schedule is in descending order. In case of production schedule is in descending order, the maximum production quantity of 15 years, as mentioned in the Annexure XV, will be used for adjustment for arriving coal requirement of the plant for the purpose of participation.
- (c) In case the mine opening permission has not been granted by CCO, then, the coal requirement met through the captive coal mine shall be considered as zero. Accordingly, the Electronic Platform shall adjust the annual energy requirement of the Specified End Use Plant met through the captive coal mine(s) (in kcal).
- (i) In the event, mine opening permission has been granted post completion of the 'Production of Syngas Leading to Coal Gasification' subsector linkage Auction of this tranche, the Successful Bidder, shall simultaneous to the grant of mine opening permission by CCO submit the same to the relevant Subsidiary along with self-certificate as per format (A) of Annexure XV. In case the Successful Bidder fails to submit the mine opening permission by CCO and/or self-certificate in accordance with this Clause, relevant coal company shall have right to terminate LOI and/ or the FSA, as the case may be, and forfeit the Bid Security or Performance Security as the case may be.
- (d) In case of any modification in the Production Schedule of a captive coal mine by approval of competent authority during the subsistence of the Agreement, the same shall be notified simultaneously to the coal company by re-submitting the self-certificate at Annexure XV with the revised Production Schedule. Accordingly, an amendment to the Agreement shall be executed to this effect. In case the Production schedule is revised post completion of auction but prior to execution of the FSA, then, upon submission of the revised Production Schedule to the relevant coal company/ auction service provider, as the case may be, immediately post approval from the competent authority, the FSA shall be executed for the Allocated Quantity for the year computed based on the revised Production Schedule.
- (e) In the event the Bidder who has been allocated captive coal mine(s) for its Specified End Use Plant(s), does not submit a self-certificate in accordance with Clause 3.3.2(a).above and/or doesn't provide the Production Schedule as stated in Annexure V of this Scheme Document, then the Normative Coal Requirement shall be net of grade adjusted coal requirement on the basis of the peak rated capacity of such captive coal mine(s) and provisions of Clause 3.3.2(b), 3.3.2(c) and 3.3.2(d) shall not apply.
- (f) Where a coal mine has been allocated for multiple plants, then the Normative Coal Requirement of the Specified End Use Plant(s) under concerned bidder ID shall be calculated after proportionately factoring the Scheduled Production from the said mine.
- (g) The Bidders shall be required to specify the Coal Requirement and other details as referred to in Clause 3.3.1 on the Electronic Platform and submit the documents and information

specified in Clause 3.4(a) in support thereof. The Electronic Platform shall generate the Normative Coal Requirement for various grades of coal (as per the formula set out in Clause 3.3.1) with respect to linked Specified End Use Plant(s) only upon receipt of all such information and documentation from the Bidder. The Normative Coal Requirement shall be subject to reduction on a progressive basis depending on the allocations made to the Bidder during the process of auction and the Bidder shall be informed about the same on the Electronic Platform. The data with respect to the existing coal linkages as well as captive coal mines allocated (together with proportionate annual coal requirement of the Specified End Use Plant met from such captive coal mines, in case the same has been allocated for a combination of Specified End Use Plants) shall have to be reported by the Bidders themselves on the Electronic Platform and the Bidders will be responsible for any misrepresentation in this regard. The Bidders shall, based on the information provided by them on the Electronic Platform pertaining to their Normative Coal Requirement, decide the Link Quantity across various Lots for the purposes of computing the Bid Security and Process Fee payable by them.

- (h) where a mine has been allocated for multiple plants, then, the Normative Coal Requirement of the Specified End Use Plant shall be calculated after proportionately factoring the coal consumption from the said mine.

3.3.3 An illustrative example where the Bid is being submitted for a G8 grade of coal is provided as under:

Illustration 1: The Coal Requirement submitted by the Bidder on the Electronic Platform is 42,697 of G10 equivalent grade of coal with an existing linkage of 2,000 TPA. Also, a mine X of G9 grade of coal has been allocated for captive consumption to the Unit A and Unit B whose annual coal requirement is in the ratio of 1:5

Case I: Mine Opening Permission has not been granted by CCO for Mine X

No adjustment shall be made for the annual coal requirement of the Specified End Use Plant met through Mine X and the Normative Coal Requirement of Unit A shall be assessed as follows:

Particulars	Unit		
Coal Requirement of Specified End Use Plant	TPA	(A)	42,697
Existing Linkage Quantity	TPA	(B)	2,000
Deemed Grade of Coal Allocated through Linkage			G10
Quantity of Coal allocated for the Specified End Use Plant from the Mine	TPA	(C)	0
Grade of Coal from Mine			G9
GCV of G9 grade of coal	kcal/kg	(D)	4,750
GCV of G10 grade of coal	kcal/kg	(E)	4,450
Quantity of Coal allocated for the Specified End Use Plant from the Mine in G10 grade of coal	TPA	$(F=(C*D)/E)$	0
Normative Coal Requirement of Specified End Use Plant not being met pursuant to an existing linkage or mine or allocation of coal linkage pursuant to an auction process under this Scheme and/ or by SCCL	TPA	$(G=(A-B-F))$	40,697
GCV of G8 grade of coal	kcal/kg	(H)	5050
Normative Coal Requirement (based on G8 grade)	TPA	$(I=(G*E)/H)$	35,862

Case II: Mine Opening Permission has been granted by CCO for Mine X and the Scheduled Production is provided as under:

15 Year Scheduled Production for Mine X
(Based on the Self-Certificate submitted by the Bidder)

F. Y	Scheduled Production (TPA)
Year-1	24,000
Year-2	30,000
Year-3	30,000
Year-4	50,000
Year-5	50,000
Year-6	50,000
Year-7	50,000
Year-8	50,000
Year-9	50,000
Year-10	50,000
Year-11	50,000
Year-12	50,000
Year-13	50,000
Year-14	50,000
Year-15	24,000

The minimum of the Scheduled Production in accordance with Clause 3.3.2 3.3.2(b) is 24,000 TPA. For the purpose of assessment of Normative Coal Requirement, it would be considered that the requirement of Unit A and Unit B has been met to the extent of 4,000 TPA and 20,000 TPA respectively i.e. 24,000 TPA allocated in the ratio of 1:5. The Normative Coal Requirement of Unit A shall be assessed as follows:

Particulars	Unit		
Coal Requirement of Specified End Use Plant	TPA	(A)	42,697
Existing Linkage Quantity	TPA	(B)	2,000
Deemed Grade of Coal Allocated through Linkage			G10
Quantity of Coal allocated for the Specified End Use Plant from the Mine	TPA	(C)	4,000
Grade of Coal from Mine			G9
GCV of G9 grade of coal	kcal/kg	(D)	4,750
GCV of G10 grade of coal	kcal/kg	(E)	4,450
Quantity of Coal allocated for the Specified End Use Plant from the Mine in G10 grade of coal	TPA	$(F=(C*D)/E)$	4,270
Normative Coal Requirement of Specified End Use Plant not being met pursuant to an existing linkage or mine or allocation of coal linkage pursuant to an auction process under this Scheme and/ or by SCCL	TPA	$(G=(A-B-F))$	36,427
GCV of G8 grade of coal	kcal/kg	(H)	5,050
Normative Coal Requirement (based on G8 grade)	TPA	$(I=(G*E)/H)$	32,099

Illustration 2: Further in addition to the illustration provided above, if the above Bidder is successful in the Lot of G8 grade of coal for a quantity of 12,000 TPA, the Normative Coal Requirement for a

subsequent Lot with G9 grade coal would be assessed as under:

Particulars	Unit		
Normative Coal Requirement (based on G8 grade)	TPA	(A)	32,099
Allocated Quantity in Lot with G8 grade	TPA	(B)	12,000
Available Normative Coal Requirement (based on G8 grade)	TPA	(C=A-B)	20,099
GCV of G8 grade of coal	kcal/kg	(D)	5,050
GCV of G9 grade of coal	kcal/kg	(E)	4,750
Normative Coal Requirement (based on G9 grade)	TPA	(F=(C*D)/E)	21,368

Illustration 3: The Specified End Use Plant (Unit 1) of the Bidder has a Coal Requirement of 37,478 TPA at G10 Grade. The Bidder has an existing FSA of 58,800 TPA covering both Unit 1, and a second unit having a Coal Requirement of 50,586 TPA at G10 Grade, namely Unit 2. The Normative Coal Requirement of the Specified End Use Plant, namely Unit 1 shall be assessed as follows:

Particulars	Unit		
Existing Total Linkage Quantity for Unit 1 and Unit 2 combined	TPA	(A)	58,800
Deemed Grade of Coal Allocated through Linkage			G10
GCV of G10 grade of coal	kcal/kg	(B)	4,450
Coal Requirement of the Specified End Use Plant (Unit 1) at G10 Grade	TPA	(C)	37,478
Coal Requirement of Unit 2 at G10 Grade	TPA	(D)	50,586
Coal Requirement of the Specified End Use Plant (Unit 1) met through existing operational FSA at G10 Grade	TPA	(E=((C/(C+D) *A)	25,024
Normative Coal Requirement at G10 Grade	TPA	(F=C-E)	12,454
GCV of G8 grade of coal	kcal/kg	(G)	5,050
Normative Coal Requirement (based on G8 grade)	TPA	(H=(F*B)/G)	10,974

Illustration 4: The Specified End Use Plant (Unit 1) of the Bidder has a Coal Requirement of 37,478 TPA at W-III grade. The Bidder has an existing FSA of 58,800 TPA covering both Unit 1, and a second unit having a Coal Requirement of 50,586 TPA at W-III grade, namely Unit 2. The Normative Coal Requirement of the Specified End Use Plant, namely Unit 1 shall be assessed as follows:

Particulars	Unit		
Existing Total Linkage Quantity for Unit 1 and Unit 2 combined	TPA	(A)	58,800
Deemed Grade of Coal Allocated through Linkage			W-III
Coal Requirement of the Specified End Use Plant (Unit 1) at W-III grade	kcal/kg	(B)	37,478
Coal Requirement of Unit 2 at W-III grade	TPA	(C)	50,586
Coal Requirement of the Specified End Use Plant (Unit 1) met through existing operational FSA at W-III grade	TPA	(D=(B/B+C) *) A	25,024
Normative Coal Requirement at W-III grade	TPA	(E=B-D)	12,454

3.4 Conditions to Auction

Subject to satisfaction of the following conditions, the Bidders shall be entitled to submit their Bid through a non-discriminatory ascending clock auction procedure set out in Clause 3.5:

- (a) the Bidders shall satisfy all the Eligibility Conditions and shall submit all documents in support thereof as specified in Clause 4(c) and shall submit the relevant information required under **Annexure V**; and
- (b) the Bidder shall submit the Process Fee in accordance with Clause 3.12 and the Bid Security in accordance with Clause 6.
- (c) The Bidder shall comply the provision of Cut-off date i.e. any Bidder of 'Production of syn gas leading to coal gasification' subsector having expiring linkage/FSA on or before Cut Off date shall be allowed to participate in the auction of tranche VIII 'Production of syn gas leading to coal gasification' subsector for the expiring quantity subject to eligibility. However, the quantity in no case should exceed the normative eligible quantity/corresponding GCV requirement of the Bidder.

Now, in case any bidder has expiring FSA(s) post conducting of auction and till Cut-off Date and the successful bids of tranche VIII linkage auction along with expiring FSAs cumulatively exceeds normative requirement of the bidder, it will be responsibility of the bidder to inform coal companies/CIL/Auction service provider about the same so that the situation of linkage exceeding normative quantity at any point of time will not arise. In other words, it will be the responsibility of the consumer to ensure that at any point of time the total operative ACQ, as the case may be, should not exceed the normative requirement of the bidder.

To avoid any such situation, the bidder has to mention auction service provider the bid(s) of tranche VIII which will be effective after date of expiry of expiring FSA. Such FSAs of the concerned bid(s) will become operational from 'Effective Date' which will be different from FSA signing date and all terms of the FSA will be applicable on the basis of such 'Effective Date'. An addendum to the FSA will be signed in this respect which will be integral part of the FSA for all operational and commercial terms.

In case of any misrepresentation/omission on part of the bidder for the above, the bidder will be held responsible and consequent penal action may liable to be taken by coal company by way of forfeiture of EMD/Performance Security, as the case may be, for the concerned quantity exceeding normative requirement.

- (d) In case any EUP is debarred, the same EUP is not allowed to register itself along with other EUPs under single registration. Participation in linkage auction will not be permitted for the concerned EUP/Bidder.

In case of inclusion of such debarred EUP in the registration, all the successful bid(s) obtained under this registration will be liable for termination with consequent penal action.

In case, any of the linked EUP/unit under single registration will put under debarment in relation to linkages/FSAs prior to this tranche, post participation, the concerned bidder (containing the linked EUP/unit under debarment) will also be debarred to its entirety and

successful bid/FSA of the concerned bidder under this scheme will be liable for termination with consequent penal action.

(e) The bidder unconditionally agrees all the actions taken/would be taken by coal companies/CIL with respect to their successful bids of previous tranche(s) of NRS Linkage auction, if any, relevant guidelines/conditions with respect to bids in earlier tranches of NRS Linkage auction and present tranche of auction.

3.5 Non-Discriminatory Ascending Clock Auction Process

3.5.1 The Coal Linkages shall be auctioned Lot wise as per the sequence and schedule set out in **Annexure VI**. The lot-wise offer will be colliery/siding wise mentioning mode of transport. In case of Rail offer, the feeding colliery(ies) of the siding (Primary/Secondary) is to be mentioned in the offer with possible distribution of feeding percentage of coal from linked collieries. The rake may be formed from the coal of the feeding mines with flexibility of $\pm 15\%$ of the proportion from the each feeding mines mentioned in the offer.

In case the auction of Coal Linkages from any Lot spills over to the time of the next Lot(s), then the auction of such Lot(s) will be deferred and will be conducted at the end of auction of the Coal Linkages after the last Lot as per the auction sequence specified in **Annexure VI**. For example: There are 15 Lots (numbered L1 to L15) for a sub-sector with a proposed auction sequence of 4 Lots per day at 11:00 HRS, 13:00 HRS, 15:00 HRS and 17:00 HRS respectively. In case the auction of the Coal Linkages from Lot 1 continues till 17:01 HRS on Day 1, auction of Coal Linkages from Lot 2, Lot 3 and Lot 4 will be deferred and will be conducted after the auction of the Coal Linkages from Lot 15.

3.5.2 The Coal Linkages shall be auctioned through a non-discriminatory ascending clock auction procedure in the following manner:

- (a) The auction process for the Coal Linkages will be conducted in multiple rounds.
- (b) The floor price for the auction in the first round of the auction process shall be the Notified price for Regulated sector ("**Reserve Price**") and the Bidders shall Bid for a particular Link Quantity in accordance with the provisions hereunder.
- (c) In round 1 of the auction, the premium shall be Rs. zero/tonne against which the Bidders will be required to indicate their Link Quantity.
- (d) At the end of each round of the Bidding with respect to a Coal Linkage, the demand/ supply ratio will be assessed by the Electronic Platform and if demand/ supply ratio at the end of a particular round is greater than 100% (one hundred per cent.) then the auction will move on to next round with a premium of Rs. 75 (Indian Rupees Seventy-Five) per tonne plus the premium of the previous round. In each round of the auction, the Bidders may offer to purchase the Link Quantity against the Reserve Price plus premium for such round.
- (e) Each Bid submitted by a Bidder during any of the auction rounds shall be considered a valid and binding offer to purchase the Link Quantity at the Reserve Price plus premium applicable for the relevant round.

- (f) The auction process shall stop when the demand/ supply ratio is less than or equal to 100% (one hundred per cent.) in a particular round. The round at which the auction stops (“**Last Round**”) shall be considered as final round (Selected Round) and allocation shall be made based on the bids received in the Last Round.

In the event that the entitlement of a Bidder pursuant to Clause 3.5.2(f) above, is not as per Transport Factor, such entitlement shall be decreased and rounded off (downwards) to fit as per Transport Factor of 100 tonnes (such downward adjustment in the coal entitlement may hereinafter referred to as the “Adjustment”).

- (g) Each Bidder who has submitted Bids in the Selected Round shall hereinafter be referred to as a “**Successful Bidder**” and the quantity of coal to which the Successful Bidder would be entitled to in the Selected Round (as computed under Clause 3.5.2(f) shall be referred to as the “**Provisional Allocated Quantity**”.

It is clarified that each Successful Bidder shall be entitled to receive only the Allocated Quantity and that the Allocated Quantity shall be used by the Successful Bidder only for consumption by the linked Specified End Use Plant(s). In the event that the actual loaded quantity of coal is lesser than the Allocated Quantity, such under- loading shall be dealt with in the manner specified in the Agreement.

- (h) In case demand/ supply ratio is 100% (one hundred per cent.) or less in round 1 of the auction, each Bidder shall be provisionally allocated their Link Quantity for that round at the Reserve Price i.e. Floor Price.

- (i) The Bidders will have to abide by the following conditions in each round of the auction:

(i) for road mode of dispatch, the Link Quantity shall be equal or greater than 100 TPA and shall neither exceed the Normative Coal Requirement nor the quantity offered in a particular Lot. For rail mode of dispatch, the Link Quantity shall be in multiple of 4000 TPA and shall neither exceed the Normative Coal Requirement nor the quantity offered in a particular Lot;

(ii) the Link Quantity will be integer multiple of 4000 TPA for Rail mode & minimum 100 TPA for Road mode (hereinafter referred to as the “Transport Factor”); and

(iii) the Link Quantity in a particular round shall be lower than or equal to the Link Quantity quoted in the previous round.

- (j) Within 30 (thirty) days of issuance of Provisional LOI of the ‘Production of syn gas leading to coal gasification’ subsector sub-sector Tranche VIII Coal Linkage Auction, (“**Verification Period**”), the Successful Bidder shall get the Coal Requirement of the bidder for specified linked EUP(s)(commissioned/yet to be commissioned/project stage) verified by a commission / authority/ department/ agency / entity listed in **Annexure VII** or from Chartered Engineer (submission of certificate of coal requirement assessment by Chartered Engineer is mandatory) (“**Verification Agency**”). A Bidder may, in anticipation of becoming a Successful Bidder and in order to save time before signing the Agreement, also get its Coal Requirement verified by the Verification Agency/Chartered Engineer prior to completion of the ‘Production of Syn-Gas leading to Coal Gasification’ sub-sector Tranche VIII Coal Linkage Auction. In case the Successful Bidder fails to get the Coal Requirement verified by the Verification Agency/Chartered Engineer within the Verification Period then

the Provisional Allocated Quantity to which the relevant Bidder had become entitled to shall automatically be cancelled at the end of the Verification Period, without any requirement for any further acts in this regard. The Verification Agency, after completing the verification of the Coal Requirement of the Successful Bidder shall issue a certificate in the format as set out in **Annexure VIII** (“**Verification Certificate**”).

In case the Coal Requirement verified by the Verification Agency is more than the Coal Requirement specified by the Successful Bidder, then the Provisional Allocated Quantity, post the Adjustment, will be regarded as the Allocated Quantity.

In case the Coal Requirement verified by the Verification Agency is less than the Coal Requirement specified by the Successful Bidder, then the Provisional Allocated Quantities of the Successful Bidder will be subject to adjustment in accordance with the following process:

- (i) the difference between the Coal Requirement specified by the Successful Bidder and the Coal Requirement verified by the Verification Agency (“**Deficit**”) shall be reduced from the Normative Coal Requirement computed pursuant to Clause 3.3.1 and such reduced Normative Coal Requirement shall be referred to as the “**Revised Normative Coal Requirement**”;
- (ii) the Provisional Allocated Quantity across various Lots shall thereafter be reduced by the Deficit Percentage and the Successful Bidder shall be entitled to the revised quantity so computed. For the purposes hereof the term “**Deficit Percentage**” shall mean:

$$[(\text{Deficit}) \text{ divided by } (\text{Normative Coal Requirement})] \text{ multiplied by } 100;$$

- (iii) In such post bid adjustment of bid quantity, 100 TPA shall be considered as Transport Factor for both Rail/Road mode, for such adjustment of ACQ . such downward adjustment in the coal entitlement may hereinafter referred to as the “**Adjustment**” and the quantity post Adjustment shall be the “**Allocated Quantity**” for that Lot.

(k) **Revision / Adjustment to Allocated Quantity**

- (i) The CIL/Coal company/Auction service provider, as the case may be, reserves the right to reduce/adjust the Bid quantity/ACQ for FSA on the basis of EUP/Bidder specific documents submitted by the successful bidder covering capacity of the plants/requirement of coal quantum for the purpose of signing of FSA. In such case of post bidding adjustment/reduction, the quantity to be fixed in multiple of Transport factor of 100 TPA irrespective of Rail/Road mode. Such post bidding adjustment/reduction of bid quantity/ACQ shall be binding in nature. Further, adjustment of quantity may also take place post assessment by the Final Verification Agency.
- (ii) CIL/ the relevant Subsidiary reserves the right to get the Coal Requirement of the Successful Bidder verified by Central Institute of Mining & Fuel Research (“**CIMFR**”) or any other agency that may be nominated by CIL (“**Final Verification**”).

Agency’’), within 180 (one hundred eighty) days of execution of the relevant Agreement. In case multiple Agreements have been executed for various Lots by various Subsidiaries then the aforesaid period of 180 (one hundred eighty) days shall commence from the execution of the first Agreement with respect to the Lots.

- (iii) In case the Coal Requirement verified by the Final Verification Agency is less than:
(i) the Coal Requirement verified and certified by the Verification Agency; and (ii) the Coal Requirement specified by the Successful Bidder, then the Allocated Quantity (as computed in G10 grade/W-III grade, as applicable) will be subject to further downward revision / adjustment as per Deficit percentage.

Such downward revision / adjustment shall be given effect to and adjusted during the residual period of the initial 2 (two) years from the execution/effective date of supply of the relevant Agreement, as the case may be, and the revised Allocated Quantity will be supplied during the balance term of the Agreement. In case plant is yet to be commissioned, the ACQ will be duly revised due to such downward revision / adjustment.

- (iv) The Successful Bidder shall cooperate with Final Verification Agency / CIL / the relevant Subsidiary including promptly providing it with all such documentation, clarifications, information and/ or access as may be requested. In case the Successful Bidder does not cooperate with the Final Verification Agency / CIL/ the relevant Subsidiary, then the Allocated Quantity to which the Successful Bidder had become entitled to, shall automatically be cancelled and the Agreement(s) entered into by the Successful Bidders with the relevant Subsidiary(ies) shall stand terminated, without any requirement for any further acts in this regard.
- (v) For any such post bid adjustment of bid quantity, 100 TPA shall be considered as Transport Factor for both Rail/Road mode, for such adjustment of ACQ

- (l) In case the Coal Requirement verified by the Final Verification Agency is more than: (A) the Coal Requirement specified by the Successful Bidder; or (B) the Coal Requirement verified by the Verification Agency, then the Allocated Quantity will not be subject to revision / adjustment.
- (m) It is clarified that each Successful Bidder shall be entitled to receive only the Allocated Quantity and that the Allocated Quantity shall be used by the Successful Bidder only for consumption by the Specified End Use Plant. In the event that the actual loaded quantity of coal is lesser than the Allocated Quantity, such under-loading shall be dealt with in the manner specified in the Agreement.
- (n) Notwithstanding anything to the contrary contained herein: (A) in the event that the Revised Normative Coal Requirement verified by the Verification Agency is less than the Minimum Quantity, then the Successful Bidder shall not be entitled to receive any coal pursuant to the Scheme Document; and (B) in the event the Normative Coal Requirement calculated based the Coal Requirement verified by the Final Verification Agency is less than the Minimum Quantity, the Successful Bidder shall not be entitled to receive any coal pursuant to the Scheme Document and the Agreement(s) entered into by the Successful Bidders with the relevant Subsidiary(ies) shall stand terminated.

- (o) In the event that any coal remains unallocated pursuant to completion of this sub-sector Tranche VIII Coal Linkage Auction CIL reserves the right to dispose of such coal in the subsequent tranche of auction for the non-regulated sector conducted by CIL.
- (p) **Coal Requirement as entered on the auction platform for Bidders who have participated in earlier tranches:**

For Bidders who have participated in earlier tranches under ‘Production of syn gas leading to coal gasification’ subsector conducted by CIL/SCCL, the auction platform currently does not permit any modification in the value submitted under Coal Requirement. For such cases, three categories of Bidders can be considered:

- (a) First time Bidders.
- (b) Bidders who have Bid in earlier instances of linkage auction of ‘Production of syn gas leading to coal gasification’ subsector and won a quantity equal to their Normative Coal Requirement, and are therefore ineligible to Bid.
- (c) Bidders who have bid in earlier instances of linkage auction of ‘Production of Syngas leading to Coal Gasification’ subsector and still have some Normative Coal Requirement left over against which they can bid.

For case (a), Bidders have to enter fresh information. Bidders under case (b) are ineligible to bid. For case (c): the Bidder may bid up to the balance Normative Coal Requirement as displayed on the auction platform. The Deficit Percentage calculated for earlier tranche(s), as applicable, will be applied to calculate the Allocated Quantity in the current tranche.

Illustration 1: The Bidder has the following allocation (G10/W-III equivalent quantities) in Tranche I/ Tranche II/Tranche III/ Tranche IV/Tranche V/Tranche VI/Tranche VII:

Particulars	Unit		
Coal Requirement specified by the Bidder	TPA	(A)	1,20,000
Verification Certificate obtained for /Assessed by verification agency	TPA	(B)	1,02,000
Normative Coal Requirement	TPA	(C)	1,20,000
Provisional Allocated Quantity in Tranche I / Tranche II/Tranche III/ Tranche IV/ Tranche V/Tranche VI/Tranche VII	TPA	(D)	60,000
Deficit Percentage		$(E=(A-B)/C)$	15%
Allocated Quantity	TPA	$(F=D-D*E)$	51,000

The following is an example for Tranche VIII for a case where the Bidder has bid for and was allocated the entire balance quantity as permitted by the auction platform:

Normative Coal Requirement (For Tranche VIII)	TPA	$(G=C-D)$	60,000
Provisional Allocated Quantity		(H)	60,000
Allocated Quantity	TPA	$(I=H-H*E)$	51,000

The following is an example where either the Bidder has chosen to bid for or has been allocated a quantity which is lesser than his balance requirement as permitted by the auction platform:

Normative Coal Requirement (For Tranche VIII)	TPA	(G=C-D)	60,000
Provisional Allocated Quantity		(H)	10,000
Allocated Quantity	TPA	(I=H-H*E)	8,500

(q) Allocated Quantity for the year on the basis of Scheduled Production

- (i) Each Successful Bidder shall be entitled to the Allocated Quantity for the year post adjustment of the Scheduled Production (year-on-year) submitted by such Successful Bidder as part of Annexure XV. The adjustment with respect to the year-on-year Scheduled Production shall be Lot-specific and on the basis of the annual coal requirement of the linked Specified End Use Plant(s) met through the Scheduled Production for the year in GCV terms. The Allocated Quantity for each year for a particular Lot under 'Production of Syngas Leading to Coal Gasification' sub-sector Tranche VIII Coal Linkage Auction shall be computed in accordance with the following formula:

Allocated Quantity for the year = (Adjustment Factor x Coal Requirement for the year in GCV terms) / [(10⁹) multiplied by (the average gross calorific value of the grade of coal of the Lot as specified in Annexure VI)]

Wherein,

Adjustment Factor = Coal requirement of Specified End Use Plant(s) of the bidder met from a particular Lot in GCV terms **Divided by** Total coal requirement of Specified End Use Plant(s) of the bidder met from 'Production of Syngas Leading to Coal Gasification' subsector Tranche VIII Coal Linkage Auction in GCV terms

Coal Requirement for the year = (Normative Coal Requirement of the linked Specified End Use Plant for 'Production of Syngas Leading to Coal Gasification' sub-sector Tranche VIII Coal Linkage Auction in GCV terms + coal requirement of the Specified End Use Plant(s) corresponding to the minimum of the Scheduled Production in GCV terms – coal requirement of the Specified End Use Plant(s) corresponding to the Scheduled Production of the year in GCV terms)

(ii) Adjustment in the Allocated Quantity for the year shall be carried out in case the Coal Requirement for the year as computed above is less than the total coal requirement booked by the bidder for the linked Specified End Use Plant(s) during the 'Production of Syngas Leading to Coal Gasification' sub-sector Tranche VIII Coal Linkage Auction. Provided however, in the event the coal requirement in GCV terms of the Specified End Use Plant(s) for the year as computed above is less than 0, then Allocated Quantity for that year shall be 0.

(iii) In the event the Coal requirement in GCV terms for the year is equal to or more than the total Coal requirement in GCV terms of the Specified End Use Plant met from 'Production of Syngas Leading to Coal Gasification' sub-sector Tranche VIII Coal Linkage Auction, there shall be no adjustment in the Allocated Quantity for the year.

Illustration: For example, if the Normative Coal Requirement of the Bidder corresponding to its Specified End Use Plant for 'Production of Syngas Leading to Coal Gasification' sub-sector Tranche VIII Coal Linkage Auction is 25,000 TPA in G10 grade or 1,11,25,00,00,000 kcal/annum in GCV terms.

The Bidder had a captive coal mine with minimum production of 10000 tonnes with G11 grade (i.e. the coal requirement of the Specified End Use Plant corresponding to the minimum of the Scheduled Production is 41,50,00,00,000 kcal/annum i.e. 10000 tonnes multiplied by the GCV of G11 grade, which is 4150 kcal/kg).

Suppose the Scheduled Production for a particular year is 15000 tonnes i.e. energy requirement of the Specified End Use Plant corresponding to the Scheduled Production of the year is 62,25,00,00,000 kcal/annum.

The Coal Requirement for the Year shall be in 20,337 TPA in G10 and 90,50,00,00,000 kcal/annum in GCV terms (i.e. 1,11,25,00,00,000 kcal/annum + 41,50,00,00,000 kcal/annum - 62,25,00,00,000 kcal/annum).

Assume the total quantity booked by the Bidder in the auction is 20000 tonnes in G10 grade which corresponds to 89,00,00,00,000 kcal/annum in GCV terms, there shall be no adjustment in the quantity allocated to the Bidder (as the Coal Requirement of the Year in GCV terms viz. 90,50,00,00,000 kcal/annum or 20,337 TPA is more than total coal requirement booked for the Specified End Use Plant during the Auction under the particular auction of relevant sub-sector under the Tranche VIII viz. 20000 tonnes equivalent to 89,00,00,00,000 kcal/annum).

In case the energy requirement of the Bidder for a particular year after adjustment to the production from the captive coal mine for that year is say 80,00,00,00,000 kcal/annum instead of 90,50,00,00,000 kcal/annum, then there will be adjustment in the Allocated Quantity of the Year and the quantity allocated to the Bidder shall be revised from 20000 to 17977 tonnes i.e. 80,00,00,00,000 kcal divided by the GCV of G10 grade, which is 4450 kcal/kg.

(iv) In the event that the Allocated Quantity for the year pursuant to this Clause, is not as per the Transport Factor, such Allocated Quantity shall be decreased and rounded off (downwards) as per the Transport Factor. However, in case of such post bid adjustment of ACQ/Bid quantity, Transport factor will be considered as 100 TPA for both Rail and Road mode.

(v) In the event the mine opening permission is received subsequent to completion of the Auction for 'Production of Syngas Leading to Coal Gasification' Sub-Sector under Tranche VIII, the Allocated Quantity for the remaining period of the Agreement shall be computed in the manner prescribed above, based on the Scheduled Production submitted by the Successful Bidder to the coal company, as per format at Annexure XV immediately on receipt of such information from the Successful Bidder. An amendment to the Agreement shall be executed between the Successful Bidder and the coal company to this effect. Provided however, in accordance with Clause 3.3.2(e) in the event the Bidder who has been allocated captive coal mine(s) for its Specified End Use Plant(s), does not submit a self-certificate as specified in Clause 3.3.2(a) and/or doesn't provide the Production Schedule as stated in Annexure V of this Scheme Document, then there shall be no adjustment to the Allocated Quantity in accordance with this Clause 3.5.2(q) and Allocated Quantity shall be as determined under Clause 3.5.2(g) and Clause (k)

Illustration 1: The coal requirement of a Bidder's Specified End Use Plant is 1,35,000

TPA. The Bidder has an existing FSA with an ACQ of 15000 TPA in G10 equivalent. Further, a mine of G13 grade of coal has been allocated for captive consumption to the Unit, and mine opening permission has been granted by CCO on July 16, 2022. The yearly production from the Approved Mine Plan is as below:

Year-14	100000
Year-15	100000

It is seen from the Production Schedule above that the minimum production over the next 15 years is 72,740 tonnes, corresponding to production for the current year.

The Normative Coal Requirement of the Specified End Use Plant (Kcal per annum) for grade G8 is as per the table below:

Particulars	Unit		
Coal Requirement of Specified End Use Plant	TPA	(A)	1,35,000
Existing Linkage Quantity	TPA	(B)	15,000
Deemed Grade of Coal Allocated through Linkage			G10

Normative Coal Requirement of Specified End Use Plant not being met	TPA	(G=A-B-F)	61,971

pursuant to an existing linkage or mine or allocation of coal linkage pursuant to an auction process under this Scheme and/ or by SCCL			
GCV of G8 grade of coal	kcal/kg	(H)	5,050
Normative Coal Requirement (based on G8 grade)	TPA	(I=G*E/H)	54,608
Normative Coal Requirement (in GCV)	kcal	(H=(F*B)/G)	2,75,77,04,00,000

Note: existing valid bids under NRS Linkage auction will be automatically adjusted in the auction platform for calculating eligible quantity

This Bidder participates in the auction across various lots. Allocated Quantity for each lot, as per the source of the grade, is as per the table below:

Sl. No	Lot	Allocated Quantity (TPA)	Actual Grade	GCV of Actual Grade (Kcal)	Allocated Coal in GCV terms (Kcal)	Adjustment Factor
(A)	(B)	(C)	(D)	(E)	(F=C*E*1000)	(G=F/TCR Met)

SEUP – Specified End Use Plant

As may be seen from the table above, adjustment in the allotted quantity was done from Year 3, i.e. from the year where the Coal Requirement in GCV terms for the year as computed above is less than the total coal requirement in GCV terms booked for the Specified End Use Plant.

The above calculation in all illustrations is just an example and may not be taken as reference. Actual calculation shall have to be done as per the terms and provisions of this scheme document.

(a) **Verification of RFP information:**

- (i) On the Basis of the RFP information submitted, Final Verification Agency/Verification Agency shall validate the capacity details of the Successful Bidders submitted for participating in the auction process.
- (ii) In case there is any deviation in the capacity details as verified by Final Verification Agency/Verification Agency and as submitted by the Successful Bidder, the Final Verification Agency/Verification Agency shall inform the same to the relevant subsidiary which may take necessary actions regarding adjustment/any other action as deemed required as per the provisions of the scheme document and/or extant procedure.

3.6 Issuance of Letter of Intent

3.6.1 Issuance of Letter of Intent:

On behalf of concerned Coal company, the auction service provider, on completion of the auction process(wholly/partially) of the concerned subsector and upon receipt of clearance/order/advice/intimation from CIL/Coal company for issuing Letter of Intent shall issue a provisional letter of intent in the format set out in Annexure VIII (“**Provisional LOI**”) to each of the Successful Bidders in respect of inter alia the Provisional Allocated Quantity of such Bidder from subsidiary coal company pursuant to the ‘Production of syn gas leading to coal gasification’ sub-sector Tranche VIII Coal Linkage Auction. Subsequently, within 7 (seven) days of completion of the Verification Period, the service provider will issue a letter of intent in the format set out in Annexure X (“**LOI**”) to each of the Successful Bidders in respect of inter alia

the Allocated Quantity of such Successful Bidder from the relevant Subsidiary. The terms of this Scheme Document shall be deemed to be incorporated in the LOI by reference and to form a part of the LOI and the relevant Subsidiary shall be entitled to exercise all its rights and remedies as stipulated in this Scheme Document.

3.7 Execution of the Agreement

The Agreement shall be executed between the Successful Bidder and the relevant Subsidiary in respect of the Allocated Quantity (from a particular Lot) from such Subsidiary, through electronic platform of auction service provider, in the following manner:

- The Successful Bidder shall, within 90 (Ninety) days (Initial Period) of issuance of the LOI to it, submit/upload the Performance Security and documents specified in Annexure IX, and any clarification in the documentation required/asked thereof, duly authenticated, in the online platform/portal of auction service provider. The auction service provider will be responsible for verification/vetting/crosschecking of documents/details submitted by the bidder for the purpose of signing Fuel supply agreement.

In case the plant is yet to be commissioned, the FSA will be signed post bidding, however, relevant documents of such units shall be submitted within 90 days of commissioning of the same to the coal company.

- In case of non-submission of Performance Security and documents specified in Annexure IX (excluding the documents pertaining to the plants yet to be commissioned), within initial Period of 90 days by the bidder, the Successful Bidder shall get opportunity to seek additional time of another 90 days (30+30+30 days in three phases) for completing the required formalities. For availing each additional time of 30 days, the willing bidder shall be required to submit non-adjustable & non-refundable Extension Fess @ Rs. 25/ton, in RTGS/electronic mode along with request letter for providing extension of timeline (Maximum Rs. 75/ton for 90 days extension in three phases). The Extension fee deposition details and request letter for timeline extension addressed to coal company are to be uploaded in electronic platform/ portal of auction service provider.
- In case, even after extension of such timeline, the FSA could not be executed due to reason attributable to the bidder, the Bid Security of the bidder will be forfeited along with Extension Fees.
- In case of submission of Performance Security in Bank Guarantee mode, the original BG will be required to be submitted by the bidder to the Auction Service Provider prior to execution of FSA in online mode.
- In furtherance to the above, the Agreement shall be executed between the Successful Bidder and the relevant Subsidiary, through online platform of auction service provider, in respect of the Allocated Quantity (from a particular Lot) from such Subsidiary within 30 (thirty) days of receipt of performance security (verification of BG) & completion of formalities of documentation as per permissible timeline.
- At any point of time prior or after execution of FSA, the coal company may crosscheck documents submitted by the bidders, if required, and may take necessary corrective/appropriate action in case of any shortcomings/discrepancy in the documents submitted by the bidder.
- The Successful Bidder shall not be entitled to seek any deviation, modification or amendment in the Agreement, except with the prior written approval of the relevant Subsidiary. The terms of this Scheme Document shall be deemed to be incorporated in the Agreement by reference

and to form a part of the Agreement and the relevant Subsidiary shall be entitled to exercise all its rights and remedies as stipulated in this Scheme Document. In the event of any inconsistency or difference in the provisions of the Scheme Document and those of the Agreement, the provisions of the Agreement shall prevail.

- The Fuel Supply Agreement (FSA) including Siding Agreement, executed thereof, shall be effective for supply from the effective date as defined in the FSA, not later than 15.12.2031 i.e. 7 years from the MoC letter dated 16.12.2024, post signing of FSA as per declaration of the bidder, and remain valid for the entire tenure of the agreement i.e. 15 years from the signature date of FSA or life of mine, whichever is earlier and supply will be made for the residual period after commissioning of the unit. The tenure of the FSA may be further extended in accordance with government guidelines issued from time to time. Any premature exit by the Consumer/Buyer except for the reasons of exigencies/force majeure/operational issues faced by supplying coal company including change in contracted grade (barring cost plus sources)/Govt. regulation shall attract following penal provisions for the Consumer/Buyer:

- (a) Forfeiture of Earnest Money Deposit (EMD)/Bid Security (covering Performance Security) as the case may be, Extension Fees (if any) & Process fee
- (b) Debarment from participation in immediately next/subsequent tranche of linkage auction after exit from FSA.

In case the Successful Bidder fails to execute Fuel Supply Agreement (FSA) with the concerned Coal Company (Seller) post bidding, or commence coal supply as per declared timeline, as the case may be, except for the reasons of exigencies/force majeure/operational issues faced by supplying coal company including change in contracted grade (barring cost plus sources)/Govt. regulation, the following penal provisions shall be applicable for the Consumer/Buyer:

- (a) Forfeiture of Earnest Money Deposit (EMD)/Bid Security (as relevant), Extension Fess (if any) & Process fee
- (b) Debarment from participation in immediately next/subsequent tranche of linkage auction of the concerned tranche.

Note: Premature Exit/non execution of FSA or non commencement of coal supply by the Consumer/Buyer due to change in contracted grade, as mentioned above, is not applicable from Cost Plus mine. In case of such eventuality, penal provision will be applicable

- As already mentioned in clause 3.4, in case, any of the linked EUP/unit under single registration will put under debarment in relation to linkages/FSAs prior to this tranche, post participation, the concerned bidder (containing the linked EUP/unit under debarment) will also be debarred to its entirety and successful bid/FSA of the concerned bidder under this scheme will be liable for termination with consequent penal action.
- Cost plus source specific terms:
 - In case booking on the cost-plus sources & subsequent FSA by syn gas subsector bidders, as a whole, under this tranche is less than 85% of the PRC, the residual quantity will be offered in the next tranche. In case the cumulative booking quantity under NRS Linkage auction even after offering in the next tranche and total linkage quantity of the cost plus mine do not reach to the level of 85% of the PRC of the cost-

plus project, all the bid quantity and FSA of the particular source will stand cancelled/closed without any penal clauses/consequences on both the sides.

- In case, the total linkage of the respective cost plus mine and subsequent FSA will reach to 85% of Rated Capacity of the mine within the stipulated timeframe, the FSAs will become operative/effective and cost plus mine opening procedure and timeline will commence. Concerned coal company will issue necessary communication in this regard to the bidder and follow due diligence of operational and commercial formalities including obtaining RCFG amount from the concerned bidders.
- In case of cost-plus source, a Side Agreement of the FSA will also be executed with the concerned coal company from where alternative source of coal is offered (if different from the coal company of primary cost-plus source) in respect of primary cost-plus source. Such Side Agreement will be integral part of the FSA and will be binding in nature to both buyer and seller. The terms of the FSA will be applicable in case of supply of coal to the buyer from the Alternative Source.
Such side Agreement will only be executed in case the buyer provides consent for taking supply from the Alternative Source, prior to signing of FSA, for such cases where supply from cost plus source will not be sufficient to meet the linkage requirement or till the time Rated Capacity of production from the cost plus mine is achieved.
- In case of requirement of Side Agreement for such cases where Alternative Source is offered from different coal company than the coal company offering primary cost-plus source, the same shall be signed by the Successful Bidder (if supply from Alternative sources is opted with prior declaration) and the concerned coal company offering Alternative Source to the Cost-Plus source.

3.8 Tests of Responsiveness

CIL/auction service provider may at any time prior or post issuance of the Provisional LOI/ LOI, determine whether the documents, information and/ or payments in relation to the Coal Requirement, the Conditions to Auction or the Bids have been submitted or received from the Bidder in accordance with the requirements of this Scheme Document. CIL/Coal company/auction service provider reserves the right to disqualify the bidder/cancel the bid or Provisional LOI/LOI (including penal consequences) in case of finding shortcomings in documentation and/or non submission of performance security or adverse finding in bidding outcome. CIL or the relevant Subsidiary, as the case may be, reserves the right to disqualify any Bidder, cancel the Provisional LOI/ LOI, terminate the Agreement and forfeit the Bid Security, Process Fee and/ or Performance Security, as the case may be, if it is of the opinion that the information/ documents relating to the Coal Requirement, the Conditions to Auction or any other requirements for subsequent submissions have not been duly satisfied and no request for alteration, modification, substitution or withdrawal shall be considered or permitted by CIL or the relevant Subsidiary, as the case may be, in respect of the documents/ information submitted with respect to the Coal Requirement, Conditions to Auction, subsequent documents or payments with respect to the Bids. While making any determination with respect to responsiveness of any documents, information and/ or payments submitted or received from the Bidder, CIL or the relevant Subsidiary, as the case may be, may consider such parameters as it may deem relevant including considerations that the same:

- (a) are as per the prescribed formats and have been submitted or paid in the manner stipulated in this Scheme Document;

- (b) have been submitted by the Due Date including any extension thereof;
- (c) contain all the information (complete in all respects) as requested in this Scheme Document;
- (d) are not incorrect, false or misleading etc.;
- (e) do not contain any conditions or/and qualifications;
- (f) have been provided in relation to one Specified End Use Plant; and
- (g) are generally not considered to be non-responsive in terms of any other parameters as may be considered relevant by CIL.

Save and except as provided in this Scheme Document, CIL or the relevant Subsidiary, as the case may be, shall not entertain any correspondence with any Bidder in relation to disqualification of a Bidder in accordance with this Clause 3.8.

3.9 Pre-Auction Consumer Conference

- 3.9.1 Pre-Auction Consumer Conference(s) of the prospective Bidders may be convened at a time and place specified by CIL in physical/virtual mode. However, conducting the same shall be sole discretion of CIL. During the course of Pre-Auction Consumer Conference(s), the prospective Bidders will be free to seek clarifications and make suggestions for the consideration of CIL.
- 3.9.2 CIL shall endeavour to provide clarifications and such further information as it may, in its sole discretion, consider appropriate for facilitating a fair, transparent and competitive auction process. Each query should contain complete details of facts, information and Applicable Law germane to the query and also the particulars of the person posing the query. CIL reserves the right to not answer any query, including any query which is incomplete or anonymous.
- 3.9.3 CIL may also on its own motion, if deemed necessary, issue interpretations and clarifications to all prospective Bidders. All clarifications and interpretations issued by CIL shall be deemed to be part of the Scheme Document. However, any non-written clarifications and information provided by CIL, its employees or representatives in any manner whatsoever shall not in any way or manner be binding on CIL.

- (b) If a Bidder engages in a Corrupt Practice, Fraudulent Practice, Coercive Practice, Undesirable Practice or Restrictive Practice as specified in Clause 8 of this Scheme Document;
- (c) In the case of a Successful Bidder, if it fails within the time limits specified in Clause 3.7:
 - (i) to furnish the Performance Security;
 - (ii) to submit the documents specified in **Annexure XI** together with such other documents as may be requested by CIL or the relevant Subsidiary; or
 - (iii) to execute the Agreement,

in which case, the Bidder will also cease to be a Successful Bidder.

- (d) In case prospective/ Successful Bidder does not provide information as per Clause 9.6

7 Performance Security

7.1 Performance Security

- 7.1.1 The Successful Bidder, shall provide to the relevant Subsidiary(of Primary source), a Performance Security in the form of an irrevocable and unconditional guarantee from an Acceptable Bank, or in the form of a non-interest bearing security deposit, for the performance of its obligations under the Agreement within such time as specified in Clause 3.7. The amount of Performance Security shall be computed as follows:

Performance Security = {[Allocated Quantity of the Successful Bidder] multiplied by [6% of the aggregate of the Reserve Price and Winning Premium (in %) multiplied by (Reserve Price)]}.

- 7.1.2 The Performance Security shall be provided to the service provider/relevant Subsidiary, as the case may be, to the extent of the Allocated Quantity from such Subsidiary. The Performance Security, if provided in the form of a bank guarantee, shall remain valid till 3 (three) months from the date of expiry of the Agreement. The Performance Security, if provided in the form of a non-interest bearing security deposit, shall be refunded to the Successful Bidder 3 (three) months after the date of expiry of the Agreement.

Successful Bidders will have option to submit the BG (as performance security) with initial validity of atleast 5 years 3 months. The said BG should be extended/replaced (with validity not less than 5 years) to cover the remaining period of the tenure of the FSA tenure of 15 years plus 3 months. The extended/replaced BG has to be submitted by the consumer atleast 3 months prior to expiry of initial BG. In case of non-extension/non-replacement of initial BG, as required above, the instance will be considered as 'exit' from FSA and necessary penal provision including forfeiture and debarment will be applicable as per FSA/Scheme provision.

- 7.1.3 The amount of Performance Security stipulated in Clause 7.1.1 is to be kept in full throughout the tenure of the agreement and shall be suitably revised in case of change in Price in accordance with Clause 3.1.1. In case the Performance Security was provided in the form of a bank guarantee, upon such revision, the Successful Bidder may:
- (a) provide a new bank guarantee issued by any Acceptable Bank for the revised value; or
 - (b) provide an additional/ top up bank guarantee issued by any Acceptable Bank for an amount corresponding to the incremental value of the Performance Security.

Alternatively, the bank guarantee constituting the Performance Security may be suitably amended for the revised value computed as per Clause 3.11. The revised/ amended/ top up bank guarantee shall be provided within a period of 30 (thirty) days of such revision.

In case the Performance Security was provided in the form of a security deposit, upon such revision;

- (a) the Successful Bidder shall deposit additional amount towards the security deposit; or
 - (b) the relevant Subsidiary shall refund the excess value of the security deposit.
- 7.1.4 The Performance Security, if provided in the form of a bank guarantee shall be in substantially the form as provided in **Annexure XII**. The Performance Security, if provided in the form of a security deposit shall be non-interest bearing.

7.2 Forfeiture of Performance Security

The Performance Security may be forfeited by the relevant Subsidiary in the manner specified in the Agreement.

8 Fraud and Corrupt Practices

8.1 The Bidders and their respective officers, employees, agents and advisers shall observe the highest standard of ethics during the auction process and subsequent to the issue of the Provisional LOI/ LOI and during the subsistence of the Agreement. Notwithstanding anything to the contrary contained herein, or in the Provisional LOI/ LOI or the Agreement, CIL/Coal company may reject a Bid, cancel the Provisional LOI/ LOI, or terminate the Agreement, as the case may be, without being liable in any manner whatsoever to the Bidder or the Successful Bidder, as the case may be, if CIL determines that the Bidder or Successful Bidder, as the case may be, has, directly or indirectly or through an agent, engaged in Corrupt Practice, Fraudulent Practice, Coercive Practice, Undesirable Practice or Restrictive Practice in the auction process. In such an event, CIL/Coal company shall be entitled to forfeit and appropriate the Performance Security, Bid Security or Process Fee, as the case may be, as damages, without prejudice to any other right or remedy that may be available to CIL/Coal company under the Scheme Document and/ or the Agreement, or otherwise.

8.2 Without prejudice to the rights of CIL/Coal company under Clause 8.1 and under the Provisional LOI/ LOI or the Agreement, or otherwise if a Bidder or Successful Bidder, as the case may be, is found to have directly or indirectly or through an agent, engaged or indulged in any Corrupt Practice, Fraudulent Practice, Coercive Practice, Undesirable Practice or Restrictive Practice during the auction process, or after the issuance of the Provisional LOI/ LOI or the execution of the Agreement, such Bidder or Successful Bidder shall be disqualified from participating in the Tranche VIII Coal Linkage Auction and the subsequent tranche of auction for the non-regulated sector conducted by CIL or any specific tenure as may be specified in the Scheme/FSA document, as the case may be.

8.3 For the purposes of this Clause 8, the following terms shall have the meaning hereinafter respectively assigned to them:

(a) “**Corrupt Practice**” means (i) the offering, giving, receiving, or soliciting, directly or indirectly, of anything of value to influence the actions of any Person connected with the auction process (for avoidance of doubt, offering of employment to or employing or engaging in any manner whatsoever, directly or indirectly, any official of CIL who is or has been associated in any manner, directly or indirectly, with the auction process or the Provisional LOI/ LOI or has dealt with matters concerning the Agreement or arising therefrom, before or after the execution thereof, at any time prior to the expiry of 1 (one) year from the date such official resigns or retires from or otherwise ceases to be in the service of CIL, shall be deemed to constitute influencing the actions of a Person connected with the auction process); or (ii) save and except as permitted under this Scheme Document, engaging in any manner whatsoever, whether during the auction process or after the issue of the Provisional LOI/ LOI or after the execution of the Agreement, as the case may be, any Person in respect of any matter relating to the auction process or the Provisional LOI/ LOI or the Agreement, who at any time has been or is a legal, financial or technical adviser of CIL in relation to any matter concerning the auction process;

(b) “**Fraudulent Practice**” means a misrepresentation or omission of facts or suppression of

facts or disclosure of incomplete facts, in order to influence the auction process;

- (c) “**Coercive Practice**” means impairing or harming, or threatening to impair or harm, directly or indirectly, any person or property to influence any Person’s participation or action in the auction process;
- (d) “**Undesirable Practice**” means (i) establishing contact with any Person connected with or employed or engaged by CIL with the objective of canvassing, lobbying or in any manner influencing or attempting to influence the auction process; (ii) having a conflict of interest; or (iii) violating of any Applicable Law; non-compliance of the provisions of Scheme/FSA documents and
- (e) “**Restrictive Practice**” means forming a cartel or arriving at any understanding or arrangement among Bidders with the objective of restricting or manipulating a full and fair competition in the auction process.

9 Other Provisions

- 9.1 The auction process shall be governed by, and construed in accordance with, the laws of India and any dispute arising out of or in connection with this Scheme Document shall be subject to the exclusive jurisdiction of the courts in Kolkata, India.
- 9.2 CIL, in its sole discretion and without incurring any obligation or liability, reserves the right, at any time, to:
 - (a) suspend and/ or cancel the auction process with respect to Coal Linkages from one or more Lots and/ or amend and/ or supplement the auction process or modify the dates or other terms and conditions relating thereto;
 - (b) consult with any Bidder in order to receive clarification or further information;
 - (c) retain any information and/ or evidence submitted to CIL by, on behalf of, and/ or in relation to any Bidder; and/ or
 - (d) independently verify, disqualify, reject and/ or accept any and all submissions or other information and/ or evidence submitted by or on behalf of any Bidder, including the self-certificate submitted in accordance with Clause 3.3.
- 9.3 It shall be deemed that by submitting the Bid, the Bidder agrees and releases CIL, its employees, subsidiaries, agents and advisers, irrevocably, unconditionally, fully and finally from any and all liability for claims, losses, damages, costs, expenses or liabilities in any way related to or arising from the exercise of any rights and/ or performance of any obligations hereunder, pursuant hereto and/ or in connection with the auction process and waives, to the fullest extent permitted by Applicable Laws, any and all rights and/ or claims it may have in this respect, whether actual or contingent, whether present or in future.
- 9.4 **Proprietary data**

All documents and other information supplied by a Bidder to CIL shall remain or become the

property of CIL. It will not return any Bid or any information provided by the Bidder.

9.5 Swapping/Rationalization

Notwithstanding anything above, the linkage/FSA secured/entered by a Successful Bidder may be considered for swapping/rationalization in line with Government policy/methodology formulated for effecting the same.

9.6 Outcome of IBC proceedings to be shared

Prospective/ Successful Bidders shall be required to inform CIL about any pending proceedings/ outcome of if any, against the Bidder under the Insolvency and Bankruptcy Code, 2016 (“**IBC**”) (as amended from time to time), through relevant Board resolutions/ intimation by Company Secretary/ self-declaration by proprietors/ partners (in case of proprietorship or partnership firm respectively). In case of non-intimation about referral/ commencement of IBC proceedings before the National Company Law Tribunal (“**NCLT**”) or Debt Recovery Tribunal (“**DRT**”), as the case may be, by the Bidder prior to participation in the auction process or execution of the Agreement, and such lapse comes to the notice of CIL, the Bid Security submitted by the Bidder shall be forfeited. The Agreement shall be executed only if the matter is resolved in favour of the Bidder by the NCLT/ DRT, as the case may be, subject to Clause 9.7 of this document.

9.7 Modalities for banning/blacklisting of NRS consumers for misutilization/ misdirection of coal:

The detailed guidelines in this regard is enclosed as Annexure IV of this Scheme Document and shall be binding to both the parties.

9.8 Tenure of Fuel Supply Agreement (FSA):

On being successful in the auction, the successful bidder shall have to fulfil all commercial and documentation formalities as per extant provision/terms of Scheme and FSA document to the satisfaction of the Seller for execution of Fuel Supply Agreement of 15(fifteen) years tenure from the signature date or life of the mine/source, whichever is earlier. The tenure of the FSA may be further extended in accordance with government guidelines issued from time to time.

In case any consumer establishes Captive mode of transport (MGR, Belt, Pipe Conveyor, Rope), such supply through captive mode shall attract facilitation charge of 10% over the Price applicable for coal supply. The coal company shall determine the fulfilment of eligibility criteria regarding captive mode of transport as mentioned above, prior to such extension of tenure of FSA.

The bidder will be allowed to commence coal supply not later than 15.12.2031 (7 years from MoC letter dated 16.12.2024), post signing of FSA, for any reason including establishment/commissioning of End use Plant/units, as per declaration of the period (mentioning Date/Month & Year) of commencement of coal supply/lifting from Primary and/or Alternative Source, as the case may be, in accordance with Annexure XIV. The coal supply will commence in accordance with the declaration schedule submitted by the bidder irrespective of actual commissioning of the End use unit(s). In no case, the bidder will be allowed to start coal lifting before completion of declared time period as mentioned in their declaration in Annexure XIV or later for any reason including preponement or delay in commissioning of the unit(s). The provisions regarding level of lifting/level of delivery shall kick in from the declared date for commencement of coal supply as per Annexure XIV.

Supply of coal under FSA (within or beyond ACQ), as the case may be, shall be done as per provisions of Fuel Supply Agreement. The facility for change of mode from Rail to Road and Road to Rail shall also be available under FSA under the applicable modalities.

Note: For cost plus sources: The tenure of FSA for cost Plus sources is guided by provisions in Schedule-2 of this document. Cost plus mine/source specific parameters for are to be notified as Schedule 2A.

9.9 **Procedure for execution of Agreement:**

On submission of required documentation and performance security in electronic/digital mode, the Auction Service Provider will examine the documents and verify receipt of Performance Security. In case of any clarification/discrepancy, the Auction Service Provider/CIL may seek necessary clarification/documentation from the bidder. On found satisfactory, the Fuel supply agreement (FSA) will be prepared in the digital/electronic platform. The duly filled up draft FSA will be made available by Auction Service Provider to the Bidder for signing the FSA document using digital signature/signature of authorized representative. The signed (of bidder) FSA document will then be signed by concerned Coal Company through digital/electronic mode using their digital signature/signature of authorized representative. The completion date of signing of both Seller and Buyer will be considered as FSA execution date for the purpose of operational and commercial purpose. The FSA document executed by both the parties will be available in the portal of Auction Service Provider for further use. In case of any post execution correction/amendment is required in the FSA document, the same may be done by coal company and the bidder in coordination with Auction Service Provider.

In case of cost-plus source, a Side Agreement of the FSA will also be executed with the concerned coal company from where alternative source of coal is offered (if different from the coal company of primary cost-plus source) in respect of primary cost-plus source. Such Side Agreement will be integral part of the FSA and will be binding in nature to both buyer and seller. The terms of the FSA will be applicable in case of supply of coal to the buyer from the Alternative Source.

Such side Agreement will only be executed in case the buyer provides consent for taking supply from the Alternative Source as per Annexure XIV, prior to signing of FSA, for such cases where supply from cost plus source will not be sufficient to meet the linkage requirement or till the time Rated Capacity of production from the cost plus mine is achieved.

Post execution of agreement, the Auction Service Provider will transfer the original documents, if any, and/or applicable amount pertaining to each bidder to the concerned coal company of Primary Source.

- 9.10 **Electronic Bank Guarantee(e-BG):** In case of requirement of submission of Bank Guarantee for different purposes mentioned in the Scheme/FSA document, the bidder may use the additional facility of e-Bank Guarantee(e-BG) in terms of the SOP and other guidelines notified/updated time to time by CIL/Coal companies.

Schedule-2 - Modalities for Cost Plus sources

1. The floor/Reserve Price/supply price of cost plus sources:

The floor/Reserve Price/supply price of cost-plus sources shall be fixed by concerned coal company considering using applicable indexation mechanism for the concerned cost plus mine. The base/floor price of coal from the cost plus mine has to be fixed in such a way that post completion of 15 years FSA tenure of syn gas plants, the mine can be continued as a Notified/mine specific/regular Mine for rest of the life of the mine.

The Base/applicable price for cost plus mine shall be worked out by WCL/concerned coal company and shall be notified at periodic intervals considering the indexation mechanism mentioned in the offer notification and cost-plus FSAs. The GCV mentioned against the sources of the cost-plus offer/notification shall be considered for calculation purpose.

2. Offer modalities of Cost-Plus source & bid validity:

The quantum of offer from cost plus source (to be opened) will be to the tune of its Peak Rated Capacity (PRC) of yearly production. In case booking on the cost-plus sources by the syn gas subsector, as a whole, under this tranche is less than 85% of the PRC, the residual quantity will be offered in the next tranche.

In case the cumulative booking quantity under NRS Linkage auction even after offering in the next tranche and total linkage quantity do not reach to the level of 85% of the PRC of the cost-plus project, all the bid quantity/FSA quantity on the particular source will stand cancelled without any penal clauses on both the sides.

In case the booked quantity and subsequent FSA quantity reaches to the level of 85% of PRC either in the instant tranche or in the next tranche, the following mechanism will be adopted:

- Since the production of cost plus mine (after opening) reaches to its peak of production in gradual manner, till such time it reaches to its PRC/RC or is sufficient to cater the linkage requirement, there will be flexibility to supply the residual requirement of coal of the concerned EUP against the linkage quantity from Alternative Source of same or other coal company, as per available grade.
- Availing the facility for procuring coal from Alternative Source will be optional to the bidder. At the time of signing of FSA, the bidder shall have to declare their willingness to avail such facility and in case of non availing such option, penalty/compensation will not be applicable to the bidder and also to the coal company for non-supply of the concerned quantity of coal. However, once the option is availed as per initial declaration, non-lifting of coal from Alternative Source (as required) shall attract short lifting penalty/compensation as per FSA document.

The year-wise tentative supply plan from the Cost Plus mine shall also be required to be declared by coal company against each cost-plus FSA/successful bid, prior to signing of FSA in the following format, which will be required for supply/lifting schedule fixation from Primary/Alternative Source:

<u>Year</u>	<u>Yr. 1(FSA signing year)</u>	<u>Yr. 2</u>	<u>Yr. 3</u>	<u>...</u>	<u>...</u>	<u>...</u>	<u>...</u>		
<u>Planned supply from Cost Plus source (tes)</u>									

However, the schedule of production plan may be finalized on the basis of lifting commencement plan/declaration given by the bidder after becoming successful in auction and other operational factors. As such, the actual production of the cost plus mine may vary from the planned production schedule (maximum by 2 years, pursuant to signing of FSA and in such case(s), supply will be made from Alternative Source to fulfil the requirement of the FSA holder till such time the production from Cost Plus mine will become sufficient to cater linkage requirement or rated capacity of production from the cost plus mine is achieved, as the case may be. In such case, deviation (**maximum by 2 years**) from supply commitment from cost plus mine with respect to planned supply/production schedule & schedule of lifting provided by the bidder, shall not attract any penal consequence on the Seller (coal company).

In case supply from cost plus source will not be sufficient to meet the linkage requirement [as per planned production/supply schedule or deviation (for maximum 2 years) from the same due to any operational reason], the willing Purchaser shall be supplied coal from Alternative Source (may be of different coal company) through a Side Agreement of this FSA (as per **Annexure XI of model FSA**), signed between the concerned coal company of Alternative Source (if different) and the Purchaser. Such Side Agreement is integral part of the FSA and will be binding in nature to both Buyer and Seller (i.e. coal company of Primary Cost-plus source & coal company of Alternative Source, as the case may be). The general terms of supply from Cost Plus source/Alternative source will be guided by the terms of this FSA & Side Agreement, as the case may be.

3. Secondary Source and Alternative Source:

Secondary Source-The Secondary Source(s) of cost-plus primary source, if any, shall be mentioned in the offer notification. For supply of coal from Secondary source, Per GCV price of secondary source (at midpoint of the secondary source grade) should be at least equal to per GCV price of Primary cost-plus source (at midpoint of the primary source grade).

Alternative Source -Offer of cost plus mine will be made along with Alternative Source (from same or different coal company and same or different grade) to bridge the possible time gap between the operationalization of the EUPs and cost plus mine reaching to the capacity to cater full linkage quantity. In case of supply from Alternative Source, the quantum of supply may be adjusted as per cumulative GCV value of original bid from cost plus Primary source.

In case coal company of Alternative Source is different from coal company of Primary Cost-Plus source, supply from Alternative source shall be subject to execution of Side Agreement pursuant to availing such option of supply from Alternative Source by the successful bidder as per declaration in Annexure XIV.

4. Bidding mechanism:

The bidding in cost plus source shall start at the above-mentioned Floor price. From the final bid price, the percentage premium shall be calculated over the Floor price which (%) will remain constant over the contract period. The % premium shall be applicable over and above the price notified by concerned coal company time to time of the concerned cost-plus source.

5. Tenure of FSA:

The tenure of the FSA shall be 15 years or life of cost plus mine, whichever is earlier. The tenure of the FSA may be further extended in accordance with government guidelines issued from time to time. The residual life of each cost plus mine (in years) shall be mentioned in the offer notification or will be notified separately in case life of mine less than 15 years.

In case any consumer establishes Captive mode of transport (MGR, Belt, Pipe Conveyor, Rope), such supply through captive mode shall attract facilitation charge of 10% over the Price applicable for coal supply.

6. Risk Coverage Financial Guarantee:

- a. For the purpose of execution of FSA, Purchaser/bidder shall furnish Risk Coverage Financial Guarantee (RCFG). The RCFG amount will be lower of:

- (a) the estimated initial capital invested in the immovable assets of the proposed cost-plus mine,
(or)
(b) the difference between estimated initial capital investment of the proposed cost-plus mine at cost-plus price and estimated capital investment required/desired to achieve a 12% pre-tax IRR at 85% capacity utilization at notified sale price of coal (reverse calculation).

The risk coverage may necessarily cover such eventuality that in case of premature exit/termination of cost-plus FSA, the guarantee can be forfeited and mine can run as notified price mine for rest of the mine-life.

In other words, RCFG amount should cover the eventuality that in case a Bidder/Linkage holder will exit from Cost Plus arrangement/agreement in between or expiry of 15 Years FSA, upon forfeiture of the same the mine could run at notified price for rest of the life of the mine and would provide 12% IRR @ 85% capacity utilization as derived and depicted in the Project Report by CMPDIL, Ranchi.

The detailed calculation of RCFG shall be made/developed/worked out by the concerned Coal company in coordination with CMPDIL.

- b. The bidder shall have the following option for paying of Risk Coverage Financial Guarantee:
- Entirely in Bank-Guarantee (BG) mode.
 - Minimum 50% in BG. Plus, rest of the amount (maximum up to 50% of RCFG) through alternate financial instrument like any AAA (highest rated) Bonds/securities purchased in the name of Bidder and Pledged with and hold by concerned coal company. However, Insurance Surety bonds will not be accepted for this purpose.
 - In case of down-gradation of rating of such bonds/securities post submission, within one month of such down-gradation, it will be responsibility of the bidder to replace the earlier bond/security with any other AAA (highest rated) bond/security.
 - The coal company shall undertake periodic review in case RCBG is given through Bonds/Securities for maintaining required amount of risk coverage financial guarantee. In case the bidder fails to replace/replenish the same within time limit, the coal company may consider it as default in compliance by the bidder and may liquidate the financial instrument at market rate with due notification to the bidder.
 - The concerned Coal Company will monitor such RCFG, so that in case rating is degraded, the Bidder will be notified for replacement of the RCFG with any other AAA rated (highest rated) Bond/security within a month, else the said Bond/Security will be liquidated with due notification to the Bidder.
 - Financial Guarantee/Risk coverage of BG may be obtained from the Bidders in a phased manner (year-wise advance) in tandem with projected/planned investments to be made by the Coal Company and shall be applicable for release of the same also in a year-wise tapered manner, subsequent to reaching Rated Capacity (RC), in line with the proportion of return of investment of fixed cost. It is clarified that for the purpose of phase-wise year-wise return of RCFG amount by Coal Company the proportion of recovery of capital investment for immovable asset shall be considered as- 'proportion of return of investment of fixed cost'.
 - The methodology for operationalization of the above to be worked out by WCL/concerned Coal Company, in coordination with CMPDIL, followed by issuance of due notification.

c. Invocation/ Forfeiture of RCFG

The Risk Coverage Financial Guarantee of the bidder can be forfeited by the Seller in case of termination/closure of FSA due to the reasons attributable to the Purchaser and/or as per terms and conditions mentioned in the bid documents and notification by concerned coal company/CIL.

Note: The Bank Guarantee Format for Financial Guarantee Against Risk shall be uploaded by concerned coal company

7. Performance Security:

The performance security shall be 6% of the bid price of cost-plus source. In case of upward revision of price (as per subsequent notification of concerned coal company), the additional performance security (covering 6% of ACQ) shall have to be deposited by the bidder to coal company within 30 days of such revision. The Performance Security amount must be submitted by the bidder either in Bank Guarantee or in RTGS/electronic mode.

Higher of the risk coverage financial guarantee and value of 6% of ACQ (performance security) may only be obtained from the successful bidder in respect of cost-plus linkage. However, in case of risk coverage guarantee is obtained from the bidder in phased manner, post commencement of mine operation after reaching cumulative linkage @85% of RC, the coal company must have coverage of 6% of ACQ value (performance security amount) throughout the effective tenure of FSA. In case risk coverage guarantee amount is more than 6% of ACQ, the rest of the required coverage amount to be taken from the bidder in phases.

In no case, the security coverage/performance security amount available with coal company must not go below 6% of ACQ at any point of time all throughout the effective tenure of FSA.

8. As Delivered Price of Coal:

The Successful Bidder shall be required to make periodic payments for the coal supplied under the Agreement of cost-plus source [Primary or Secondary, as the case may be,] on the basis of the following formula:

[(aggregate of the Floor/Indexed Price based on cost plus source specific price notified by concerned coal company and (the Winning Premium (%) multiplied by the Floor/Indexed Price) multiplied by (the Allocated Quantity supplied under the Agreement)].

Other Charges shall remain applicable as in vogue.

9. Change of mode:

In case of change of mode of supply in Cost plus source from Rail to Road, the supply shall be made from the temporary Road source without any additional premium. The per GCV price of the temporary Road source (at the midpoint of GCV band) shall be at least the per GCV price of the Primary Rail cost plus source.

The Change of mode facility for Rail to Road and Road to Rail, as the case may be, to be exercised as per the provisions of Fuel Supply Agreement.

10. Operational points:

Concerned coal company may also mention/notify their operational/commercial points (including Security Deposit applicable for Cost plus sources) or any other terms in relation to the offer of coal from cost plus projects under this subsector. Such operational points will be also be applicable for bidding process and during FSA tenure and will be considered as part of Scheme/FSA document.

The specific provisions of this document and Model FSA document shall be applicable for cost plus sources offered under this auction.

Schedule 2A (Specific parameter/terms. To be notified for each cost plus mine under offer)

Specific parameters/terms for offering coal from Borda UG cost plus mine of WCL:

1. Specific definitions:

- a) **“Actual Commissioning” (AC)** Borda UG (Cost Plus) (March 2024) (3.06 MTY) is said to have achieved Actual Commissioning when it has achieved a cumulative production of 85% of the Annual Rated Capacity of 2.601 MTY during a 12 continuous months period.
- b) **“Base Price”** The Base Price of coal fixed for 15-year term with a condition that mine can be continued as Mine specific for rest of life of mine shall be Rs 3335.01/T.

Note:

- *As the approved PR was prepared in March 2024, the economics of the PR shall be updated. As such, the revised Base Price as per the updated PR shall be considered.*
- *For Cost Plus Sources Periodic intervals for price notification may be bi-annual.*

- c) **“Detailed Project Report” (DPR) or “Project Report” (PR)** means the Project Report for Borda UG (Cost Plus) (2.601 MTY) which contains all the relevant information, including number of mine entries, manpower planning, estimated productivity levels, method of working, suggested capital equipment to be procured, surface installations outlining the handling arrangements at the Pit head, workshops and any other amenities etc.

2. **Tenure of FSA:** 15 years or life of cost plus mine, whichever is earlier. The tenure of the FSA may be further extended in accordance with government guidelines issued from time to time.

3. **Base/Floor Price:** The Base Price of coal fixed for 15-year term with a condition that mine can be continued as Mine specific for rest of life of mine shall be **Rs 3335.01/T**.

Note: As the approved PR was prepared in March 2024, the economics of the PR shall be updated. As such, the revised Base Price as per the updated PR shall be considered.

4. **Risk Coverage Financial Guarantee:** Rs 1043.44 Cr (equivalent to the value of immovable assets) for the total yearly quantum against point (a) above

- **Phase wise distribution** for the total yearly quantum @85% RC of Borda UG mine:

Year	1	2	3	4	5	6	7	8	Total
RCFG proportion in Cr	36.84	39.15	181.25	282.66	275.57	125.07	72.98	29.91	1043.43
Cumulative RCFG		75.99	257.24	539.9	815.47	940.54	1013.52	1043.43	

- When there are more than one Purchaser of coal from a Cost Plus mine, the RCFG to be furnished by the Purchaser shall be equivalent to the investment as attributable to the Purchaser, which is to be calculated in accordance with the Contracted Quantity of the Purchaser as per the agreement as a percentage of total Contracted Quantity for all the Purchasers taken together.

For signing the FSA, the total value of the Risk Coverage Financial Guarantee shall be equivalent to the value of immovable assets of the concerned Annual Contracted Quantity (ACQ)(proportionate) in respect of total RCFG amount required for opening the mine.

The concerned RCFG amount (projected for any financial year) to be furnished by the bidder atleast 2 months prior to commencement of concerned Fiscal. Coal company will issue notification in this regard.

- The amount of RCFG shall be tapered-off/released every year from the year

subsequent to reaching Rated Capacity (RC), in line with the proportion of return of investment of fixed cost. It is clarified that for the purpose of phase-wise year-wise return of RCFG amount by Coal Company the proportion of recovery of capital investment for immovable asset shall be considered as- 'proportion of return of investment of Fixed Cost'.

- The cumulative value of the RCFG shall in no case be less than the total value of the immovable assets invested till that Financial Year plus the investment planned for the concerned Financial Year. (Where RCFG is being furnished in phased manner)
- In any case, the value of RCFG BG shall not be less than the value of Performance Security/Security Deposit, i.e., 6% of the Sale Value of the Annual Contracted Quantity (Where RCFG is being furnished in phased manner), at any point of time throughout the tenure of FSA.
- Performance Security/Security Deposit/RCFG shall be non-interest bearing.
- The Base Price shall be subject to revision bi-annually i.e., 1st of January and 1st of July every year, with an Index based formula same as in the case of Power Sector

5. Indexation formula: -

[Part of price related to wages * (CURRENT AICPI) * (1+B) * (1+B1) / (BASE AICPI)] + [Part of price related to admin overhead other than wages * (CURRENT AICPI) / (BASE AICPI)] + [Power tariff * (CURRENT Power Tariff) / (BASE Power Tariff)] + [Part of price related to stores-POL * (CURRENT WPI - HSD) / (BASE WPI - HSD)] + [Part of price related to capital (WPI for heavy machinery & parts) * (CURRENT WPI-Machinery & Machine Tools) / (BASE WPI-Machinery & Machine Tools)] + [Hiring cost * (Actual awarded rate for Escalation Period) / (HOE Rate Considered in PR)] + [Part of price related to other cost elements not included in any other head-stores other than POL, EMP, Misc Exp., W/c interest etc. * (CURRENT WPI-All Commodities) / (Base WPI - All Commodities)]

Where:

B	refers to minimum guaranteed benefit (MGB) under NCWA-XI & BI-MGB under NCWA XII and so on
AICPI	refers to All India Consumer Price Index of the current review month
HSD	refers to High Speed Diesel
WPI	refers to Wholesale Price Index
HOE	refers to Hiring of Equipment

6. Year-wise production Schedule:

As per approved PR for Borda UG tentative Weighted Average Grade/GCV – G-8/4943 kcal/kg & the tentative production programme as per approved PR for Borda UG is as under;

Year	1-3	4	5	6-27	28	29-31	32
Production (MT)	NIL	1.00	2.20	3.06	2.63	2.04	0.38

Note-

- Year 1 shall start from completion of signing of Cost-Plus Agreement for a cumulative minimum Annual Contracted Quantity (ACQ) i.e. 85% of Rated Capacity of the project.
 - In case of signing of multiple agreements, Year 1 shall start from the date of signing of last Cost-Plus Agreement. Coal company will issue notification to the bidders in this regard.
 - The production programme may vary subject to issuance of Statutory Clearances like, Forestry Clearance, Environmental Clearance, Possession of Land, etc.
7. **Other terms:** In case booking on the cost-plus sources by the syn gas subsector, as a whole, under this tranche is less than 85% of the PRC, the residual quantity will be offered in the next tranche of NRS Linkage auction.

In case the cumulative booking quantity and subsequent FSA quantity do not reach to the level of 85% of the PRC of the cost-plus project even after offering in the next tranche, all the bid quantity/FSA quantity on the particular source will stand cancelled without any penal clauses on both the sides

Annexure IV – Modalities for banning/blacklisting of NRS consumers for misutilization/misdirection of coal

- A. Major circumstances of Banning/Blacklisting for misutilization/misdirection of coal:**
- Communication from Statutory authorities like CBI, Police, Court of law etc. containing allegations/finding/ establishing charge(s) of misutilization of coal against any non-power unit and/ or its director/management.
 - Finding of the instance of misutilization of coal internally by the coal company.
- B. Detailed Operative Guideline regarding period of suspension/banning covering the aspects of supply of coal under FSA and participation in linkage auction:**
- 1. Complain regarding misutilization of coal received from statutory authorities/ CBI/ Investigating agencies:**
- i. Supply of coal under Fuel Supply Agreement:**
- a. Upon receipt of any adverse report/ order, coal supply and further transaction under Fuel Supply Agreement will be stopped for concerned non-power unit immediately.
 - b. If charge sheet is not filed before relevant adjudicating forum within 6 months of such suspension, the supply/transaction will be resumed with the rider that suspension may be re-imposed on filing of charge sheet at any point of time, under intimation to the concerned authority. In case charge sheet is issued subsequently, supply/transaction will again be suspended.
 - c. If the charge sheet is filed within six months of such suspension, the suspension of supply and transaction will continue.
 - d. In case charge sheet is filed, suspension will be re-imposed and supply of coal will only be restored as per terms of FSA only on acquittal/clearance or an order to that effect by the investigating agency or Court.
 - e. In case a unit or its director is found guilty/convicted, suspension will continue for a period of 5 years, effective from the date of commencement of last suspension or the completion of penalty, whichever is earlier.
 - f. Since any conviction amounts to material breach of the agreement, the EMD/Security deposit, as it may, in such cases shall stand forfeited.
- ii. Participation under NRS Linkage auction:**
- a. On receipt of communication from statutory authority, the consumer put under suspension will be eligible to participate in the NRS Linkage auction till charge sheet is filed. However, in case the charge sheet is filed, the unit will not be eligible to participate in any auction and/ or to sign the FSA till his acquittal/clearance.
 - b. In case charge sheet is not issued within 6 months of completion of auction of the relevant subsector (where the unit has participated) FSA shall be signed and supply shall be commenced. However, such supply shall be guided by the procedure mentioned at 1(i) above.
 - c. In case charge sheet is issued within 6 months of completion of auction of the relevant subsector (where the unit has participated), the bid shall not be converted to FSA and relevant bid security shall be forfeited.
 - d. If found guilty/convicted, banning for participation will continue for a period of 5 years effective from date of commencement of last suspension/ date of conviction, whichever is earlier.
- 2. Misutilization of coal as per findings of coal company:**
- i. Supply of coal under Fuel Supply Agreement:**
- a. On finding the evidence/proof of diversion of coal or discrepancy in the coal stock (5% or more) against coal procured under any of present FSA, will be sufficient reason to put concerned NRS linkage holding unit under suspension.
 - b. On scrutiny within 3 months from the date of primary suspension, if misutilization is not proved, the coal supply shall be resumed.

- c. In case misutilization of coal under any present or past FSA is proved at any point of time, supplies to the unit will be suspended for 5 years. In such case, all running FSA/LOI will be terminated as per provision of Scheme/FSA/guideline by treating it as gross material breach of the intent for which agreement(s) was/ were entered into with consequent forfeiture of EMD/ SD, as it be.

ii. Participation under NRS Linkage auction:

- a. On finding the evidence/proof of diversion of coal or discrepancy in the coal stock (5% or more) against coal procured under any of present FSA, participation in linkage auction of the unit shall not be restricted. However, signing of FSA shall be put on hold for the time being.
- b. In case misutilization is not proved within 3 months from the date of primary finding by Coal Company, FSA shall be signed. Supply shall be guided by the above-mentioned methodology as at 1(i) above.
- c. In case misutilization of coal under any present or past FSA is proved at any point of time, participation under NRS Linkage auction shall be suspended for maximum period of 5 years from the date of communication of such order to this effect.

C. **Show Cause Notice:** All the above cases where coal supplies are to be suspended & signing of FSA withheld or FSA is contemplated to be terminated, a prior Show-Cause notice shall be issued to the concerned party.

D. **Change of Plant ownership:** In the event of transfer of end use plant/takeover of a company/change of management/change of name etc. (including but not limited to NCLT and other Governmental proceedings) during the period of debarment, the new owner shall remain debarred for the remaining period of suspension of 5 years.

E. **Undertaking by Unit:** All the bidders/ FSA holders shall submit an undertaking in the form of an affidavit sworn before appropriate authority about factual status of investigations, if any and its current status against them by investigating agency or Court of law, regularly once a year.

F. Treatment of cases against which misutilization of coal was reported earlier and action already taken by coal companies-

The above provisions will also apply to all the units uniformly, including those suspended earlier, and based on certain reference/ findings of Coal Company / statutory authority. In case the stipulated period of suspension/ banning, as it may, has already exceeded five years, the status of such units shall stand restored automatically, in line with aforesaid recommendations. Coal company shall make necessary intimation/communication to all concerned including Linkage Auction service provider regarding invoking and revoking banning/suspension for supply/participation on any unit/consumer, as deemed required

Annexure V - Technical Details with respect to electronic auction

1. Registration Methodology

In order to participate in the auction of Coal Linkages, a Bidder would be required to register its Specified End Use Plant(s) with the e-auction website of MJUNCTION SERVICES LIMITED Limited (“**MJUNCTION SERVICES LIMITED**”). For this, the Bidder should visit the website of MJUNCTION SERVICES LIMITED namely

<https://auction.coaljunction.com/CoalWeb/getLinkageSignUpAction.do>

and click on the button “**Registration**”.

Registration modalities:

- Units/Plants/EUPs of specific subsector of a single owner/company in same and/or geographically different location under same PAN are allowed to register in single bidder ID.
Bidders already registered for the coal linkage auctions of either CIL and/ or SCCL, may also continue their existing registration details for the concerned Specified End Use Plant.
- Participation in the linkage auction by the bidder will be allowed for the cumulative eligible normative requirement of the linked EUPs/units (subject to deduction of existing linkages).
- In case any EUP/unit is debarred due to debarment of any bidder ID, the same EUP is not allowed to register itself along with other EUPs under single registration. Participation in linkage auction will not be permitted for the concerned EUP/Bidder. In case of inclusion of such debarred EUP in the registration, all the successful bid(s) obtained under this registration will be liable for termination with consequent penal action.
- In case, any of the linked EUP/unit under single registration will put under debarment in relation to linkages/FSAs prior to this tranche, then post participation in this tranche, the concerned bidder (containing the linked EUP/unit under debarment as one of the linked EUPs) will also be debarred to its entirety and successful bid/FSA of the concerned bidder under this scheme will be liable for termination with consequent penal action.
- The interested bidders are required to seek registration on the Electronic Platform for bidding purposes against payment of a non-refundable registration fee of Rs. 10,000 (Indian Rupees Ten Thousand) plus applicable taxes.
- Bidders already registered for the coal linkage auctions in the portal of present auction service provider may use the same registration for the same Specified End Use Plant and may not register again.
- In case any bidder is not registered in the portal of present auction service provider but having bidder ID of earlier auction service provider & existing linkage, they must register their EUP in the portal of present auction service provider mentioning registration details of earlier auction service provider. Such re-registration will not attract any further registration fee.
- However, in case bidder wants to bring their EUPs of the specific subsector (necessarily under same PAN) located at geographically different location or under different bidder IDs under single registration (as mentioned in point (a) above), the bidder will be required to mention existing registration/ID/linkage & other relevant details while registering their EUPs under single bidder ID. In such case, registration fee will be applicable and registration number will be given afresh by the service provider. The existing registration/related details will be mapped with this new bidder ID. The earlier bidder IDs will be deactivated post completion of this new registration process.
- The RFP information of each linked EUP including plant capacity are to be submitted by the bidder.
- The Bidder registration on the Electronic Platform shall be linked to Specified End Use Plant under same PAN and each Specified End Use Plant may be registered only once on the Electronic Platform

- Participation will be allowed for cumulative eligible normative quantity of the linked EUPs/units under same registration.
- Once the units/EUPs are combined and registered under single bidder ID, the registered EUPs cannot be split subsequently
- Self-attested copy of PAN & Self-attested copy of GSTIN of the bidder will be required to be submitted to auction service provider for registration process. In case of a proprietorship firm, proprietor's personal PAN card is required. In case of partnership firm, PAN of the firm and that of the authorized partner to be submitted.

On the next page, the Bidder shall click on the link “Register as Bidder” and an online Registration Form will appear on the screen and the Bidder would be required to fill up the same. During this process, Bidder would be required to create its “user id” and “password” and keep note of the same. Bidder should ensure that the secrecy of its userid and password is maintained at all time and Bidder shall alone be responsible for any misuse of the user id and password. Bidder may also refer to the “Bidder’s Guide” available online in the above-mentioned website for assistance. The Bidder shall ensure that the entries made while filling up the Form are correct including the name of the Specified End Use Plant and should select the correct sub-sector name from the dropdown menu.

The Bidder registration on the Electronic Platform shall be linked to Specified End Use Plant(s) and each Specified End Use Plant may be registered only once on the Electronic Platform. However, once the units/EUP(s) are combined and registered under single Bidder Id, they cannot be split subsequently.

Bidder should read carefully the **GENERAL TERMS & CONDITIONS OF e- AUCTION** and **BIDDER SPECIFIC TERMS & CONDITIONS (BSTC)** before submitting the Registration Form.

On successful submission of the online registration Form, Bidder shall receive a confirmation e-mail at the registered email address advising the Bidder to submit the following documents:

1. Self-attested Income Tax PAN Card. In case of a registered Company or Firm, the Firm's PAN card and in case of a proprietorship firm, proprietor's personal PAN card is required. In case of partnership firm, PAN of the firm and that of the authorized partner are to be submitted.
2. Self-attested GSTIN Registration certificates of the linked EUP(s).
3. Copy of the confirmation email Letter received from MJUNCTION SERVICES LIMITED after successful completion of on-line registration and containing buyer registration details of the Bidder.
4. A non-refundable registration fee of Rs 10,000/- plus applicable GST to be paid by NEFT to the following bank account through Payment Gateway available in the portal after registration for buyers.

The Bidder shall have to submit all the above documents along with the details of the

payment made towards Registration Fee like UTR No, remitting bank name, date of payment and amount to MJUNCTION SERVICES LIMITED for verification and activation of their login ids. The Bidder should send scanned copies of the above documents to the designated email id only which is given below in case of any discrepancy or requirement.

coaljunction@mjunction.in

Once the scanned documents and requisite registration fee are received from the Bidder, MJUNCTION SERVICES LIMITED shall activate Bidder's login after verification/scrutiny of the documents. MJUNCTION SERVICES LIMITED reserves the right to call for additional documents from the Bidder if needed and the Bidder shall be obliged to submit the same.

On completion of the above stated registration process, a Bidder shall be able to login to MJUNCTION SERVICES LIMITED's website.

2. Submission of Information/ Documents for Conditions to Auction

To submit the information/ documents for Conditions to Auction, the Bidder shall login to the above-mentioned website with its user id and password and click on the link RFP Information.

(i) Details of Specified End Use Plant under 'Production of syn gas leading to coal gasification' subsector- continuation of earlier registration

(a) Bidders of 'Production of syn gas leading to coal gasification' subsector who have submitted RFP Information earlier for their respective Specified End Use Plant.

As Bidders who have submitted RFP Information earlier for the respective Specified End Use Plant (under any previous Tranche of CIL and/or SCCL), have already provided details pertaining to their **existing fuel supply agreements as on a specific cut-off date ("Cut-Off Date")**, such Bidders shall only be required to provide the following details:

A. FSA Details under "Production of syn gas leading to coal gasification" subsector

Details of the annual contracted quantity of fuel supply agreements that (1) have expired post the Cut-Off Date corresponding to the most recent Tranche of auction in which they had participated and (2) will expire by the Cut-Off Date for Tranche VIII i.e. 30.09.2025. It is clarified that only details of fuel supply agreements under The New Coal Distribution Policy and NRS Linkage auction shall be considered for this purpose.

The energy value in kCal of such expired quantity of coal, deemed at G10 grade/W-III grade, as the case may be, will be added to the presently calculated/displayed Normative Energy/coal Requirement of the Specified End Use Plant on the Electronic Platform. Thus, such Bidders will become eligible to participate for a new Normative coal/Energy Requirement, which will be the sum total of the presently calculated/displayed Normative coal/Energy Requirement and the Normative coal/Energy Requirement arising from the lapsed fuel supply agreement quantity as mentioned above.

In case more than one fuel supply agreement has expired/ shall expire during the above-

mentioned period between the Cut-Off Date for the most recent Tranche of auction in which the Bidder had participated and the Cut-Off Date for Tranche VIII i.e. 30.09.2025 the Bidder should mention about the expired quantity date wise separately for each lapsed fuel supply agreement.

The responsibility of submitting correct information lies entirely with the Bidder. If it is found at any later stage that the Bidder has submitted false/ incorrect information either intentionally or inadvertently, action as per the provisions of this Scheme Document will be taken against such Bidder.

- (b) Bidders under 'Production of syn gas leading to coal gasification' subsector who are submitting RFP Information for the first time for their respective Specified End Use Plant(s).

Bidders who are submitting RFP Information for the first time for the respective Specified End Use Plant(s) (i.e. Bidders who have not submitted information pertaining to the Conditions to Auction for the respective Specified End Use Plant under earlier tranches) are required to submit information about the capacity of the Specified End Use Plant(s) for which Coal Linkage is being sought along with the annual contracted quantity (in tonnes) of coal available to them through existing coal linkage(s). This is a pre-requisite for participating in the Non-Discriminatory Ascending Clock Auction Process. The responsibility of submitting correct information lies entirely with the Bidder. If it is found at any later stage that the Bidder has submitted false/ incorrect information either intentionally or inadvertently, action as per the provisions of this Scheme Document will be taken against such Bidder.

It is clarified that for the purposes of providing information about the capacity of the Specified End Use Plants, such Bidders shall enter the fuel supply agreement quantities for only those fuel supply agreements that shall be valid and subsisting after cut-off date i.e. 30.09.2025. Further, only details of fuel supply agreements under The New Coal Distribution Policy shall be considered for this purpose.

Based on the capacity of the Specified End Use Plant, the Electronic Platform shall calculate the annual requirement of coal/energy and display the same on screen. The Electronic Platform shall also display the balance energy requirement of the bidder in kcal and also the maximum quantity of coal of each grade of coking/non-coking coal for which the Bidder shall be eligible to bid.

Bidders should note that utmost care should be taken to submit the above information

(ii) Payment towards Bid Security and Process Fee (EMD)

The Bidders shall have to deposit Bid Security before non-discriminatory ascending clock auction process to MJUNCTION SERVICES LIMITED. The Bid Security shall be Rs. 150/- per tonne of the Link Quantity that the Bidder is willing to bid for. In addition, the Bidder shall also have to deposit a Process Fee of Rs. 30 per tonne of coal that it intends to bid for. Thus, the Bidder shall have to pay Rs. 180 per tonne of the Link Quantity that it intends to bid for.

To deposit the Bid Security and the Process Fee, the Bidder shall login and click on the link "e-Payment" and fill up the RTGS Application Form. The Bidder should fill up the amount

that it wishes to deposit and transfer the amount through RTGS only. Bid Security and Process Fee shall not be acceptable in any other mode. Details of designated bank account for payment of Bid Security and Process Fee would be made available in the portal. Bidders are requested to follow the Bid Security and Process Fee deposition processes for their reference.

It is further clarified that the Credit Account No contains and represents Bidder's registration number with MJUNCTION SERVICES LIMITED portal for coal linkage auction.

After remitting the amount, the Bidder shall have to send an intimation to MJUNCTION SERVICES LIMITED giving details of the payment made including Bidder Registration No, UTR No, amount, date of remittance, remitting bank etc., so that the payment can be traced at the end of MJUNCTION SERVICES LIMITED with the identity of the Bidder. Such intimation should be sent to the following email address only in case of any discrepancy or requirement.

coaljunction@mjunction.in

It may be noted that intimation about the payment made must be sent to the above email address at least one Business Day prior to the scheduled auction of the Coal Linkages from the Lot in which the Bidder intends to participate. In the absence of the intimation, slippage payment made shall not be considered until notified & resolution received from Bank(s) / Payment Gateway(s).

Bidders are advised to deposit the payment towards Bid Security and the Process Fee well in advance prior to the scheduled auction of the Coal Linkages from the said Lot. It should be noted that the payments received by MJUNCTION SERVICES LIMITED in their designated bank account only up to at least one Business Day prior to the scheduled auction of the Coal Linkages from the said Lot will be considered. Payment received on the day of auction for a particular Lot shall not be considered for the same day's auction. Bidders are also advised to ensure that the payment towards Bid Security and Process Fee is submitted by the Bidder from their bank accounts so that the identity of the remitter of the payment is correctly established at the end of MJUNCTION SERVICES LIMITED. CIL and/ or MJUNCTION SERVICES LIMITED shall not be responsible if the identity of the remitter of the payment can't be established correctly and for any subsequent loss to any Bidder.

Calculation of Bid Security and Process Fee:

If a Bidder wishes to bid for Q (tonne) quantity of coal for a Specified End Use Plant, then it must have a balance EMD (Bid Security plus Process Fee) of Rs. 180Q before the start of the auction. For example, if a Bidder wishes to bid for 1,00,000 tonnes of coal, it must have a balance EMD amount of Rs. 1,80,00,000/-before the start of auction.

(iii) Submission of Scanned Copies of Documents as per Clause 4(c)

Bidders shall upload the scanned copies of the following documents on the Electronic Platform:

- a. an affidavit cum undertaking in the format set out in **Annexure II**;
- b. a power of attorney in the format set out in **Annexure III**;
- c. Certified true copy of the relevant authorizations authorizing the execution of power of attorney e.g. letter of authority, resolution of the board of directors, resolution of the shareholders etc.as applicable.

Note: In case of Partnership firm, the partnership deed along with authorization letter with sign of the partners; for Proprietorship firm self-certified declaration will be required

- e. documents evidencing the basis of computation of the Coal Requirement, provided that such documents shall not exceed 4MB (in size) or 10 (ten) pages; [Not applicable if coal consumption norm is mentioned in Scheme document]

In order to upload the documents, the Bidder shall have to click on the link “Upload Documents” provided under their logins and upload the appropriate files against the options given therein.

3. Bid Submission

The Bidder who satisfies the Conditions to Auction i.e. submits the required information, documents and make payment towards Bid Security and Process Fee, can participate in the non-discriminatory ascending clock auction process. For this, the Bidder shall login to the above-mentioned website of MJUNCTION SERVICES LIMITED and click on the link “Click for Auctions” followed by “Live Auctions”. The Bid Floor shall display inter alia the balance EMD and the maximum quantity of coal that the Bidder can bid for the particular grade of coal. The Bid Floor will also display the start time of e-auction, the number of the auction round, the premium for the auction round, the offered quantity of coal per annum, the grade and other details of offered coal etc. The Bidder shall quote its required quantity of coal per annum (Link Quantity) in the space provided for the same and click on the BID button. The Bidder shall have to sign the bid that it intends to submit with its registered Digital Signature Certificate (DSC). The Link Quantity should be less than or equal to the maximum quantity of coal that the Bidder can bid for the particular grade of coal and the balance EMD of the Bidder should be sufficient for the quantity quoted.

The first round of auction will be of 15 mins followed by subsequent round(s) of 8 mins each. There will be no time gap between two consecutive auction rounds for the same Lot. The Bidder shall have to submit its Bid within the stipulated time of any auction round. Bids received at the server before the expiry of the auction round time, as per server time, only will be considered as valid and will be recorded for further action. Therefore, Bidders are advised to submit their Bids well before the expiry of the stipulated time of the auction round and not wait for the last moment to submit their Bids. CIL and/ or MJUNCTION SERVICES LIMITED shall not be responsible for non-recording of any Bid due to delay in submission of Bid by any Bidder or due to delayed receipt of Bid in the server of MJUNCTION SERVICES LIMITED. In case of any complaint or dispute regarding this, the data available at the server of MJUNCTION SERVICES LIMITED shall be final and binding on the Bidders.

In round 1 of the auction, the premium shall be Rs. zero/ tonne. Thereafter, the premium of the

subsequent auction rounds will be decided depending on the demand registered in the previous auction round (as per rule Clause 3.5.2 of the Scheme Document). The Bidder may note that it is entitled to submit only one Bid in an auction round. Bid once submitted in an auction round can't be edited/ modified/ amended/ changed/ recalled. Hence, Bidders are advised to exercise extreme caution while bidding so as to avoid making any mistake. Bidders are also advised to protect the secrecy of their login id and password because Bid recorded against any user id or login id will be deemed to have been submitted by the Bidder concerned. No representation/ complaint stating the misuse/ unauthorized usage of login id and password will be entertained at any stage.

Bidders may further note that bidding in subsequent auction rounds is allowed only for such Bidders who have quoted a non-zero quantity in the immediately preceding auction round. A Bidder is not allowed to increase its Link Quantity in subsequent auction rounds but can quote the same or less Link Quantity in the subsequent auction rounds. Hence, in their own interest, Bidders may quote their desired maximum quantity (subject to EMD and maximum permissible quantity) in the first auction round itself.

Digital Signature Certificate

A Bidder shall be required to possess a valid Digital Signature Certificate (DSC) of signing type to be able to submit its Bid in the electronic auction on MJUNCTION SERVICES LIMITED's website. For this purpose, the authorized person should possess a class III DSC of signing type from any Certifying Authority or their authorized agencies in India.

The Bidder shall have to register its DSC through the link Register/Verify DSC provided under the login of the Bidder. Bidders may note that only one user id will be mapped with a given DSC. One DSC can be used with only one user id. DSC once mapped with a particular user id of a Bidder will normally not be changed and therefore Bidders are advised to carefully select the DSC before registering the same on the Electronic Platform.

The registered DSC will only be used to digitally sign the Bids that the Bidder will submit online. No Bid will be accepted by the system which is not signed with the registered DSC. Therefore, Bidders are advised to register their DSCs well in advance to avoid any inconvenience during the bidding process.

It will be the sole responsibility of the Bidder to maintain the secrecy of the password for the Digital Signature Certificate. The Bidder and its Authorized Signatory shall be solely responsible for any misuse of the DSC and no complaint / representation in this regard shall be entertained at any stage by MJUNCTION SERVICES LIMITED / CIL.

The Bidder may note that the following configurations will be required to be undertaken in their Internet Explorer browsers for smooth functioning of the website and the e auction portal.

The system requirements are as follows:

Minimum Software Requirement: Minimum Internet Speed: 2 Mbps; Browser Versions: Microsoft Edge, Mozilla Firefox 46+; Google Chrome 99+

Valid Digital Signature Certificate

Subject: Declaration of Successful Bidder pursuant to the ‘Production of syn gas leading to coal gasification’ sub-sector Tranche VIII Coal Linkage Auction

Dear Sir/ Madam,

Pursuant to the Scheme Document dated [insert date] (“**Scheme Document**”), I am directed to declare M/s [Name of Successful Bidder] as the Successful Bidder for award of the provisional quantity of coal specified in **Schedule 1**. This declaration is in pursuance of the provisions contained in the Scheme Document and the fulfilment of Conditions to Auction and the Bid submitted by the Bidder for the Specified End Use Plant(s) as mentioned in the above table [insert name].

Details of the Specified End Use Plant, provisional allocated quantity of coal, the Winning Premium and other details are set out in **Schedule 1 to this Annexure**.

The provisional allocated quantity of coal as stated in **Schedule 1 to this Annexure** is subject to verification of the Coal Requirement by Verification Agency and/or from the EUP capacity/coal requirement capacity related documentation submitted by the bidder. In case the Coal Requirement verified by the Verification Agency and/or calculated on the basis of documentation submitted by the bidder is less than the Coal Requirement specified by the Bidder on the Electronic Platform, the provisional allocated quantity specified in **Schedule 1 to this Annexure** shall be reduced and you shall be entitled to the Allocated Quantity computed in accordance with the Scheme Document. Further, in case the Coal Requirement verified by the Verification Agency and/or calculated on the basis of documentation submitted by the bidder is more than the Coal Requirement specified by the Bidder on the Electronic Platform, then the provisional allocated quantity of coal stated in **Schedule 1 to this Annexure** shall, post the Adjustment, be regarded as the Allocated Quantity.

The LOI shall be issued to you post determination of the Allocated Quantity.

The CIL/Auction Service Provider/subsidiary coal company (if required) may, at any time prior to issuance of the LOI, determine whether the documents, information and/ or payments in relation to the Conditions to Auction have been submitted or received from the Bidder in accordance with the requirements of this Scheme

Document. The CIL/Subsidiary/Auction Service Provider reserves the right to cancel this letter of intent, disqualify the Bidder and forfeit the Process Fee and the Bid Security (on behalf of Subsidiary coal company/CIL) if it is of the opinion that the requirements of the Scheme Document and the Provisional LOI in this regard have not been duly satisfied.

This provisional letter of intent is only indicative of the provisional quantity allocated to you and any entitlement to such quantities of coal are subject to issuance of the LOI, execution of the Agreement in accordance with the provisions of the Scheme Document and satisfaction of the conditions prescribed in the Agreement.

- B. The Performance Security is required to be provided to **[insert name of the relevant Subsidiary]** (the “**Seller**”) for discharge of certain obligations of the Purchaser under the Scheme Document dated, [date] with respect to Auction of Coal Linkages in the [insert sub-sector name] sub-sector and the fuel supply agreement to be executed between the Seller and the Purchaser (hereinafter collectively referred to as the “**Agreement**”).

We, **[name of the bank]** (the “**Bank**”) at the request of the Purchaser do hereby undertake to pay to the Seller an amount not exceeding INR [figures] (Indian Rupees [words]) (“**Guarantee Amount**”) to secure the obligations of the Purchaser under the Agreement on demand from the Seller on the terms and conditions contained herein.

NOW THEREFORE, the Bank hereby issues in favour of the Seller this irrevocable and unconditional payment bank guarantee (the “**Guarantee**”) on behalf of the Purchaser in the Guarantee Amount:

1. The Bank for the purpose hereof unconditionally and irrevocably undertakes to pay to the Seller without any demur, reservation, caveat, protest or recourse, immediately on receipt of first written demand from the Seller, a sum or sums (by way of one or more claims) not exceeding the Guarantee Amount in the aggregate without the Seller needing to prove or to show to the Bank grounds or reasons for such demand for the sum specified therein and notwithstanding any dispute or difference between the Seller and Purchaser on any matter whatsoever. The Bank undertakes to pay to the Seller any money so demanded notwithstanding any dispute or disputes raised by the Purchaser in any suit or proceeding pending before any court or tribunal relating thereto the Bank’s liability under this present being absolute and unequivocal.

2. The Bank acknowledges that any such demand by the Seller of the amounts payable by the Bank to the Seller shall be final, binding and conclusive evidence in respect of the amounts payable by Purchaser to the Seller under the Agreement.
3. The Bank hereby waives the necessity for the Seller from demanding the aforesaid amount or any part thereof from the Purchaser and also waives any right that the Bank may have of first requiring the Seller to pursue its legal remedies against the Purchaser, before presenting any written demand to the Bank for payment under this Guarantee.
4. The Bank further unconditionally agrees with the Seller that the Seller shall be at liberty, without the Bank's consent and without affecting in any manner the Bank's obligation under this Guarantee, from time to time to: (i) vary and/ or modify and of the terms and conditions of the Agreement; (ii) extend and/ or postpone the time for performance of the obligations of the Purchaser under the Agreement, or (iii) forbear or enforce any of the rights exercisable by the Seller against the Purchaser under the terms and conditions of the Agreement and the Bank shall not be relieved from its liability by reason of any such act or omission on the part of the Seller or any indulgence by the Seller to the Purchaser or other thing whatsoever which under the law relating to sureties would, but for this provision, have the effect of relieving the Bank of its obligations under this Guarantee.
5. Any payment made hereunder shall be made free and clear of and without deduction for, or on account of, any present or future taxes, levies, imposts, duties, charges, fees, commissions, deductions or withholdings of any nature whatsoever.
6. The Bank agrees that Seller at its option shall be entitled to enforce this Guarantee against the Bank, as a principal debtor in the first instance without proceeding at the first instance against the Purchaser.
7. The Bank further agrees that the Guarantee herein contained shall remain in full force and effect during the period that specified in the Agreement and that it shall continue to be enforceable till all the obligations of the Purchaser under or by virtue of the said Agreement with respect to the Performance Security have been fully paid and its claims satisfied or discharged or till the Seller certifies that the terms and conditions of the Agreement with respect to the Performance Security have been fully and properly carried out by the Purchaser and accordingly discharges this Guarantee. Notwithstanding anything contained herein, unless a demand or claim under this Guarantee is made on the Bank in writing on or before the Expiry Date the Bank shall be discharged from all liability under this Guarantee thereafter.
8. The payment so made by the Bank under this Guarantee shall be a valid discharge of Bank's liability for payment thereunder and the Seller shall have no claim against the Bank for making such payment.
9. This Guarantee is subject to the laws of India. Any suit, action, or other proceedings arising out of this Guarantee or the subject matter hereof shall be subject to the exclusive jurisdiction of courts at [*where the Seller's registered office/ principal place of business is located*], India.
10. The Bank has, under its constitution, the power to issue this Guarantee in favour of the Seller and Shri **[insert name of the signatory]** who has signed this Guarantee on behalf of the Bank has the authority to do so. This Guarantee will not be discharged due to the change in the constitution of the Bank.
11. The Bank undertakes not to revoke this Guarantee during its currency except with the previous consent of the Seller in writing.

12. The Seller may, with prior intimation to the Bank, assign the right under this Guarantee to any other person or entity. Save as provided in this clause, this Guarantee shall not be assignable or transferable.
13. Notwithstanding anything contained herein,
 - a) the liability of the Bank under this Guarantee shall not exceed the Guarantee Amount; and
 - b) this Guarantee shall be valid up to the Expiry Date.
14. The Bank is liable to pay the Guaranteed Amount or any part thereof under this Guarantee only and only if the Seller serves upon the Bank a written claim or demand on or before the Expiry Date.
