BETPL AUCTION OFFER

1. Brief introduction of BETPL along with brief description of mine's location.

BETPL is a young and dynamic company specializing in conventional energy products like Coal, Coke, Petcoke, & alternate green fuels, Commodities, and also deals in consulting in future & upcoming energy solutions and technologies. We have been exporting Coal, Biomass fuels and Petroleum coke to Nepal, Bhutan and Bangladesh (Through our channel partners) and have a commendable experience in the field of coke and coal. Our company is in process to set up ALTERNATE FUELS manufacturing unit dealing in manufacturing of alternate fuels like coke briquette, biomass briquette, wood briquette, Petcoke 6k, 7k for domestic and export market and providing sustainable solutions for our existing and prospective customers.

Furthermore, with the strategic partnership with the stakeholders directly in vastly untapped market of NAGALAND & NORTH EAST, we are able to provide with one of the best G1, G2, G3 & Other quality coals available in the Indian market. This offered coal is at par with the Assam's famous G1 available coals.
