

## Addendum 2 to RFP

11 May 2023

Please refer to RIL and BPEAL's Request For Proposal No. RFP/KGD6/2023/001 dated 28 April 2023 ("RFP") (including all Addendums thereto) and GSPA uploaded on 28 April 2023 for sale of gas from Gas Fields in Block KG-DWN-98/3 ("KG D6"). Pursuant to various queries received from Bidders, please note the following amendments to the terms of the RFP as under:

1. Last paragraph of Section 1 in the RFP is amended as under:

“

At the end of the e-Bidding, each identified Bidder (each, a "Buyer") shall be required to (i) execute a GSPA with the Consortium for the GSPA Quantity determined at the end of the e-Bidding, at the Gas Price determined based on its 'Bid against price basis' pursuant to Section 8.1.1 of this RFP and for the Tenure specified pursuant to Section 8.1 (ii) of this RFP subject to such Buyer having satisfactorily clearing the "CDD"; and (ii) make the necessary transportation arrangements by entering into a Gas Transportation Agreement (each, a "GTA") with the respective natural gas transmission/transportation pipeline companies prior to the commencement of gas supplies under the GSPA in order to offtake gas from the Delivery Point.

”

2. Section 5 (vi) of the RFP is replaced as below:

“

A bid, once submitted, shall be binding on the Bidder who has submitted such bid. Each Bidder undertakes to offtake the GSPA Quantity as determined at the end of the e-Bidding, at the Gas Price determined based on its 'Bid against price basis' pursuant to Section 8.1.1 of this RFP and for the Tenure specified pursuant to Section 8.1 (ii) of this RFP.

”

3. Section 8.1 (ii) shall be replaced as under:

“

**Tenure:** The Tenure for all bids is three (3) years and accordingly, the default value of three (3) shall be preconfigured.

”

4. Section 8.1.2 shall be deleted and replaced as under:

“

**Not Used**

”

5. Section 8.3 shall be replaced as under:

“

### **8.3 Determination of Provisional GSPA Quantity and GSPA Quantity**

- (i) Upon the submission of the valid bids, the e-Bidding Portal shall assess the parameters against the rules specified in Section 8.1 of this RFP.
- (ii) If a bid does not conform to the bidding rules specified in Section 8.1 **Error! Reference source not found.** of this RFP, the e-Bidding Portal shall display the relevant message stating that the bid entered was invalid and its Bidder shall be required to submit new bids to continue in the e-Bidding.
- (iii) During the e-Bidding, as and when any new valid bid is received, the e-Bidding Portal shall follow the below mentioned steps:
  - a. **Step 1:** The 'Bid against price basis' shall be arranged in descending order.
  - b. **Step 2:** As Tenure is a fixed parameter, the Provisional GSPA Quantity shall be determined as follows:
    - (i) The Provisional GSPA Quantity shall be determined for the highest Bidder (for 'Bid against price basis') for the full volume which it has quoted (subject to the Maximum Volume bid), followed by the next highest Bidder (for 'Bid against price basis') for its quoted volume or remaining available volume, whichever is lower, and so on until the Total Available Volume is fully allocated.
    - (ii) In case of a tie for any valid bids for 'Bid against price basis' and if the aggregate volume of gas quoted by these Bidders is more than the available gas volume, then the available gas volume shall be distributed among these Bidders as per the below order:
      1. CNG (T)/ PNG(D)
      2. Fertiliser
      3. Power Plants
      4. End Consumers/TradersIn such case, amongst the tied bids, the Provisional GSPA Quantity shall first be determined for Bidders in CNG (T)/PNG(D) sector, for the full volume which it has quoted (subject to the Maximum Volume bid), followed by Bidders in Fertiliser sector for its quoted volume or remaining available volume, whichever is lower, and so on in the order mentioned above, until the Total Available Volume is fully allocated. If there is a tie among the Bidders of a particular sector and the aggregate volume of gas quoted by the Bidders of such sector (for such tied bids) is more than the available gas volume, then remaining gas volume would be pro-rated among the Bidders of that sector.
  - c. **Step 3:** Steps 1 and 2 shall continue throughout the e-Bidding and the Provisional GSPA Quantity shall continue to be determined by the e-Bidding Portal dynamically, until the conditions for the closing of the e-Bidding as specified in Section 8.2 (v) are met.
  - d. **Step 4:** Upon the closing of the e-Bidding, the Provisional GSPA Quantity determined based on the last bids received shall be considered as the GSPA Quantity for each Bidder.

Bidders are requested to refer to the illustration specified at Section 8.6 of this RFP regarding determination of Provisional GSPA Quantity and GSPA Quantity pursuant to e-Bidding.

”
