10. Take or Pay Obligations

- (a) Recovery Period: The provisions of Clauses 10(b) to 10(c) shall not apply in respect of the Recovery Period.
- (b) Quarterly Take or Pay Obligation:
 - (i) In each Contract Quarter, Buyer shall be obliged to take and pay for, or pay for if not taken, a quantity of Gas at least equal to the Take or Pay Quantity for such Contract Quarter.
 - (ii) If, in any Contract Quarter, Buyer fails to take the Take or Pay Quantity for such Contract Quarter, then Buyer shall pay Sellers an amount for the relevant Quarterly Deficiency Quantity (such amount the “**Quarterly Deficiency Payment**”), which shall be an amount equal to the product of: (A) the Weighted Average Gas Price applicable during such Contract Quarter; and (B) the Quarterly Deficiency Quantity for such Contract

Quarter.

(c) Make Up Gas:

- (i) The quantity of Gas equal to any Quarterly Deficiency Quantity for which Buyer has paid a Quarterly Deficiency Payment shall constitute **“Make Up Gas”** accrued during the Contract Quarter in which such Quarterly Deficiency Quantity arose.
- (ii) If Buyer has accrued a right to Make Up Gas in any Contract Quarter, then in any subsequent Contract Quarter, once the Buyer has first taken the Take or Pay Quantity for such subsequent Contract Quarter, Buyer shall have the right to receive a credit for all Make Up Gas quantities taken above the Take or Pay Quantity, calculated in accordance with Clause 10(c)(iii) below.

If the Buyer is entitled to take Make Up Gas in a Contract Quarter, the quantity of Make Up Gas that Buyer can take shall equal the lower of: (A) the outstanding balance of Make Up Gas at the beginning of such Contract Quarter; and (B) the difference between the Quarterly Allocated Quantity and the Take or Pay Quantity for such Contract Quarter.

The order in which the credit for such Make Up Gas shall be applied shall be the same order in which the Make Up Gas was accrued. Except as expressly provided in Clause 10(d), Sellers shall have no liability for failure to supply Make Up Gas. Once the Buyer has received a credit for any quantity of Make Up Gas, Buyer’s right to such Make Up Gas is extinguished.

- (iii) In any Contract Quarter, Buyer shall pay for all quantities of Gas taken as Make Up Gas at the Gas Price applicable when the Make Up Gas is taken, and shall pay all other amounts payable under this Agreement in respect of Gas deliveries, provided that, at the end of such Contract Quarter, Buyer shall receive a credit for an amount equal to the Make Up Gas taken during that Contract Quarter multiplied by the lower of:
 - (A) the Weighted Average Gas Price for such Contract Quarter during which Make Up Gas is delivered; and
 - (B) the Weighted Average Gas Price previously paid in respect of the Quarterly Deficiency Quantity that gave rise to the Make Up Gas right.

The credit received by Buyer under this Clause 10(c)(iii) shall be applied against amounts due from Buyer under the first invoice of the subsequent Contract Quarter or, if in excess thereof, against subsequent invoices.

For such Make Up Gas delivered, Buyer shall have no rights to any amount previously paid in respect of the Quarterly Deficiency Quantity above the Gas Price prevailing at the time the Make Up Gas is delivered.

(d) Recovery Period:

- (i) If at the end of the Term there is any Make Up Gas remaining that has not been taken by Buyer during the Term, this Agreement shall be extended for the Recovery Period to allow Make Up Gas to be taken at a daily rate of up to the DCQ in effect immediately prior to the end of the Term, provided that there shall be no Recovery Period if this Agreement is terminated by Sellers pursuant to Clauses 15(f)(ii), 19 or 25. Buyer shall have no further rights to take Gas during the Recovery Period after it has taken such remaining Make Up Gas, and after such remaining Make Up Gas has been delivered, the Recovery Period shall be deemed to have expired.
- (ii) All Gas supplied during the Recovery Period shall be Make Up Gas. There shall be no contract quantity or supply quantity during the Recovery Period and Sellers shall not be liable for any shortfall or Buyer for take-or-pay obligations and the provisions of Clauses 10(b), 10(c) and 11 shall not apply to the supply of Gas during such period.
- (iii) The Gas Price that shall apply to all Gas delivered during the Recovery Period shall be the relevant Gas Price as in effect at the time of Gas delivery. During the Recovery Period, Buyer shall pay for all Gas, pursuant to Fortnightly invoices, at the relevant Gas Price and shall pay all other amounts payable under this Agreement in respect of Gas deliveries.

Buyer shall receive a credit against each Fortnightly invoice for Gas taken as Make Up Gas during the Recovery Period for an amount equal to the Make Up Gas taken during that Fortnight multiplied by the lower of:

- (A) the Gas Price applicable during such Fortnight; and
- (B) the Weighted Average Gas Price previously paid in respect of the Quarterly Deficiency Quantity that gave rise to the Make Up Gas right.

For such Make Up Gas delivered, Buyer shall have no rights to any amount previously paid in respect of the Quarterly Deficiency Quantity above the Gas Price prevailing at the time the Make Up Gas is delivered. The order in which the credit for such Make Up Gas shall be applied shall be the same order in which the Make Up Gas was accrued.

- (iv) If Buyer fails to nominate any Make Up Gas or Make Up Gas has been scheduled by Sellers during the Recovery Period and such quantity has not been taken by the Buyer, then the Sellers shall have no further obligations whatsoever towards such Make Up

Gas quantity and Sellers shall not be required to deliver such Make Up Gas or make any payment, credit, refund or other adjustment to Buyer in respect of any such quantity of Make Up Gas.

- (v) If, upon the expiry of the Recovery Period, Buyer has failed to take any remaining Make Up Gas, then Buyer shall forfeit any and all rights to such remaining Make Up Gas, and Sellers shall not be required to deliver such Make Up Gas or to make any payment, credit, refund or other adjustment to Buyer in respect of any such outstanding Make Up Gas.

11. Sellers' Supply Obligations

- (a) The provisions of this Clause 11 shall not apply for a period of 180 days from the Start Date and during the Recovery Period.
- (b) Each Contract Quarter, Sellers shall be deemed to have fulfilled their Gas supply obligations under this Agreement for such Contract Quarter to the extent Sellers made available for delivery to Buyer the applicable Adjusted Quarterly Supply Quantity at the Delivery Point in accordance with the terms and conditions hereof, irrespective of whether Buyer offtakes such quantities of Gas at the Delivery Point.
- (c) All Gas taken by Buyer that fails to meet the Specifications shall not be part of the Shortfall Quantity. Any Gas that fails to meet the Specifications that was rejected by Buyer in accordance with Clause 13 shall, for the purposes of determining the Shortfall Quantity, be considered as not having been made available by Sellers.
- (d) If a Shortfall Quantity arises in a Contract Quarter, then, subject to Clause 11(e), Sellers shall reimburse Buyer as Liquidated Damages for the purchase by Buyer of a quantity of Gas equal to such Shortfall Quantity (each a "**Replacement Quantity**"). As a condition to receiving such Liquidated Damages, Buyer shall: (i) use its best endeavours to procure each Replacement Quantity on a competitive basis or on reasonable price basis in case competitive bidding process for procuring Replacement Quantity could not be followed to reduce the purchase price of such Replacement Quantity; (ii) use its best endeavours to minimise the Liquidated Damages; and (iii) provide Sellers detailed documentary evidence of all costs, charges and tariffs claimed by Buyer as part of such Liquidated Damages.
- (e) In any Contract Year, the maximum aggregate liability of Sellers to Buyer, for any and all Liquidated Damages under Clause 11(d) shall be no more than an amount equal to the product of: (i) thirty (30) days; (ii) the DCQ in effect on the first Day of such Contract Year; and (iii) the Gas Price applicable on the first Day of such Contract Year (provided that the limit shall be reduced proportionally for (i) any Contract Year that contains fewer than three hundred sixty five (365) days or (ii) for any Contract Year having Recovery Period and for the first Contract Year the number of days shall be reduced by 180 days,

provided that if the first Contract Year is less than 180 days, this 180 days reduction shall be applied in the following Contract Year).

- (f) If in any Contract Month, the Monthly Allocated Quantity is less than:
 - (i) ninety percent (90%) multiplied by,
 - (ii) the sum of the Nominated Daily Quantities less sum of the Monthly Deductible Quantities, in this Agreement for each Day of such Contract Month,(above difference being the “**Underdelivered Quantity**”),

then Sellers shall reimburse Buyer for the Ship or Pay Payments actually incurred by Buyer and which would not have been payable if Sellers made available for delivery the Underdelivered Quantity for such Contract Month, provided that, prior to any such reimbursement Buyer shall provide Sellers with: (i) documentary proof of its having made such Ship or Pay Payments; and (ii) with such other documents and explanations as Sellers may reasonably require in support of such reimbursement.

- (g) Parties understand that mitigation of the Sellers’ liability to pay the Ship or Pay Payments as per Clause 11(f) is a mutual responsibility of the Buyer and the Sellers and Parties shall cooperate to take relevant actions to mitigate such Ship or Pay Payments. Shortly before the start of each Contract Quarter, Sellers shall notify Buyer about the expected Gas supplies from the Gas Fields for the next three (3) Contract Months and the Gas supply level that Sellers are likely to be able to deliver under this Agreement (the “**Scheduled Quarterly Supply Quantity**”).
- (h) In any Contract Year, the aggregate of Sellers’ reimbursement obligations under Clause 11(f) shall be limited to the Ship or Pay Payments relating to an aggregate Underdelivered Quantity equal to ninety (90) Days multiplied by the DCQ in effect on the first Day for such Contract Year (provided that the limit shall be reduced proportionally for (i) any Contract Year that contains fewer than three hundred sixty five (365) days or (ii) for any Contract Year having Recovery Period and for the first Contract Year the number of days shall be reduced by 180 days, provided that if the first Contract Year is less than 180 days, this 180 days reduction shall be applied in the following Contract Year).
- (i) The provisions of this Clause 11 are subject to the limitations of liability set-out in Clause 21, and Buyer’s rights under this Clause 11 for reimbursement of any Ship or Pay Payments and Liquidated Damages shall be Buyer’s sole remedy for Sellers’ failure to make Gas available for delivery under this Agreement. The Parties agree that reimbursement of the Ship or Pay Payments and Liquidated Damages are a genuine pre-estimate of likely or possible loss or damages and shall not in any way be construed to be a penalty.
- (j) Sellers’ compliance with the provisions of this Clause 11 shall be in full settlement of any claim which Buyer might otherwise have against Sellers for damages for any failure by Sellers to make Gas available for delivery under this

Agreement, and Buyer shall not assert any claim (at law or in equity or otherwise, including for injunctive relief or specific performance) for any additional relief in respect of any failure by Sellers to make Gas available for delivery under this Agreement. Notwithstanding any other provision of this Agreement, Sellers shall not be liable for any Shortfall Quantity, shortfall in Gas delivery or reduction in DCQ that arises from, is related to, or is caused by the Gol taking Gas in kind under the PSC.

12. Measurement

Gas shall be sold on the basis of quantity measurement and quality determination as set out in Exhibit 4. The quantity of Gas sold to Buyer each Day is the Allocated Quantity determined under Exhibit 3.

13. Quality

Gas delivered under this Agreement shall meet the Specifications set out in Exhibit 2. Buyer shall use all reasonable endeavours to accept delivery of any Gas that does not meet the Specifications but, if after using its reasonable endeavours the Buyer is unable to accept such Gas, then Buyer may reject Gas which does not meet such Specifications. Sellers shall notify Buyer if Gas made available at the Delivery Point does not (or is likely to not) meet the Specifications as soon as reasonably practicable following Sellers becoming aware of the same. If Buyer unknowingly accepts Gas not meeting the Specifications, Sellers shall reimburse to Buyer the actual documented costs reasonably incurred and paid by Buyer to PIL in treating or blending such Gas as a direct consequence of such Gas having been delivered out of Specifications, provided that such claim is made within thirty (30) days of such cost being incurred by Buyer.

14. Planned Maintenance

- (a) Sellers may designate up to twenty (20) Days of Planned Maintenance on Sellers' Facilities during each Contract Year. Sellers shall be entitled to reduce (including down to zero (0)) its Gas scheduling under Clause 8 and Exhibit 3 for each Day of Planned Maintenance.
- (b) Buyer may designate up to an aggregate of twenty (20) Days of Planned Maintenance on Buyer's Facilities or Transporter's Facilities during each Contract Year. Buyer shall be entitled to reduce (including down to zero (0)) its Gas nominations under Clause 8 and Exhibit 3 for each Day of Planned Maintenance.
- (c) A Party shall not designate more than two (2) periods of Planned Maintenance in a Contract Year. Planned Maintenance Days shall be whole Days. If a Contract Year is less than three hundred sixty five (365) days, the number of Days allowance in Clauses 14(a) and (b) above shall be proportionately reduced, provided that in such reduction, any fraction of a Day shall be rounded up to a whole Day. If a Party desires to take partial shutdown Days for Planned Maintenance, the number of Days allowance in Clauses 14(a) and (b) above

may be extended by mutual agreement of the Parties in writing to accommodate such partial shutdown Days.

- (d) The Parties shall (i) with respect to the first Contract Year, no later than thirty (30) days after the Start Date, and (ii) for any other Contract Year, no later than thirty (30) days in advance of the start of such Contract Year, deliver to the other Party a Planned Maintenance schedule setting forth each Party's Planned Maintenance requirements for the immediately following Contract Year. Following the delivery of the Planned Maintenance schedules pursuant to the preceding sentence, the Parties agree to meet promptly to discuss in good faith such Planned Maintenance requirements with a view to reaching an agreement between the Parties as to the timing and duration of any Planned Maintenance periods for the applicable Contract Year; provided, however, if the Parties fail to timely reach agreement on the timing and duration of any such Planned Maintenance, the owner and/or operator of each such facility may schedule such Planned Maintenance in its sole discretion.
- (e) If it becomes necessary or desirable for the Parties to change the schedule of any Planned Maintenance established under Clause 14(d) above, then Sellers or Buyer, as applicable, shall give the other Party not less than thirty (30) days' notice of the Days on which such Party shall carry out any such Planned Maintenance, and the Parties will discuss in good faith and use all reasonable endeavours to reach an agreement on such changes to the schedule of Planned Maintenance.
- (f) The Parties shall use all reasonable endeavours to synchronise Planned Maintenance among Buyer's Facilities, Transporter's Facilities and Sellers' Facilities.

Electronically delivered Fortnightly invoices shall carry a digital or facsimile signature. Invoices shall specify the Gas Price and Taxes and the total amount due and payable by Buyer. Buyer shall make payments in full to each Seller at the account designated by notice to Buyer, which may include offshore accounts.
- (b) Invoices shall be raised Fortnightly (unless otherwise required by Law) in US\$, commencing with the Fortnight in which the Start Date occurs:
 - (i) Sellers shall raise Fortnightly invoices for the applicable Gas Price along with Taxes for sale of the Allocated Quantities to Buyer.
 - (ii) In addition to invoices, Sellers shall raise in US\$ debit notes or credit notes as may be required from time to time. For avoidance of doubt the last invoice shall be raised promptly following the End Date.
 - (iii) Sellers shall raise and electronically deliver separate debit notes in respect of any Quarterly Deficiency Payment promptly after the end of the relevant Contract Quarter, and any interest payable on amounts due to Sellers under this Agreement and Buyer shall make payments in full to each Seller at the account designated by it by notice to Buyer in accordance with Clause 18.

available. If the amount paid by Buyer in settlement of a provisional Fortnightly invoice is less than the amount payable as per the final Fortnightly invoice, Buyer shall settle such difference forthwith. - (vi) All amounts payable by Buyer hereunder shall be paid in INR or in US\$, upon request of a Seller, in local or offshore accounts. When a Seller has requested payment in US\$, Buyer shall promptly seek any required approval from the Governmental Authority to make such payments in US\$ and shall begin making such payments in US\$ to the requesting Seller upon receipt of such approval, provided that Buyer and the relevant Seller shall discuss any procedural requirements that may need to be addressed in order to comply with the Sellers' request. For the avoidance of doubt, Buyer shall not be relieved of its obligations to make payment of all amounts due hereunder to the requesting Seller during the pendency of such request for approval, such payments to be made in INR until such approval is obtained. All amounts invoiced shall be denominated in US\$ and amounts that are payable in INR shall be converted at the Exchange Rate.

Each nomination shall be on an energy basis (in MMBtu), shall not exceed the DCQ and shall specify the quantity of Gas in respect of each Day of such Week. Buyer shall provide nominations through the extended web-page provided by Sellers. Each such nomination so made up to the DCQ for the relevant Day shall be the “**Nominated Daily Quantity**” for the applicable Day. If Sellers’ extended web-page is not available at the time, Buyer shall provide its nominations by email or facsimile.

Daily Nominations.

- 1.a. No later than 13:00 hours on the Day prior to the Day of Gas delivery, Buyer may revise the Nominated Daily Quantity for such Day of Gas delivery if required by unforeseen circumstances or emergencies. The ownership of the Measurement Equipment shall remain with Sellers. Sellers shall ensure that Gas delivered hereunder at the Delivery Point shall be measured in accordance with the methods established and from time to time amended under this Agreement.
- 1.2 Sellers shall ensure that equipment for the proper measurement of Gas delivered at the Delivery Point shall be properly maintained and corrected in accordance with this Agreement.

2. Measurement and Calibration:

- 2.1 The measured quantity shall be recorded in MMBtu at the Delivery Point. Gas measurement shall include all corrections in installation practices recommended for accurate metering of Gas in accordance with American Gas Association (AGA) Report No. 8, 9 and 10 for ultrasonic meter metering systems. The error / inaccuracy permitted shall be within a range of $\pm 1\%$. At the end of calibration, Measurement Equipment shall register accurately and no individual transmitter feeding into total flow computation shall have an error more than 0.5%.
- 2.2 Sellers shall install an appropriate form of on-line composition measurement device, Gas Chromatograph (GC), at or upstream of the custody transfer meter at Delivery Point consistent with recognised international standards (ISO 6975/ 6976 or any other equivalent standard) which shall be used to determine the composition of Gas.
- 2.3 If Buyer has any reasonable doubt about the proper working of the Measurement Equipment, it may request that Sellers re-calibrate, validate or prove the equipment. Buyer may not request a recalibration or validation of the Measurement Equipment if such Measurement Equipment was the subject of a recalibration or validation within the previous thirty (30) days or such other mutually agreed period whether or not requested by Buyer. Buyer shall not withhold the payments to Sellers under the Agreement pending action on Buyer’s request for such re-calibration or validation or proving of the equipment or the final result of such calibration, validation or proving; however, Buyer or Sellers may lodge claim for refunds or adjustments, if any, depending upon the final results of such calibration, re-calibration, validation or proving within a period of seven (7) days of such calibration, re-calibration, validation or proving. Such claim, if found correct by Buyer or Sellers shall be adjusted against the subsequent invoice(s) of supply of Gas. The cost of such

special test shall be borne by Sellers if the percentage of inaccuracy is found to be beyond $\pm 1\%$, but the cost of such special test shall be borne by Buyer if the percentage of inaccuracy is no greater than $\pm 1\%$.

- 2.4 If on joint calibration / validation / proving the Measurement Equipment registers a variation of more than $\pm 1\%$ or if the meter is out of service or fails, stops or breaks down, the following procedure in order of priority, whichever is feasible for arriving at the computation of Gas during the period between the last calibration / validation / proving, failure, stoppage or breakdown and present one shall be followed:
- (a) by correcting the error if the percentage of error is ascertainable by a calibration / validation / proving, test or mathematical calculation; or
 - (b) by estimating the quantity of Gas delivered by comparison with deliveries during a period under similar conditions when the meter was registering accurately.
- 2.5 The period to which the above corrections shall apply shall be as under:
- (a) if any period during which the meter is out of service or fails, stops or breaks down is known or agreed upon, that shall be the period to which the correction shall be applied; or
 - (b) if the period is not known, the correction shall be made for a period equal to half of the time elapsed since the date of the preceding calibration / validation / proving test not exceeding a correction period of sixteen (16) days.
- 2.6 In any case, if at the time of calibration / validation / proving, the meter error exceeds 0.5% the applicable meter shall be recalibrated.
- 2.7 The Measurement Equipment shall be calibrated or validated by Sellers in accordance with standard industry procedure with traceable master equipment calibrated at a lab accredited with ISO 17025.
