2. COMMENCEMENT AND TERM OF THE AGREEMENT

2.1 This Agreement shall come into force with effect from the Signature Date.

2.2 Subject to Clause 17.1 and Clause 17.2, this Agreement shall remain in force and effect commencing from the Signature Date until the expiry ofyears [For Sponge Iron, CPP, Cement & Others subsector: 10 years or life of mine, whichever is lower; For Production of syn gas leading to coal gasification subsector: 15 years or life of mine, whichever is lower]. (“**Term**”).

In case any consumer establishes Captive mode of transport (MGR, Belt, Pipe Conveyor, Rope), capable for transporting at least 80% of the FSA quantity, the consumer will have the option to extend the tenure of FSA for further 5 years. Such supply through captive mode shall attract facilitation charge of 10% over the Modulated Price applicable for coal supply. The coal company shall determine the fulfillment of eligibility criteria regarding captive mode of transport as mentioned above, prior to such extension of tenure of FSA.

For cost plus source:

Subject to Clause 17.1 and Clause 17.2, this Agreement shall remain in force and effect commencing from the Signature Date until the expiry of (.....) years [For Sponge Iron, CPP, Cement & Others subsector: 10 years or life of mine, whichever is lower; For ‘Production of syn gas leading to coal gasification’ subsector: 15 years or life of mine, whichever is lower]. (“**Term**”).

In case any consumer establishes Captive mode of transport (MGR, Belt, Pipe Conveyor, Rope), such supply through captive mode shall attract facilitation charge of 10% over the Modulated Price applicable for coal supply.

*Note: For ‘Production of syn gas leading to coal gasification’ subsector: Supply of coal under this Agreement shall start from the date of commencement of coal supply in accordance with the Declaration provided as per Annexure XIV of the Scheme Document. (“**Effective Date for Supply**”), not later than 5 years from the date of signing of FSA. All commercial and operational provisions will be applicable from ‘Effective Date for Supply’.*

2.3 Notwithstanding the provisions of Clause 2.2, in the event of any change in the Grade

structure of the Contracted Grade of Coal, such changed Grade structure shall be binding and complied with by the Parties. The Seller shall, within 7 (seven) days of introduction of such Grade change, provide a written notice to the Purchaser calling for a joint review of such provisions of this Agreement on which such change in the Grade structure has a bearing. Upon such joint review, this Agreement shall be duly amended in writing to bring it in full conformity with such change. However, if despite their efforts the Parties are unable to arrive at a mutually agreed position with respect to the subject matter of review, within a maximum period of 3 (three) months from the date of the above mentioned notice, the aggrieved Party shall have the right to terminate the Agreement subject to a further notice of maximum period of 3 (three) months given in writing to the other Party without security deposit forfeiture subject to final reconciliation.

3. INFORMATION RIGHTS OF THE SELLER

The Purchaser acknowledges and agrees that the Seller shall have the right, throughout the Term to call for such information and/ or documentation from the Purchaser (documentation detailed in *Annexure II*) as may be required by the Seller to check:

- (a) the veracity of the Purchaser's claim of being a *bona fide* consumer of the Contracted Grade of Coal with respect to the Specified End Use Plant; and
- (b) the Purchaser's compliance with the LOI, the Eligibility Conditions, the terms and conditions of the Scheme Document and of this Agreement.

The Purchaser shall at all times extend necessary cooperation to the Seller in this regard and shall provide relevant information and/ or documentation requested by the Seller within such reasonable time as may be requested by the Seller.

4. PERFORMANCE SECURITY

- 4.1 The Purchaser has submitted the Performance Security to the Seller in accordance with the provisions of the Scheme Document. The amount of Performance Security is and shall continue to be for a value computed as per the following formula:

Performance Security = [Maximum of Annual Contracted Quantity as specified in Annexure III] multiplied by [6% of the aggregate of the Reserve Price/Modulated Price(applicable as per clause 11) and Winning Premium multiplied by Reserve price/Modulated Price(as applicable)].

In the event of any adjustment in the Annual Contracted Quantity in accordance with Clause 5.2, the amount of Performance Security shall not be revised.

- 4.2 The Performance Security shall remain valid till 3 (three) months from the date of expiry of the Term. The Performance Security shall be returned or refunded to the Purchaser at the end of its validity, subject to successful completion of and complete settlement of all claims of the Seller arising out of this Agreement.

The successful bidder will have option to submit the Bank Guarantee (BG)(as performance security) with initial validity of at least 5 years 3 months. The said BG should be extended/replaced to cover the remaining period of the tenure of the FSA tenure plus 3 months. The extended/replaced BG has to be submitted by the consumer at least 3 months prior to expiry of initial BG.

In case of non-extension/non-replacement of initial BG covering the entire tenure of FSA, as required above, necessary penal provision including forfeiture and debarment will be applicable as per FSA/Scheme provision.

Note: In case of 15 years of FSA, such extension/replacement of BG (minimum validity of 5 years) will be permissible twice/thrice after deposition of first BG.

- 4.3 The amount of Performance Security shall be suitably revised as follows, in case of change in the Modulated Price in accordance with Clause 11 and to be deposited within 30 days of such revision:
- 4.3.1 In the event of any increase in the Modulated Price pursuant to Clause 11, the Purchaser may:
- (a) provide a new bank guarantee issued by any Acceptable Bank for the revised value computed as per Clause 4.1; or
 - (b) provide an additional/ top up bank guarantee issued by any Acceptable Bank for an amount corresponding to the incremental value of the Performance Security computed as per Clause 4.1.

Alternatively, the bank guarantee constituting the Performance Security may be suitably amended for the revised value computed as per Clause 4.1. The new/ revised/ amended/ top up bank guarantee shall be in the format set out in **Annexure I**. In the event that the Performance Security has been provided in the form of a non-interest bearing security deposit, then, upon any increase in the Modulated Price pursuant to Clause 11, the Purchaser shall deposit an additional amount towards the security deposit to cover for such increase.

Any failure of the Purchaser to replenish the Performance Security in the manner specified herein above within 30 (thirty) days of notification of change in the Modulated Price under Clause 11, shall entitle the Seller to suspend the supply of the Contracted Grade of Coal in accordance with Clause 14.3 without absolving the Purchaser of its obligations under this Agreement. Further, if the Purchaser fails to replenish the Performance Security within 30 (thirty) days of such suspension of Coal supplies, the Agreement shall unless otherwise agreed in writing by the Parties, stand automatically terminated without any further act on the part of the Seller and the Seller shall also have the right to invoke the existing Performance Security.

- 4.3.2 In the event of any decrease in the Modulated Price pursuant to Clause 11, the Purchaser may provide a new bank guarantee issued by an Acceptable Bank in the format specified in **Annexure I** for the revised value computed as per Clause 4.1. The Seller shall, within 30 (thirty) days of receipt of such new bank guarantee, return the original Performance Security to the Purchaser. In the event that the Performance Security has been provided in the form of a non-interest bearing security deposit, then, upon any decrease in the modulated Price pursuant to Clause 11, the Seller shall refund the excess value of the security deposit to the Purchaser.
- 4.3.3 The period of validity of any new bank guarantee, amended bank guarantee, top up/ additional bank guarantee furnished by the Purchaser and/ or any additional security deposit provided by the Purchaser pursuant to this Clause 4.3, shall be the same as that of the initial Performance Security.

4.4 **Invocation/ Forfeiture of Performance Security**

- 4.4.1 The Seller shall be entitled to forfeit / invoke the whole or a part of the Performance Security in the following situations:
- (a) in the event that the Purchaser fails to submit the revised incremental Performance Security to the Seller within the timeline stipulated in Clause 4.3 above;
 - (b) In the event Purchaser fails to commence coal supply in terms of schedule declared in Annexure XIV of Scheme document.
 - (c) in accordance with Clause 5.2(a)(i)(a), 5.6.2, Clause 12.2.4, Clause 13.2, Clause 14, Clause 21.11 or Clause 17.1; other relevant clauses and/ or
 - (d) in the event that the Seller becomes entitled to exercise its right to terminate or actually exercises its right to terminate this Agreement for any of the reasons specified in Clause 17.2(d) to Clause 17.2(k).
- 4.4.2 In the event of any partial or complete invocation of the Performance Security under this Agreement, the Purchaser would have to replenish the Performance Security within 30 (thirty) days of its invocation hereunder, failing which the Seller shall be entitled to terminate this Agreement in accordance with Clause 17.2(f). The period of validity of the replenished Performance Security furnished by the Purchaser pursuant to this Clause 4.4, shall be the same as that of the initial Performance Security. In the event that the Acceptable Bank issuing the Performance Security does not permit a partial invocation of the Performance Security, the Seller shall be entitled to invoke the whole Performance Security and recover thereunder, the amounts due to it and the balance amount, if any, shall be refunded immediately to the Purchaser within 1 (one) day of replenishment of the Performance Security to the Seller in the manner as stipulated above.

5. ANNUAL CONTRACTED QUANTITY

5.1 Annual Contracted Quantity

- 5.1.1 The quantity of the Contracted Grade of Coal agreed to be supplied at the Delivery Point by the Seller to the Purchaser and undertaken to be purchased by the Purchaser from the Seller at the Delivery Point per Year shall be as provided in Annexure III (“**Annual Contracted Quantity**”).

For part of a Year, the Annual Contracted Quantity shall be pro-rated accordingly. The Annual Contracted Quantity shall be supplied as per the provisions of this Clause 5 and Clause 8.

- 5.1.2 Verification of Coal Requirement: [Delete is not applicable]

- 5.1.2.1. The Seller / CIL (acting on behalf of the Seller as its duly authorized representative) reserves the right to get the Coal Requirement of the Purchaser verified by the Central Institute of Mining & Fuel Research or any other agency that may be nominated by CIL (“**Final Verification Agency**”), within 180 (one hundred eighty) days of execution of the Agreement.

In case the Purchaser, along with this Agreement, has also entered into other fuel supply agreement(s) with other subsidiary(ies) of CIL (apart from the Seller) for the supply of Coal pursuant to the Scheme Document, then the period of 180 (one hundred eighty) days mentioned above shall commence from the date of execution of this Agreement or such other fuel supply agreement(s), whichever is earlier.

- 5.1.2.2. In case the Coal Requirement verified by the Final Verification Agency in terms of Clause 5 Model Fuel Supply Agreement – Non-Regulated Sector

above is less than the Coal Requirement based on which the Purchaser has been allotted the Annual Contracted Quantity in terms of the Scheme Document, then the Annual Contracted Quantity shall be revised / adjusted in accordance with clause 3.5.2(k) of the Scheme Document, as applicable.

- 5.1.2.3. The aforesaid revision / adjustment in the Annual Contracted Quantity shall be given effect to during the residual period of the initial 2 (two) years from the date of execution of the Agreement, or from Effective Date of Supply for ‘Production of syn gas leading to coal gasification’ subsector, as the case may be, in accordance with the following illustration and the revised Annual Contracted Quantity will be supplied during the balance term of the Agreement.

Illustration: Adjustment of Annual Contracted Quantity post verification by the Final Verification Agency

Description	Formula	Value
Annual Contracted Quantity	A	20,500 TPA
Time taken by the Final Verification Agency to verify the Coal Requirement	B	4 months
Say, total quantity supplied prior to the verification by the Final Verification Agency	C	8,500 Tonnes
Annual Contracted Quantity post verification by the Final Verification Agency	D	17,065 TPA
Annual Contracted Quantity post verification by the Final Verification Agency (post adjustment for the Transport Factor)	E	17,000 TPA
Excess supply before the verification by Final Verification Agency is available	$F = C - (E \times B/12)$	2,833 Tonnes
Residual Period	$G = 24 - B$	20 months
Required Monthly Adjustment	$H = F / G$	142 Tonnes
Scheduled Quantity to be supplied during the Residual Period	$I = (E/12) - H$	1,275 Tonnes

5.1.3 Procedure to be followed for verification of the RFP information by Final Verification Agency:

The detailed procedure to be followed is enclosed as Annexure V.

5.2 Annual Contracted Quantity post Grant of Mine Opening Permission by Coal Controllers’ Organization (CCO)

- (a) In the event, mine opening permission for captive coal mine(s) allocated for Specified End Use Plant has been granted post execution of this Agreement, the Purchaser, shall within 15 days of the grant of mine opening permission by CCO, submit the CCO Certificate to the Seller. In case the Purchaser fails to submit the said CCO Certificate in accordance with this Clause 5.2(a), the Seller shall have the right to terminate this Agreement and invoke the Performance Security.
- (b) Upon submission of the CCO Certificate, the Annual Contracted Quantity shall be adjusted on the basis of the Scheduled Production (on year-on-year basis) submitted by the Purchaser as part of the CCO Certificate. Such adjustment shall be carried out

for the period post grant of mine opening permission by CCO and shall be on the basis of the annual energy requirement of the Specified End Use Plant met through the Scheduled Production for each Year in accordance with the following formula:

Annual Contracted Quantity for the Year = [Adjustment Factor x Energy Requirement of the Specified End Use Plant for the Year] / [(10⁹) multiplied by (the average gross calorific value of the Contracted Grade as specified in *Annexure III*)]

wherein,

Adjustment Factor shall be [insert value]

Energy Requirement of the Specified End Use Plant for the Year = (Normative Energy Requirement *minus* Energy requirement corresponding to the Scheduled Production of the Year)

Where a coal mine has been allocated for multiple plants, then the Energy Requirement of the Specified End Use Plant shall be calculated after proportionately factoring the Scheduled Production from the said mine.

- (c) In the event Energy Requirement of the Specified End Use Plant for the Year, as computed in Clause (b) above, is more than [insert total energy requirement met in kcal] (i.e. the total energy requirement of the Specified End Use Plant met during the Auction for(name)Sub-sector under Tranche [insert]), there shall be no adjustment in the Allocated Quantity.
- (d) In the event the energy requirement of the Specified End Use Plant for the Year, as computed in Clause (b) above, is less than or equal to zero, then Annual Contracted Quantity for that year shall be zero. In the event, the energy requirement of the Specified End Use Plant for the Year, as computed in Clause (b) above, for each year during the Term of the Agreement is less than or equal to zero, then the Agreement shall be terminated.
- (e) In the event that the Annual Contracted Quantity for any Year pursuant to this Clause, is not an integer multiple of the Transport Factor, such Annual Contracted Quantity for the Year shall be decreased and rounded off (downwards) to the nearest integer multiple of the Transport Factor.

Note: Clauses related to Coal block and Captive coal mine in this agreement are not applicable/relevant for 'Production of syn gas leading to coal gasification' subsector.

5.3 **End-use of Coal**

The total quantity of the coking/non-coking coal(delete whichever is not applicable) Coal/Contracted Grade of Coal supplied pursuant to this Agreement shall only be utilized in the Specified End Use Plant. The Purchaser shall not sell, divert and/or transfer the Coal/ Contracted Grade of Coal for any purpose whatsoever and any such sale, diversion and/ or transfer shall be treated as material breach of Agreement. In the event that the Purchaser engages in any such sale, diversion, transfer and/ or trade of Coal/ Contracted Grade of Coal, the Seller shall, after giving the Purchaser a due opportunity of being heard on the matter, be entitled to terminate this Agreement without any liabilities or damages whatsoever payable to the Purchaser.

It is expressly clarified that the Seller shall reserve the right to call for any document(s) from

the Purchaser to verify the end-use of the Coal/ Contracted Grade of Coal and satisfy itself of the accuracy of the contents thereof. The Purchaser shall have the obligation to comply with the Seller's directions and shall extend full co-operation to the Seller in carrying out such verification.

For the purpose of the aforesaid verification, the Seller may also rely on certification(s) from erstwhile sponsoring authorities viz. the District Industries Centre, Director of Industries or any other Department as may be nominated by relevant State Governments for determining the existence and status of operation of the Specified End Use Plant.

Without prejudice to the above rights of the Seller, in case of specific complaints regarding non-utilization of Coal in accordance with this Agreement, such complaints may be referred to the relevant department(s) or agencies for suitable action.

5.4 Sources and Mode of Supply

The Seller shall endeavor to supply the Contracted Grade of Coal at the Delivery Point. In case the Seller is not in a position to supply the Scheduled Quantity of the Contracted Grade of Coal at the Delivery Point on account of a Force Majeure Act or any other reason, the Seller shall have the option to supply the balance quantity of the Contracted Grade of Coal from the secondary source(s) indicated in *Annexure III* ("**Secondary Source(s)**"). Further, in case of supply of the Contracted Grade at the Secondary Source, the Purchaser shall accept the Contracted Grade of Coal directly from such Secondary Source(s). Additional costs incurred due to supply of the Contracted Grade of Coal at the Secondary Source(s) shall be borne by the Purchaser.

No flexibility shall be given to the Purchaser to take delivery of the Contracted Grade of Coal through any mode other than the mode specified in *Annexure III except where change of mode from Rail to Road is approved by the Seller as per Annexure-X or modalities circulated/notified/updated/modified by CIL/coal companies time to time.*

5.5 Scheduled Quantity

5.5.1 The Annual Contracted Quantity shall, unless otherwise agreed to in writing between the Parties, be delivered in equal monthly quantities during the Year which shall be calculated as Annual Contracted Quantity/12 ("**Scheduled Quantity**" or "**SQ**"); provided that during the first Year of the Term, the Scheduled Quantity shall be suitably pro-rated (i.e. the Scheduled Quantity to be delivered shall be computed suitably commencing from the Signature Date till 31st March of the next Year).

5.5.2 In case of supply by rail, the Parties agree that in case the Purchaser is unable to lift the Scheduled Quantity due to shortfall in the quantity necessary for formation of rake for transportation through rail mode, the balance Scheduled Quantity will be carried forward to the subsequent Month(s)/ Year(s). As and when such carried forward quantity is adequate to form a rake for transportation through rail mode, the same shall be supplied to the Purchaser. If at the end of the Term, any residual Scheduled Quantity remains (including any quantity which has been carried forward as aforesaid), the same shall be dealt with in the following manner:

- (a) in case the residual Scheduled Quantity is 2000TPA or more, the Purchaser will be supplied with the quantity equivalent to one rake; and
- (b) in case the residual Scheduled Quantity is less than 2000TPA, such quantity will lapse.

5.5.3 Notwithstanding anything to the contrary contained herein, if for a Year, the Level of Lifting by the Purchaser falls below the thresholds specified in Clause 5.6.1 solely on account of the fact that the Purchaser has been unable to lift the Scheduled Quantity due to shortfall in the quantity necessary for formation of rake for transportation through rail mode, the Purchaser shall not be liable to pay any penalty for shortfall in the Level of Lifting caused due to the above mentioned reason.

5.5.4 The total variation in the monthly Scheduled Quantity shall not, unless otherwise agreed to in writing by the Parties, exceed 10% (ten per cent.) of the Scheduled Quantity.

5.6 Penalty for short delivery/lifting

5.6.1 Subject to the provisions of Clause 5.5.3, if for a Year, the Level of Delivery by the Seller or the Level of Lifting by the Purchaser falls below 75% (seventy five per cent.) with respect to that Year, then the defaulting Party shall be liable to pay penalty to the other Party for such shortfall in Level of Delivery or Level of Lifting, as the case may be (“**Failed Quantity**”) in terms of the following:

Level of Delivery/ Level of Lifting in a Year	Percentage of Penalty for the Failed Quantity (at the price payable under Clause 11 for Contracted Grade of Coal supplied)
Below 75% but up to 70% of ACQ	0 -5
Below 70% but up to 65% of ACQ	5-10
Below 65% but up to 60% of ACQ	10-20
Below 60% but up to 50% of ACQ	20-40
Below 50%	40

The penalty shall be computed in the same manner as done slab-wise for computation of income-tax. However, unlike income tax, the percentage of penalty shall grow on a linear basis within each slab.

Illustration:

- (a) If the Level of Delivery/ Level of Lifting is below 75% (seventy five per cent.) but up to 70% (seventy per cent.) of the ACQ, the penalty would be 1% (one per cent.) for each percentage shortfall in Level of Delivery/ Level of Lifting below 75% (seventy five per cent.);
- (b) If the Level of Delivery/ Level of Lifting is below 70% (seventy per cent.) but up to 65% (sixty five per cent.) of the ACQ, the penalty would be 5% (five per cent.) plus (1% (one per cent.) for each percentage shortfall in Level of Delivery/ Level of Lifting below 70% (seventy per cent.);
- (c) If the Level of Delivery/ Level of Lifting is below 65% (sixty five per cent.) but up to 60% (sixty per cent.), the penalty would be 10% (ten per cent.) plus (2% (two per cent.) for each percentage shortfall in Level of Delivery/ Level of Lifting below 65% (sixty five per cent.);
- (d) If the Level of Delivery/ Level of Lifting is below 60% (sixty per cent.) but up to 50%, the penalty would be 20% (twenty per cent.) plus (2% (two per cent.) for each percentage shortfall in Level of Delivery/ Level of Lifting below 60% (sixty per cent.); and

- (e) If the Level of Delivery/ Level of Lifting is below 50%, the penalty would be 40% (forty per cent.).
- 5.6.2 Penalty for the Failed Quantity shall be payable by the defaulting Party to the other Party within a period of 90 (ninety) days from the date of receipt of a claim in this regard from the non-defaulting Party. In the event of non-payment within the due date, the defaulting Party shall be liable to pay interest as mentioned in Clause 13. In the event that the penalty along with interest payable thereon is not paid within a period of 180 (one hundred and eighty) days of receipt of the claim as aforesaid, the Seller shall have the right to invoke the Performance Security.

5.7 Level of Delivery and Level of Lifting

- 5.7.1 The Level of Delivery with respect to a Year shall be calculated in the form of percentage as per the following formula:

$$\text{Level of Delivery (LD)} = \frac{(\text{DQ} + \text{DDQ} + \text{FM} + \text{RF}) \times 100}{\text{ACQ}}$$

Where:

LD = Level of Delivery of the Contracted Grade of Coal by the Seller for the Year.

DQ = Delivered Quantity, namely, aggregate of actual quantities of the Contracted Grade of Coal delivered by the Seller for the Year.

DDQ = Deemed Delivered Quantity, reckoned in the manner stated in Clause 5.9.

FM = Proportionate quantity of the Contracted Grade of Coal which could not be delivered by the Seller for a Year due to occurrence of a Force Majeure Act affecting the Seller and / or the Purchaser, calculated as under:

$$\text{FM} = \frac{\text{ACQ} \times \text{Number of days lost under applicable Force Majeure Act}}{365}$$

Note: For the purpose of calculation of 'Number of days lost under applicable Force Majeure Act', the period affecting both the Parties shall be counted only once.

RF = Quantity of the Contracted Grade of Coal that could not be supplied by the Seller for the Year owing to the Railways not allotting wagons or not placing allotted wagons for loading within 180 days of allotment, in spite of specific valid indent/offer submitted by the Seller to the railways against valid program(s) submitted by the Purchaser for the purpose.

- 5.7.2 Level of Lifting with respect to a Year shall be calculated in the form of percentage as per the following formula:

$$\text{Level of Lifting (LL)} = \frac{[(\text{ACQ} - \text{FM}) - \text{DDQ}] \times 100}{(\text{ACQ} - \text{FM})}$$

Where:

- LL = Level of Lifting of the Contracted Grade of Coal by the Purchaser for the Year.
- DDQ = Deemed Delivered Quantity, reckoned in the manner stated in Clause 5.9.

- FM = Proportionate quantity of the Contracted Grade of Coal which could not be lifted by the Purchaser for a Year due to occurrence of a Force Majeure Act affecting the Seller and / or the Purchaser, calculated as under:

$$FM = \frac{ACQ \times \text{Number of days lost under applicable Force Majeure Act}}{365}$$

Note:

- For the purpose of calculation of ‘Number of days lost under applicable Force Majeure Act’, the period affecting both the Parties shall be counted only once.
- Non supply of rake by Railways within 180 days of allotment shall not be construed as failure on the part of the Purchaser

5.8 For the purpose of computing DDQ and RF, the weight per rake will be that declared by the Seller for any rake-load. The weight so derived will be used for calculation of penalty from either the Purchaser or the Seller.

5.9 **Deemed Delivered Quantity**

For the purpose of this Agreement, the aggregate of the following items provided under Clause 5.9.1 to Clause 5.9.2 shall constitute the Deemed Delivered Quantity with respect to a Year:

5.9.1 For supply of Coal by rail

- (f) The quantity of the Contracted Grade of Coal not supplied by the Seller owing to omission or failure on the part of the Purchaser to submit in advance the designated rail program(s) to the Seller as per agreed time-table with respect to the Scheduled Quantity in accordance with Clause 8.2.
- (g) The quantity of the Contracted Grade of Coal not supplied by the Seller owing to cancellation, withdrawal or modification of the rail program(s) by the Purchaser after its submission whether before or after allotment of wagon(s) by Railways.
- (h) The quantity of the Contracted Grade of Coal not supplied by the Seller owing to the Seller exercising the right of suspension of supplies in terms of Clause 14.
- (i) The quantity of the Contracted Grade of Coal not supplied by the Seller owing to the Purchaser failing or omitting to fulfill the requirements under Clause 12.
- (j) The quantity of the Contracted Grade of Coal offered by the Seller which is not accepted by the Purchaser.

5.9.2 For Supply of Coal by road

- (a) The quantity of the Contracted Grade of Coal not supplied by the Seller owing to omission or failure on the part of the Purchaser to book orders for the Scheduled Quantity in terms of Clause 8.2.2.
- (b) The quantity of the Contracted Grade of Coal not supplied by the Seller owing to the Purchaser’s failure to place the requisite number / type of road transport at the Delivery Point for delivery of the Contracted Grade of Coal within the validity period of the sale order/delivery order.

- (c) The quantity of the Contracted Grade of Coal not supplied by the Seller owing to the Seller exercising the right of suspension of supplies in terms of Clause 14.
 - (d) The quantity of the Contracted Grade of Coal not supplied by the Seller owing to the Purchaser failing or omitting to fulfill the requirements under Clause 12.
 - (e) The quantity of the Contracted Grade of Coal offered by the Seller which is not accepted by the Purchaser.
- 5.9.3 Deemed Delivered Quantity in terms of Clause 5.9.1 and Clause 5.9.2 shall be calculated on a cumulated Monthly basis for a Year.

6. QUALITY

The quality of the Contracted Grade of Coal to be supplied at the Delivery Point shall, as far as possible, be within the specifications as set out in *Annexure III*. The Seller shall take all reasonable steps to remove stones above 250mm (in size), shale and extraneous matters before the loading of the Contracted Grade of Coal. A complaint, if any, regarding the quality of the Contracted Grade of Coal shall be made by the Purchaser giving specific details of the consignment to the General Manager/HOD (Marketing & Sales) of the Seller.

7. WEIGHMENT OF COAL

- 7.1 If the Contracted Grade of Coal is delivered for dispatch by rail, each wagon shall be weighed at the weighbridge of the Seller at the Delivery Point and the recorded weight shall be entered in the relevant dispatch document/ railway receipt. Such recorded weight shall form the basis for raising bills by the Seller. The weighment shall be on wagon to wagon basis in the manner described hereinafter:
- 7.1.1 In case wagons are weighed on an electronic weighbridge, the weight recorded in the computerized print out shall be taken as the weight for the respective wagon. In the absence of a computerized print out facility, the weight as certified by the railways shall be reckoned as the weight and shall be binding on the Parties.
 - 7.1.2 In the absence of electronic weighbridges, the weighment shall be done on the mechanical weighbridges at the Delivery Point.
 - 7.1.3 In the cases not covered by Clause 7.1.1 or Clause 7.1.2 above, the weight recorded on the relevant dispatch document/ railway receipt as per existing practice of the railways shall be reckoned as the weight and shall be binding on the Parties. However, the wagons will be loaded up to the permissible capacity fixed by the railways for such wagons on the basis of volumetric measurement.
- 7.2 If the Contracted Grade of Coal is delivered for dispatch by road, the weight recorded at the weighbridge of the Seller at the concerned Delivery Point and as mentioned in the dispatch document shall be binding on the Parties.
- 7.3 The Purchaser shall be entitled to depute an authorized representative to witness the weighment / loading of the wagon(s) at the Delivery Point.
- 7.4 The weighbridges at the Delivery Point at Seller's end shall be calibrated and maintained as per Applicable Laws. The Seller shall regularly monitor the accuracy of the weighbridges. If and when any weighbridge is found to be out of order, after remedying the defect as

expeditiously as possible, the Seller shall arrange for calibration thereof, wherever necessary, as per Applicable Laws.

8. METHOD OF ORDER BOOKING AND DELIVERY OF THE COAL

8.1 Order Booking by Rail

- 8.1.1 In terms of the notice issued by the Seller before the commencement of a month, the Purchaser shall submit a programme for supply of the Scheduled Quantity in writing to the Seller, as per the applicable railway rules and the Seller's notified procedures. The Purchaser shall also ensure compliance of the requirements under Clause 11. Thereafter, the Seller shall process for issuance of the consent of the programme.
- 8.1.2 The validity period of the monthly programme for movement by rail for seeking allotment shall be till the last day of the month concerned. The consent of the programme to be issued by the Seller shall not remain valid after the above period. Once the rake is allotted, it shall remain valid for supply till 180 days of the date of allotment.
- 8.1.3 The Seller shall thereupon submit a specific indent/offer based on the valid rail programme(s) to the railways as per the extant railway rules for the allotment and placement of wagons during the concerned month in conveniently spaced intervals.
- 8.1.4 The wagons shall be booked on "freight to pay" or "freight pre-paid" basis, as applicable based on arrangements made by the Purchaser with the railways in this regard.

8.2 Order Booking by Road

- 8.2.1 The Seller shall notify the Purchaser of the monthly time schedule for order booking (by road) and advance payment and the Purchaser shall deposit 100% (one hundred per cent.) of the Advance Payment in the manner provided in Clause 8.2.2, for the Scheduled Quantity.
- 8.2.2 The Purchaser shall place orders with the Seller for the Scheduled Quantity by making advance payment of the full value of the respective order ("**Advance Payment**"), within the period as notified by the Seller. The Advance Payment may also be made in 3 (three) installments each of 10 (ten) days value of the Contracted Grade/ Base GCV (in case of Cost Plus source) of Coal in accordance with the terms and conditions including the time periods of depositing the installments, as stipulated in the monthly notice issued by the Seller under Clause 8.2.1.
- 8.2.3 Subject to receipt of the Advance Payment the Seller shall arrange to issue sale order(s)/delivery order(s) and shall also issue necessary loading programme / schedule from time to time. The Purchaser shall arrange to place the required number / type of trucks to lift the Contracted Grade of Coal as per such loading programme / schedule. The Seller shall ensure that the sale order / delivery order in favour of the Purchaser is prepared promptly upon receipt of a notice in this regard from the Purchaser and that the same reaches the Delivery Point/ weighbridge within 5 (five) working days of the last day specified in the notice for booking orders in terms of Clause 8.2.1
- 8.2.4 The Seller shall ensure delivery and the Purchaser shall ensure lifting of the Coal against sale order / delivery order of any month within the validity period of 45 (forty five) days, as mentioned in the sale order/ delivery order.
- 8.2.5 In the event of any Scheduled Quantity remaining undelivered / unlifted, the Purchaser shall be entitled to receive, once the validity period of the sale order/ delivery order expires, the refund of any payments made by the Purchaser to the Seller for such quantity. The refund

with respect to a particular month shall be made by the Seller within 30 (thirty) days from the date of receipt of an application for refund from the Purchaser.

9. DETERMINATION OF COAL QUALITY

9.1 Third Party Sampling

9.1.1 The Third Party Sampling facility shall be extended as an option to the buyers from sources other than Cost Plus. Third Party Sampling is mandatory for supplies from Cost Plus Sources. In case third party sampling could not be carried out for any reason, carrying out joint sampling shall be mandatory.

9.1.2 Notwithstanding anything to the contrary contained herein, the Purchaser shall be required to inform the Seller in writing on the Signature Date whether it proposes to avail third party sampling from a Third Party Agency in accordance with the terms hereof. Purchaser who is not desirous of availing the option of third party sampling shall give an undertaking to this effect.

9.1.3 In the event the Purchaser intimates the Seller that it is desirous of availing third party sampling by the Third Party Agency, such facility shall be allowed as per following conditions.

(i) The facility shall be extended at the Delivery Point only and such third party sampling shall be undertaken for the supplies against this FSA in accordance with the procedure for third party sampling for non- power consumers as per **Annexure VII**.

(ii) If for any reason whatsoever, the third party sampling cannot be conducted in accordance with the procedure for third party sampling for non- power consumers as per **Annexure VII**, joint sampling and analysis shall be carried out by the Seller in presence of the Purchaser at the Delivery Point in accordance with the modalities for joint sampling as noted in **Annexure VII**. However, failure of the purchaser to be present will not invalidate or be a ground for disputing the sampling and analysis carried out by the seller.

(iii) If for any reason whatsoever, the third party sampling/ joint sampling cannot be conducted in accordance with the procedure for third party sampling for non- power consumers as per **Annexure VII**, the said consignment will be treated in the manner as in case of buyers not desirous of third party sampling. However, the same is not applicable in case of Cost Plus sources.

(iv) For commencement of third party sampling a Tripartite agreement shall be signed by the purchaser, seller and the third party within a time frame as decided mutually by the parties involved as per format available with Coal Company. Till such time 9.1.3(ii) or 9.1.3 (iii) shall be applicable as the case may be.

(v) 50% share of the cost of third party sampling shall be borne by the purchaser in terms of the tripartite agreement. Such payment shall be made by the purchaser directly to the third party agency.

9.1.4 In case of a variation of Grade of Coal (decided on the basis of third party sampling by a the Third Party Agency/joint sampling/referee lab as applicable) as compared to the contracted grade of coal, the winning premium shall be added on the Modulated Price of the supplied grade of coal as illustrated below:

Illustration:

Contracted Grade	G6
Reserve Price (Rs./ Tonne) (B)	2,280
Winning Premium at the time of auction (Rs./ Tonne) (C)	300
Winning Premium (in % terms at the time of auction) (D=C/B)	13.16
Actually Supplied Grade	G7
Modulated Price of Supplied Grade (Rs./ Tonne) (E)	1,920
Premium of Supplied Grade (Rs./ Tonne) (F=E*D)	252.67
Price Payable for G7 Grade (Rs/Tonne) (I = E+F)	2,172.67

For coking coal [delete if not applicable]:

Contracted Grade	Washery Grade II
Reserve Price (Rs./ Tonne) (B)	3,210
Winning Premium at the time of auction (Rs./ Tonne) (C)	300
Winning Premium (in % terms at the time of auction) (D=C/B)	9.35
Actually Supplied Grade	Washery Grade III
Modulated Price of Supplied Grade (Rs./ Tonne) (E)	2,750
Premium of Supplied Grade (Rs./ Tonne) (F=E*D)	257.1
Price Payable for Washery III Grade (Rs/Tonne) (I = E+F)	3007.1

A similar procedure to calculate the applicable price will be followed in case of upward variation in the Contracted Grade of Coal.

For non-coking coal [Delete if not applicable]: Notwithstanding the above, it is clarified that if pursuant to the third party sampling by a Third Party Agency, the test results establish that the Grade of Coal supplied falls outside the categorization stipulated in Table I of the Ministry of Coal notification dated June 16, 1994, as modified from time to time, then the supplied coal shall be deemed to be non-coking coal. Such non-coking coal shall be graded on GCV bands and the grade for such non-coking coal shall be established on the GCV band within which it falls. Accordingly, in such a case, the winning premium (insert in numbers)% [(insert in words) per cent.] shall be added on the Modulated Price of the supplied grade of non- coking coal.

Note: It is clarified that the winning premium shall be rounded to the nearest second decimal.

For Cost Plus Source:

In case of a variation of Analyzed GCV of coal supplied (decided on the basis of third party sampling by a the Third Party Agency/joint sampling/referee lab, as applicable) as compared to the Base GCV of the contracted coal, the winning premium shall be added on the Indexed/ Modulated Price on the Analysed GCV of the coal supplied as illustrated below:

$$\frac{\text{Modulated Price (x) Analysed GCV as defined under clause 1.1cc(i)}}{\text{Base GCV as defined under clause 1.1cc(ii)}}$$

Illustration:

Base GCV (G9) (A)	4623
Reserve Price (Rs./ Tonne) (B)	2842

Winning Premium at the time of auction (Rs./ Tonne) (C)	100
Winning Premium (in % terms at the time of auction) (D=C/B)	3.52%
Actually Supplied GCV/ Analysed GCV (G10) (E)	4500
Modulated Price of Supplied Grade (Rs./ Tonne) (F=B*E/A)	2766.39
Premium of Supplied Grade (Rs./ Tonne) (G=F*D)	97.38
Price Payable for Analysed GCV (Rs/Tonne) (H = F+G)	2863.77

9.1.5 Purchaser who does not opt for third party sampling on the signature date may once exercise this option subsequently, any time during the term of the agreement. It is further provided that the purchaser opting for third party on either on signature date or subsequent date may be allowed to discontinue the arrangement subject to written consent of the buyer. However once the buyer opts out of third party sampling after availing it, he shall not be allowed to opt for third party sampling again in the entire term of the agreement. It is however clarified that Third Party Sampling is mandatory for supplies from Cost Plus Sources. In case third party sampling could not be carried out for any reason, carrying out joint sampling shall be mandatory.

9.1.6 Notwithstanding anything to the contrary contained herein, in the event that the Purchaser does not opt for third party sampling by a Third Party Agency, it shall be obligated to pay, the As Delivered Price in respect of the Contracted Grade of Coal delivered to it and shall not, in any way be entitled to benefit from or rely on the results of third party sampling availed by any other purchaser of Coal. (Not applicable to supplies from Cost Plus sources).

10. TRANSFER OF TITLE

Once delivery of the Contracted Grade of Coal has been effected at the Delivery Point by the Seller, the property, title and risk in/ of the Contracted Grade of Coal so delivered shall stand transferred to the Purchaser in terms of this Agreement. Thereafter, the Seller shall in no way be responsible and/ or liable for the security or safeguard of the Contracted Grade of Coal so transferred. The Seller shall have no liability whatsoever, including towards increased freight or transportation costs, as regards any diversion of wagons/ rakes/ road transport en-route for whatever causes, by the railways, road transporter and/ or any other agency.

11. PRICE OF CONTRACTED GRADE OF COAL

- The price to be paid by the Purchaser with respect to the Contracted Grade of Coal delivered shall be computed on the basis of the following:
 - Wholesale Price Index (WPI) will be used for indexing of the basic price of NRS Linkage auction by applying on prevailing Modulated Price as on 31st March of the year (for the first year of indexing i.e. on 1st April 2023, WPI will be applicable on Notified Price to arrive Modulated Price). Indexation of basic price may be done to the extent of 25% (1/4th) of the movement of WPI.
 - The change in price with WPI (Indexed Price) over previous year shall have an cap of +5%/-2.5% at the upper end and lower end.
 - The Modulated Price, applicable for supply, shall be the Indexed Price or and the prevailing notified price for NRS consumers, whichever is higher. In case of revision in Notified Price anytime during the year, the new Modulated Price shall be arrived by taking the Notified price or the prevailing Modulated Price, whichever is higher. The new Modulated Price will be effective from the date of such revision. The Modulated Price, so arrived, will be rounded off to the next higher integer.
 - The Modulated Price will be calculated on the basis of movement of final WPI index of

December every year vis a vis December last year and will be made effective from 1st of April of the following year, starting from 1st April 2023.

- The Winning Premium fetched at the time of auction (over Reserve Price) will remain constant and shall be applicable as a percentage over the Modulated Price.
 - In case there is change in Modulated Price during the course of auction of a subsector, either due to change in notified price or application of new Modulated Price(in April), the ongoing auction will continue with the earlier modulated price. However, during actual supply, the new Modulated Price will be applicable.
 - CIL reserves the right to change/amend/modify the above mentioned indexation methodology/parameters and the same shall be binding on Seller and Purchaser for all commercial and operational provisions under this agreement.
 - As Delivered Price of Coal = [aggregate of the (Modulated Price) and (the Winning Premium multiplied by Modulated Price)] multiplied by [the relevant quantity of the Contracted Grade of Coal supplied].
 - The As Delivered Price of Coal computed pursuant to the above shall exclude sizing charges, transportation charges up to the Delivery Point, rapid loading charges, statutory charges, levies and other charges as may be applicable from time to time, which shall be additionally payable by the Purchaser.
- All royalties, taxes, duties, cess, and such statutory levies payable to the State Government, Central Government and/ or to any other statutory authority on the supply, dispatch and delivery of Contracted Grade of Coal under this Agreement shall be borne by the Purchaser.
 - In all cases the entire freight charges, irrespective of the mode of transportation of the Coal supplied, shall be borne by and to the account of the Purchaser.
 - Notwithstanding anything to the contrary contained herein, the Purchaser shall be liable to make payment to the Seller in terms of this Agreement, on the basis of Contracted Grade with respect to all quantity of Coal supplied, irrespective of when and in what condition the loaded wagons/ rakes/ road transport vehicles reach or do not reach the destination.

For Cost Plus source:

- The supply price(based on Modulated Price) of cost plus source[name of source] shall be fixed by WCL using applicable indexation mechanism for the source. The price shall be notified by WCL at periodic intervals [mention the periodicity] as per the indexation mechanism.

Indexation Mechanism of Cost plus mine:
[To be filled up by concerned coal company]

- The Modulated Price, applicable for supply, shall be calculated based on Indexed Price of Cost Plus Mine applicable for NRS Linkage auction consumers.
- The Winning Premium fetched at the time of auction (over Reserve/Floor Price) will remain constant and shall be applicable as a percentage over the Modulated Price, applicable at the time of supply of coal.
- CIL/WCL reserves the right to change/amend/modify the above mentioned indexation methodology/parameters and the same shall be binding on Seller and Purchaser for all commercial and operational provisions under this agreement.
- As Delivered Price of Coal = [aggregate of the Modulated Price based on cost plus source specific price notified by WCL) and (the Winning Premium(%) multiplied by Modulated Price)] multiplied by [the relevant quantity of the Contracted Grade of Coal supplied].
- The As Delivered Price of Coal computed pursuant to the above shall exclude sizing charges, transportation charges up to the Delivery Point, rapid loading charges, statutory charges, levies and other charges as may be applicable from time to time, which shall be

additionally payable by the Purchaser.

- All royalties, taxes, duties, cess, and such statutory levies payable to the State Government, Central Government and/ or to any other statutory authority on the supply, dispatch and delivery of Contracted Grade of Coal under this Agreement shall be borne by the Purchaser.
- In all cases the entire freight charges, irrespective of the mode of transportation of the Coal supplied, shall be borne by and to the account of the Purchaser.
- Notwithstanding anything to the contrary contained herein, the Purchaser shall be liable to make payment to the Seller in terms of this Agreement, on the basis of Contracted Grade with respect to all quantity of Coal supplied, irrespective of when and in what condition the loaded wagons/ rakes/ road transport vehicles reach or do not reach the destination.

12. FINANCIAL COVERAGE, BILLING, PAYMENT, OVERLOADING AND UNDER LOADING

12.1 Supply of Contracted Grade of Coal by Road

For road dispatches, Advance Payment pursuant to Clause 8.2 shall be made by way of wire transfer of the amount by way of National Electronic Funds Transfer or Real Time Gross-settlement, to the below mentioned bank account of the Seller or through any other payment mode as notified by the Seller:

[insert beneficiary name]
[insert bank account number]
[insert bank name]
[insert bank address]
[insert details of type of account]
[insert IFSC Code].

12.2 Supply of Contracted Grade of Coal by Rail

12.2.1 The Purchaser shall submit a financial coverage in the form of a banker's cheque/ demand draft or a bank guarantee issued by an Acceptable Bank in the format set out in **Annexure VIII** ("Financial Coverage Bank Guarantee" or "Financial Coverage BG") for an amount equal to the estimated As Delivered Price of Coal for 30 (thirty) days of Coal supplies, i.e. ACQ/12, subject to a minimum amount equivalent to the As delivered Price of Coal of 1 (one) rake-load, as indicated in the notice by the Seller ("Financial Coverage").

12.2.2 The Financial Coverage BG shall be kept operative and valid by the Purchaser for the Term and for a further period of 180 (one hundred and eighty) days thereafter, and shall be encashable at [insert place]. In case of any increase in the As Delivered Price of Coal pursuant to Clause 11, the amount of the Financial Coverage BG shall be increased commensurately within 7 (seven) days of such increase. The Purchaser shall ensure that at all times the amount of the Financial Coverage BG is not less than the estimated As Delivered Price of Coal for 30 (thirty) days of Coal supplies, i.e. ACQ/12, subject to a minimum amount equivalent to the As Delivered Price of Coal of 1 (one) rake-load of the Contracted Grade of Coal.

12.2.3 The Seller shall, by way of a notice to be put up on the notice board at its registered office, inform the Purchaser of the value to be paid through demand draft / banker's cheque at least 3 (three) working days in advance before the expected date of offer to the railways for allotment of rakes. The Purchaser shall accordingly be required to deposit demand draft / banker's cheque along with a debit advice issued by the drawee bank to the tune of the value of the Contracted Grade of Coal in rake loads to be offered as per the notice, within 48 (forty

eight) hours of such notice. The quantity in any single offer within a month shall not exceed the quantity as per the Financial Coverage in terms of Clause 12.2.1.

12.2.4 The Financial Coverage BG in terms of Clause 12.2.1 shall be initially valid for a minimum period of 1 (one) year. The Purchaser shall ensure renewal at least 1 (one) month prior to the expiry of the Financial Coverage BG. In the event of any delay in renewing the Financial Coverage BG, as an interim measure, the Purchaser will be allowed to lift supplies of the Contracted Grade of Coal subject to making payment to the Seller by banker's cheque/ demand draft or through any other payment mode as notified by the Seller of an amount equivalent to the value of the Financial Coverage BG immediately prior to its expiry. The Purchaser shall be entitled to a refund of such payment on providing due replacement through a valid bank guarantee. The Seller shall have the right to suspend supplies of the Contracted Grade of Coal or invoke the Performance Security, without any notice, in the event that there is no valid and subsisting Financial Coverage BG for the amount stated hereinabove as per Clause 12.2.1 and the Purchaser has not deposited any payment (by banker's cheque/ demand draft) in lieu of such Financial Coverage BG.

12.2.5 Notwithstanding anything to the contrary contained herein, in the event that the Acceptable Bank issuing the Financial Coverage BG does not permit a partial invocation of the Financial Coverage BG in accordance with the terms of this Agreement, the Seller shall be entitled to invoke the whole Financial Coverage BG and recover thereunder, the amounts due to it and the balance amount, if any, shall be refunded immediately to the Purchaser within 1 (one) day of replenishment of the Financial Coverage BG to the Seller, in the manner as stipulated hereinabove.

12.2.6 In case the MSQ less than one(1) rake quantity(i.e. ACQ less than 12 rakes), the bidder may opt for the following additional method of payment in place of keeping '**Financial Coverage**' mentioned above, in consultation with coal companies:

- Payment of 110% of coal value in cash / banker's cheque/ demand draft coal value in advance along with submission of Rail program to coal company

12.3 **Billing and Payment**

The Seller shall raise the Coal supply bills on a rake-to-rake basis for delivery of the Contracted Grade of Coal by rail. Bills for delivery of the Contracted Grade of Coal by road shall be prepared by the Seller on a periodical basis. Bills shall be prepared by the Seller on the basis of the Contracted Grade/ Base GCV of coal (in case of Cost Plus source) of Coal. The Purchaser shall, within 2 (two) Business Days after receipt of a bill/invoice from the Seller for supplies effected by rail, make full payments to the Seller, subject to adjustment of the amounts already paid in advance by the Purchaser pursuant to Clause 12.2.3, with respect to each such bill / invoice. The payment shall be made through wire transfer of the amount by way of National Electronic Funds Transfer or Real Time Gross-settlement or through any other payment mode as notified by the Seller, to the below mentioned bank account of the Seller:

[insert beneficiary name]
[insert bank account number]
[insert bank name]
[insert bank address]
[insert details of type of account]
[insert IFSC Code].

In the event of non-payment within the aforesaid stipulated period, the Purchaser shall be

liable to pay interest in accordance with Clause 13.

12.4 **Overloading and Under loading**

12.4.1 The Purchaser shall be responsible to take delivery of the Contracted Grade of Coal at the Delivery Point and ensure that there is no overloading. Any penal freight for overloading charged by the railways for any consignment shall be payable by the Purchaser. However, if overloading is detected from the Delivery Point consistently during 3 (three) continuous months, the Purchaser shall duly inform the Seller of the same.

12.4.2 For non-coking coal of GCV exceeding 5800 KCal/ Kg and coking coal of steel grade I, steel grade II, washery grade I, washery grade II, semi-coking grade I, semi-coking grade II and washed coal; any idle freight on account of loading below the following namely, the:

- (i) stenciled carrying capacity as shown on the wagon; or
- (ii) carrying capacity based on the actual tare weight, where the empty wagon has been weighed; or
- (iii) permissible carrying capacity as notified by the railways (route-wise) for any particular type of wagon from time to time, in case stenciled carrying capacity as shown on the wagon is more than the permissible carrying capacity, as the case may be, shall be borne by the Seller.

For all other Grades of Coal, any idle freight on account of under-loading below:

- (i) the stenciled carrying capacity, as shown on the wagon; or
- (ii) carrying capacity based on the actual tare weight, as the case maybe,

plus 2 (two) tonnes shall be borne by the Seller. However, in the cases where permissible carrying capacity is less than the stenciled carrying capacity, as mentioned above, the idle freight shall be borne by the Seller only up to permissible carrying capacity.

12.4.3 Idle freight resulting from under loading of wagon, as per Clause 12.4.2, shall be adjusted in the bills. Idle freight shall be reckoned as:

- (a) for non-coking coal of GCV exceeding 5800 KCal/ Kg and coking coal of steel grade I, steel grade II, washery grade I, washery grade II, semi-coking grade I, semi-coking grade II and washed coal, the difference between the freight charges applicable for the stenciled carrying capacity, as shown on the wagon or carrying capacity based on actual tare weight or permissible carrying capacity as notified by the railways (route-wise) for any particular type of wagon from time to time, in which case the stenciled carrying capacity as shown on the wagon is more than the permissible carrying capacity, as the case maybe, and the freight payable as per actual recorded weight of coal loaded in the wagon; and/or
- (b) for all other Grades of Coal, the difference between the freight charges applicable for the stenciled carrying capacity, as shown on the wagon or carrying capacity based on actual tare weight, as the case may be, plus 2 (two) tonnes less the freight payable as per actual recorded weight of the Contracted Grade of Coal loaded in the wagon. However, in the cases where permissible carrying capacity is less than the stenciled carrying capacity, as mentioned above, the difference shall be reckoned between the freight applicable for the permissible carrying capacity and the freight payable as per the actual recorded weight of the Contracted Grade of Coal loaded in the wagon.

12.5 Modalities for Billing, Claims and Payment

12.5.1 The Seller shall raise and the Purchaser shall pay the bills for Coal supplies on the Contracted Grade of Coal(or Base GCV of coal in case of Cost Plus source) in accordance with Clause 12.1 and Clause 12.2 above. Necessary reconciliations shall be done between the Parties on the basis of the analyzed Grade(or Analyzed GCV of coal in case of Cost Plus source) of Coal in accordance with Clause 9.

12.5.2 Credit/debit note, as the case may be, shall be raised by the concerned coal company towards the difference between the original price and the revised price computed as illustrated in Clause 9.2 as per the third party/Joint Sampling/referee lab result, as the case may be, within seven days after reconciliation of final results. In case of issue of Debit note, the differential price with all applicable taxes and levies shall be payable.

In case of issue of credit note, adjustment/refund of differential price along with Goods & Services Tax (GST) shall be made as applicable. Any credit in respect of other taxes and levies, shall be adjusted/refunded if and when received by the Seller.

The amount payable by the Purchaser or refundable by the Seller shall be settled within 30 (thirty) days of the signing of the annual reconciliation statement under Clause 12.5.3 . Notwithstanding the aforesaid, in the event of termination of this Agreement pursuant to Clause 17, the annual reconciliation shall be done at the time of termination and the monies shall be paid by the Purchaser or the Seller, as the case may be, within 30 (thirty) days from the date of termination of the Agreement.

12.5.3 The Parties shall jointly reconcile all payments made for the monthly Coal supplies during the Year by end of April of the following Year. The Parties shall, forthwith, give credit/debit for the amounts falling due, if any, as assessed during such joint reconciliation. The annual reconciliation statement shall be jointly signed by the authorized representative of the Seller and the Purchaser, which shall be final and binding.

12.5.4 In the event of the due date of any payment obligation under this Agreement falling on Sunday or a gazetted holiday, the next first working day shall be the effective due date for the purpose of making the payment.

13. NOTICE OF DELAYED PAYMENT AND INTEREST ON DELAYED PAYMENT

13.1 Notice of Delayed Payment

In the event that any Party owing payment of any amount to the other Party under the terms of this Agreement, defaults in making such payments as per terms of the Agreement, the Party not in default shall give a notice in writing to the defaulting Party and the matter shall thereafter be dealt with in terms of Clause 13.2 and Clause 14.

13.2 Interest on Delayed Payment

In cases of any default in making any payment due in terms of this Agreement by any Party to the other Party, the defaulting Party shall be liable to pay interest at the Interest Rate on the total sum outstanding and for the entire period for which the payment has remained overdue. Without prejudice to the foregoing, in the event the Purchaser fails to pay the overdue amount along with the interest within 30 (thirty) days, the Seller shall be entitled to invoke the Performance Security and/ or the Financial Coverage BG and suspend Coal supplies in accordance with Clause 14. For removal of doubts, it is clarified that it shall be permissible

for the Seller to adjust or recover the interest due in terms of this Clause from the Performance Security and/ or the Financial Coverage BG.

14. SUSPENSION OF COAL SUPPLIES

14.1 Notwithstanding other provisions of this Agreement (including Clause 4.3.1, Clause 12.2.4 and Clause 13.2), in the event the Purchaser fails to pay any amount including any interest, due to the Seller under this Agreement within a period of 30 (thirty) days of the same falling due, the Seller shall have the right to resort to any one or more of the following:

- (a) adjust the outstanding amount against the Performance Security by invoking the Performance Security or such portion of it as may be deemed necessary;
- (b) invoke the Financial Coverage Bank Guarantee or any cash deposit towards the Financial Coverage to the extent available and necessary to meet the outstanding dues; and/or
- (c) suspend supplies of the Contracted Grade of Coal to the Purchaser.

14.2 During the period of suspension of supplies in terms of Clause 14.1, the Seller shall be relieved of its obligations to supply the Contracted Grade of Coal to the Purchaser hereunder. However, the obligations of the Purchaser under this Agreement shall be deemed to remain in full force.

14.3 In the event of suspension of Coal supplies pursuant to this Clause, the Seller shall have the right to continue the suspension for as long as the Performance Security or the Financial Coverage, as the case may be, has not been fully replenished. The Seller shall resume the Contracted Grade of Coal supplies within 3 (three) days of payment/ adjustment of the outstanding amount together with interest as also the full replenishment of Performance Security or Financial Coverage, as the case may be.

16. SETTLEMENT OF DISPUTES

16.1 In the event of any dispute, disagreement or difference arising out of or in connection with this Agreement, including any question regarding its performance, existence, interpretation, validity, termination and the rights and liabilities of the Parties (“**Dispute**”), the Parties shall in the first instance endeavour to amicably settle the same through negotiations carried out in good faith.

16.2 For the purpose of conducting such negotiations, each Party shall designate in writing to the other Party, a representative who shall be authorised to negotiate on its behalf with a view to resolving any Dispute (the “**Representative**”). Each such Representative shall remain so authorised until his replacement has been notified in writing to the other Party, by the Party he represents.

16.3 The Representative of the Party which considers that a Dispute has arisen shall give to the Representative of the other Party, a written notice setting out the material particulars of the dispute (“**Dispute Notice**”). Within 30 (thirty) days, or such longer period as may be mutually agreed by the Parties, of the Dispute Notice having been delivered to the other Party, the Representatives of both Parties shall meet in person to attempt in good faith and using their best endeavours at all times, to resolve the Dispute. Once the Dispute is resolved, the terms of the settlement shall be recorded in writing and signed by the Representatives of the

Parties. In the event that the Representatives of the Parties fail to resolve or settle the Dispute within 90 (ninety) days of their meeting, the Parties shall be entitled to exercise the remedies available to them under Clause 16.4

- 16.4 [Not applicable for non-government plants/units] If amicable settlement as above is not possible, then the unresolved disputes or differences shall be settled through the process as given below:

“In the event of any dispute or difference relating to the interpretation and application of the provisions of commercial contract (s) between Central Public Sector Enterprises (CPSEs) / Port Trusts inter se and also between CPSEs and Government Departments / Organizations (excluding disputes concerning Railways, Income Tax, Customs & Excise Departments), such dispute or difference shall be taken up by either party for resolution through AMRCD as mentioned in DPE OM No. 05/0003/2019-FTS-10937 dated 14.12.2022.”-

17. TERMINATION OF THE AGREEMENT

17.1

The Fuel Supply Agreement(FSA), executed thereof, shall be valid for the entire tenure of the agreement. Any premature exit by the Consumer/Buyer except for the reasons of exigencies/force majeure/operational issues faced by supplying coal company including change in contracted grade/Govt. regulation shall attract following penal provisions for the Consumer/Buyer:

- (a) Forfeiture/invoke of Security deposit/ Performance Security in its entirety
- (b) Debarment from participation in immediately next/subsequent tranche of linkage auction after exit from FSA

In case of Production of syn gas leading to coal gasification subsector:

The Fuel Supply Agreement(FSA), executed thereof, shall be valid for the entire tenure of the agreement. Any premature exit by the Consumer/Buyer and/or non-compliance of fulfillment of requisites for commencement of supply of coal in case of post signing of FSA, as the case may be, except for the reasons of exigencies/force majeure/operational issues faced by supplying coal company including change in contracted grade/Govt. regulation shall attract following penal provisions for the Consumer/Buyer:

- (c) Forfeiture/invoke of Security deposit/ Performance Security in its entirety
- (d) Debarment from participation in immediately next/subsequent tranche of linkage auction after exit/termination from FSA

17.2 Termination Events

Subject to Clause 17.1, this Agreement may be terminated in the following events and in the manner specified hereunder:

- (a) in the event that the Affected Party is rendered wholly or partially unable to perform its obligations under this Agreement because of a Force Majeure Act and such inability

to perform lasts for not less than a total of 90 (ninety) days in any continuous period of 180 (one hundred eighty) days, and in the considered assessment of the other Party (“**Non-Affected Party**”) there is no reasonable likelihood of the Force Majeure Act coming to an end in the near future, the Non-Affected Party shall have the right to terminate this Agreement by giving at least 90 (ninety) days prior written notice to the Affected Party of its intention to so terminate this Agreement. In such an event, the termination shall take effect on expiry of the notice period or 90 (ninety) days whichever is later and the Parties shall be absolved of all rights/obligations under this Agreement, save those that had already accrued as on the effective date of termination of the Agreement;

- (b) in the event that the Purchaser is prevented /disabled under Applicable Law from using the Coal delivered to it under this Agreement, for reasons beyond its control, owing to changes in applicable environmental and/or statutory norms, howsoever brought into force, the Purchaser shall have the right to terminate this Agreement by giving a prior written notice of not less than 30 (thirty) days to the Seller;
- (c) in the event of any material change in the Coal distribution system of the Seller due to Applicable Laws or a Government directive/ notification at any time after the Signature Date, the Seller shall within 7 (seven) days of introduction of such change provide a written notice to the Purchaser calling for a joint review of this Agreement. If the Parties are unable to arrive at a mutually agreed position with respect to the subject matter of review, within a period of 30 (thirty) days from the date of the above mentioned notice, the Seller shall have the right to terminate the Agreement subject to a further written notice of 30 (thirty) days being given in writing to the other Party without any obligation/liability whatsoever;
- (d) in the event that the Level of Delivery falls below 30% (thirty per cent.) or the Level of Lifting falls below 30% (thirty per cent.), the Purchaser or the Seller, as the case may be, shall have the right to terminate this Agreement after providing the other Party with prior written notice of not less than 30 (thirty) days. However, such notice is to be issued within 60 (sixty) days of the end of the relevant Year; provided that the Seller shall not have a right to terminate the Agreement pursuant to this sub-clause in the event that the Level of Lifting by the Purchaser falls below 30% (thirty per cent.) solely on account of the fact that the Purchaser has been unable to lift the Scheduled Quantity due to shortfall in the quantity necessary for formation of rake for transportation through rail mode;

In the event the Level of Lifting falls below 30% (thirty per cent.) and the FSA is liable for termination, the Purchaser can keep their FSA alive by paying applicable Penalty as calculated in terms of clause 5.6 or Security Deposit(Performance Security) amount whichever is higher. The willing bidders shall have to request concerned coal companies within 30 days of completion of relevant financial year for availing such optional facility providing an undertaking that they shall pay applicable penal amount. The FSAs shall be revived after receipt of the required penal amount. No backlog quantity shall be admissible. There shall not be any financial liability for either parties during the dormant period of the FSA

- (e) subject to Clause 5.3, in the event that the Purchaser resells or diverts the Coal purchased under this Agreement to any Third Party, the Seller shall have the right to terminate this Agreement after giving the Purchaser a due opportunity of being heard on the matter;
- (f) in the event of invocation of the Performance Security or suspension of Coal supplies

pursuant to Clause 14, the Seller shall have the right to terminate this Agreement by providing prior written notice of 30 (thirty) days to the Purchaser; provided that the Purchaser has not replenished the Performance Security within the aforesaid said notice period of 30 (thirty) days;

- (g) in the event that either Party suffers insolvency, appointment of a liquidator (provisional or final), appointment of a receiver of any of its material assets, levy of any order of attachment of its material assets, or any order or injunction restraining the Party from dealing with or disposing of its assets and such order after having been passed is not vacated within 60 (sixty) days, the other Party shall be entitled to terminate this Agreement by giving prior written notice of 30 (thirty) days to first Party;
- (h) in the event that any Party (“**Defaulting Party**”) commits a breach of any covenant, term or condition of this Agreement not otherwise specified under this Clause 17.2 or of any term or provision of the Scheme Document and such breach, if curable, is not cured by the Defaulting Party to the satisfaction of the other Party (“**Non-Defaulting Party**”) within a period of 90 (ninety) days of receipt of a notice in this regard from the Non-Defaulting Party, then the Non-Defaulting Party shall have the right to terminate this Agreement forthwith on expiry of the said 90 (ninety) day period;
- (i) in the event that the information contained in any of the documents and/ or undertakings provided by the Purchaser to the Seller and/ or to CIL under this Agreement and/ or the Scheme Document (including information or documentation provided pursuant to the provisions of clause 3.4 and clause 3.5.4 of the Scheme Document) ceases to be true and correct or is found to be misleading, untrue or incorrect, then the Seller shall have the right to terminate this Agreement by giving prior written notice of 30 (thirty) days to the Purchaser;
- (j) subject to Clause 21.11, in the event that the Purchaser (or the new entity formed as a result of change in Control of the Purchaser) or the relevant transferee ceases to comply with any of the Eligibility Conditions or any other conditions specified herein, then the Seller shall have the right to terminate this Agreement by giving prior written notice of 30 (thirty) days to the Purchaser;
- (k) in the event that the Specified End Use Plant ceases to remain operational for a continuous period of 12 (twelve) months or is shut down for any reason, the Seller shall have the right to terminate this Agreement by giving prior written notice of 30 (thirty) days to the Purchaser;
- (l) The Fuel Supply Agreement(FSA), executed thereof, shall be valid for the entire tenure of the agreement. Any premature exit by the Consumer/Buyer and/or non-compliance of fulfillment of requisites for commencement of supply of coal as per declared schedule post signing of FSA, as the case may be if applicable, except for the reasons of exigencies/force majeure/operational issues faced by supplying coal company including change in contracted grade/Govt. regulation shall attract penal provisions as mentioned in clause 17.1

; and/ or

pursuant to Clause 17.2, Clause 4.3.1, Clause 4.4, Clause 5.2 (d) and Clause 21.11 or any other applicable clause.

- (m) in the event the Normative Coal Requirement calculated based on the Coal Requirement as verified by the Final Verification Agency, is less than the Minimum Quantity as per

the Scheme Document, the Agreement shall stand terminated without requirement of any further actions in this regard by the Parties;

- (n) (not applicable for 'Production of syn gas leading to coal gasification' subsector) In case the Purchaser fails to submit the CCO Certificate in accordance with the Clause 5.2(a), then the Seller shall have the right to terminate the Agreement by giving prior written notice of 15 (fifteen) days to the Purchaser.

17.3 **Accrued rights to survive termination**

Termination of this Agreement shall be without prejudice to the accrued rights and obligations of either Party arising immediately prior to the termination. In the event of termination of this Agreement, the Purchaser shall return all the Confidential Information in its possession to the Seller or destroy such information in accordance with the instructions of the Seller.

18. **FORCE MAJEURE ACT**

18.1 **Force Majeure Act**

The term "**Force Majeure Act**" as used in this Agreement shall mean any act, circumstance or event or a combination of acts, circumstances and/ or events which wholly or partially prevents or delays the performance of obligations arising under this Agreement by any Party ("**Affected Party**") and if such act, circumstance or event or combination thereof is not reasonably within the control of and not caused by the fault or negligence of the Affected Party, and provided that such act, circumstance or event or combination thereof falls within one or more of the following categories including:

- (a) flood, inundation of mine, drought, lightning, cyclone, storm, earthquake or geological disturbances, eruption of gases, subsidence and such natural occurrences;

 - (i) contravene any provision of any Applicable Law, statute or any order, writ, injunction or decree of any court or governmental instrumentality to which it is subject; or
 - (ii) conflict with or be inconsistent with or result in any breach of any of the terms, covenants, conditions or provisions of, or constitute a default under any other agreement, contract or instrument to which it is a party or by which it is bound or to which it may be subject; or
 - (iii) violate any provision of its constitutional documents;
- (d) there are no claims, investigations or proceedings before any court, tribunal or governmental authority in progress or pending against or relating to it, which could reasonably be expected to prevent it from fulfilling its obligations set out in this Agreement or arising from this Agreement;
- (e) this Agreement is enforceable against it in accordance with its terms;
- (f) the undertakings of the Purchaser pursuant to the Scheme Document and the LOI are true and correct and all information provided by the Purchaser under the Scheme Document and in connection with the LOI, as requested by CIL and/ or the Seller, is not untrue, incorrect or misleading in any way; and

20.2 The Purchaser hereby covenants and undertakes to the Seller as follows:

- (a) it does and shall continue to satisfy all of the Eligibility Conditions and shall comply with all its obligations, covenants, undertakings and all other terms and conditions required to be complied by it under the Scheme Document;
- (b) the Purchaser has and shall always conducted its business in compliance with all Applicable Laws; and
- (c) all licenses, registrations, consents, permissions and other authorisations required by the Purchaser for or in connection with its business (“**License**”) have been obtained and are validly held by the Purchaser and each License is in full force and effect and the Purchaser shall take necessary steps to renew the Licenses from time to time in accordance with the provisions of Applicable Laws.

21. MISCELLANEOUS

21.1 **Amendment:** This Agreement shall stand amended or modified pursuant to any modifications thereof as may be issued in writing or notified by the Seller or as may be entered into in writing by the Parties.

21.2 **Severability:** In the event that any part or provision of this Agreement becomes, for any reason, unenforceable or is declared invalid by a competent court of law or tribunal, the rest of this Agreement shall remain in full force and effect as if the unenforceable or invalid portions had not been part of this Agreement.

21.3 **Governing Law and Jurisdiction:** This Agreement and the rights and obligations of the Parties hereunder shall be interpreted, construed and governed by the laws of India. The

courts of [*insert name of the state where the Seller's headquarters/ registered office is located*], India shall have exclusive jurisdiction in respect of all matters arising under or in connection with this Agreement.

- 21.4 **Entire Agreement:** This Agreement together with the Scheme Document and any documents referred to therein (i) supersedes any and all oral and written agreements, drafts, undertakings, representations, warranties and understandings heretofore made in relation to the subject matter hereof; and (ii) constitutes the entire agreement and understanding of the Parties relating to the subject matter hereof. It is expressly agreed that this Agreement together with the Scheme Document and any documents referred to therein, shall supersede all previous discussions and meetings held and correspondence exchanged between the Seller and the Purchaser in respect of this Agreement and any decisions arrived at therein in the past and before coming into force of this Agreement, shall have no relevance with reference to this Agreement and no reference of such discussions or meetings or past correspondence shall be entertained by either Party for the purposes of interpreting or implementing this Agreement. In the event of any conflict between the provisions of this Agreement and the Scheme Document, this Agreement shall prevail. The provisions of this Agreement shall be applicable individually to each FSA code/number mentioned in this Agreement.
- 21.5 **Counterparts:** This Agreement may be executed in any number of counterparts each of which will be deemed an original, and all of which will constitute one and the same instrument.
- 21.6 **Assignment:** The Purchaser shall not without the express prior written consent of the Seller, assign to any Third Party, this Agreement or any part thereof or any of its rights, benefits, obligations and/or interests herein or hereunder..
- 21.7 **Limitation of Liability:** Except as otherwise expressly agreed in this Agreement, neither Party shall have any right or entitlement to any consequential losses, costs or damages, loss of profit or market, as a result of a breach by the other Party of this Agreement.
- 21.8 **Best Efforts:** Subject to the terms and conditions of this Agreement, each Party shall use its best efforts to take, or cause to be taken, all actions and to do, or cause to be done, all things necessary or desirable under Applicable Laws to consummate the transactions contemplated herein. Each Party agrees to execute and deliver such other documents, certificates, agreements and other writings and to take such other lawful actions as may be necessary or desirable in order to consummate or implement expeditiously such transactions.
- 21.9 **Costs and Expenses:** Except as otherwise expressly provided for in this Agreement, each Party shall pay its own costs and expenses in connection with this Agreement and the transactions contemplated hereby.
- 21.10 **No Third Party Beneficiary:** The terms and provisions of this Agreement are intended solely for the benefit of the Parties and their respective successors and permitted assigns, and it is not the intention of the Parties to confer third party beneficiary rights upon any other Person.
- 21.11 **Change in Name:**

Any Change of name of the Purchaser, with or without change in control shall be taken on record provided that the nature of Specified End Use Plant and its location remains unaltered/unchanged.

21.11.1 Procedure & timeline

- a) In case the Purchaser is Company registered under the Companies Act, 2013, the Purchaser (new name) shall intimate the Seller about change of name within three months succeeding the month in which Certificate of Incorporation pursuant to change of name is issued by the Registrar of Companies.
- b) In case the Purchaser is Company registered under the Companies Act, 2013, and the change of name of Purchaser is consequent to sale of Specified End Use Plant to a Company registered under Companies Act, 2013, then the Purchaser (new entity) shall intimate the Seller about the change of name within three months succeeding the month in which the instrument evidencing the sale of Specified End Use Plant/Sale Deed is executed and submit the Board Resolutions of both the Companies (vendor and vendee of the Specified End Use Plant).
- c) In case the Purchaser is a partnership firm or sole proprietorship and consequent change of name due to sale of Specified End Use Plant to a partnership firm or sole proprietorship or vice versa, the Purchaser (new entity) shall intimate the Seller about change of name within three months succeeding the month in which the instrument evidencing the sale of Specified End Use Plant/Sale Deed is executed. The Purchaser shall in addition submit a declaration from all partners/sole proprietor regarding the sale of Specified End Use Plant from the vendor and vendee of the Specified End Use Plant.
- d) In case the Purchaser is Company registered under the Companies Act, 2013, and the change of name of Purchaser is consequent to sale of Specified End Use Plant to a partnership firm or sole proprietorship or vice versa, the Purchaser (new entity) shall intimate the Seller about change of name within three months succeeding the month in which the instrument evidencing the sale of Specified End Use Plant/Sale Deed is executed. The Purchaser shall in addition submit a declaration regarding the sale of Specified End Use Plant from the partners of the partnership firm or from the sole proprietor and the Board Resolutions of the Company as the case may be.
- e) In case the Purchaser is a Company registered under the Companies Act, 2013 and the change of name is on account of inter alia amalgamation, merger, demerger, takeover of the Purchaser, the Purchaser (new entity) shall intimate within three months succeeding the month in which the date of approval of the amalgamation, merger, demerger, takeover by the court/tribunal of competent jurisdiction.
- f) In case the change of name of the Purchaser is consequent to any event not covered under clauses (a),(b),(c),(d) & (e) of 21.11.1, the Purchaser (new entity) shall intimate the Seller about the change of name within three months succeeding the month of issuance/execution of the relevant document.
- g) The Purchaser (new entity) while intimating the Seller shall submit the following documents:
 -
 - i. Certificate of Incorporation pursuant to change of name wherever applicable
 - ii. Instrument evidencing sale of Specified End Use Plant/Board Resolutions wherever applicable/ Declaration from partners/proprietor wherever applicable

PROCEDURE TO BE FOLLOWED FOR VERIFICATION OF THE RFP INFORMATION BY FINAL VERIFICATION AGENCY

(Ignore whichever is not applicable. Follow the provisions for the relevant subsector)

The Final Verification Agency has been appointed for verification of the RFP information submitted by the Successful Bidders under coal linkage auctions for non-regulated sector. In this regard, following process needs to be followed:

- 1) **The terms used in this document shall have the meaning as provided for in the Scheme Document for ‘Auction of coal linkages for non-regulated sector’.**
- 2) Each subsidiary/ NEC needs to collate and submit the registration wise RFP information of successful bidders to Final Verification Agency for verification. Information may be submitted in electronic or physical format. Following information needs to be submitted:
 - a. Capacity of the Specified EUP (applicable for Successful Bidders in the Sponge Iron, Cement, CPP and Steel (coking) sub sector) including any other technical details submitted by the Bidder as part of the RFP information & documents or subsequently on request from the relevant subsidiary/ NEC.
 - b. Annual Coal Requirement submitted by the successful bidders of the Others sub sector (both non-coking and coking coal) along with the documents evidencing the basis of computation of the Coal Requirement including any other technical details submitted by the Bidder as part of the RFP information or subsequently on request from the relevant subsidiary/ NEC.
 - c. Verification Certificate from the Verification Agency (or Licensed Chartered Engineer’s Certificate, if Verification Agency’s Certificate is not available) for successful bidders in the Others sub sector (both for non-coking and coking coal). For Others(coking) subsector certification of assessment of coking coal requirements by Chartered Engineer is mandatory.
 - d. Any other information as required by Final Verification Agency (which should be sought from the Successful Bidder by the concerned subsidiary/ NEC and provided to Final Verification Agency)
- 3) **On the basis of the information submitted, Final Verification Agency shall compute and verify the Annual Coal Requirement, Normative Coal Requirement and RFP calculation for the Specified EUP of successful bidders in accordance with the Scheme Document.**
- 4) Verification shall be done in the following sequence of priority:
 - a. Successful Bidders in the Others sub sector & **Production of syn gas leading to coal gasification subsector**

- b. Thereafter, specific cases under Sponge Iron, Cement, CPP & Steel (coking) sub-sectors wherein clarifications/confirmations have been sought pertaining to the assessment of the normative coal requirement or allocation of quantity
- c. Thereafter, remaining cases under Sponge Iron, Cement, CPP and Steel (coking) sub-sector

Verification of annual coal requirement in case of Others sub sector & Production of syn gas leading to coal gasification (for non-coking and coking coal)

- 1) If the Coal Requirement verified by Final Verification Agency, on the basis of the information submitted by the Successful Bidder, is lower than (i) Coal Requirement verified and certified by the Verification Agency and (ii) Coal Requirement specified by the Successful Bidder, then the Allocated Quantity (i.e. quantity allocated to the successful bidder post adjustment, if any, after verification by the verification agency as defined in the scheme document) will be subject to further downward adjustment based on principles defined in the scheme document. The same are also outlined hereunder:
 - a) the Allocated Quantities would be further reduced by the Deficit Percentage, where:
 - $Deficit\ Percentage = (Deficit / Normative\ Coal\ Requirement) \times 100$
 - $Deficit = Difference\ between\ the\ Coal\ Requirement\ specified\ by\ the\ Successful\ Bidder\ and\ the\ Coal\ Requirement\ verified\ by\ the\ final\ Verification\ Agency$
 - b) such reduced quantities would be rounded off (downwards) to the nearest integer multiple of the Transport Factor (i.e. integer multiple of 100 TPA).

Illustration: Verification of Coal Requirement and adjustment of Provisional Allocated Quantity

Description	Formula	Quantity (in TPA)
Coal Requirement (as per Bidder's self-assessment in G10 Grade for non-coking coal consumers and Washery-III Grade for coking coal consumers)	A	1,50,000

Normative Coal Requirement <i>(based on Coal Requirement as per the Verification Agency)</i>	I = H - B - C	82,000
Deficit <i>(in case H is lower than A)</i>	J = A - H	18,000
Deficit %	$K = \frac{J}{D} \times 100$	18.00%
Allocated Quantities post verification by Verification Agency		
Lot 1 <i>(after adjustment for Transport Factor)</i>	$L = E \times (1 - K)$	20,500
Lot 2 <i>(after adjustment for Transport Factor)</i>	$M = F \times (1 - K)$	18,000
Lot 3 <i>(after adjustment for Transport Factor)</i>	$N = G \times (1 - K)$	14,700
Coal Requirement (as per the Final Verification Agency)	O	1,18,000
Normative Coal Requirement <i>(based on Coal Requirement as per the Final Verification Agency)</i>	P = O - B - C	68,000
Deficit <i>(in case O is lower than both A and H)</i>	Q = A - O	32,000
Deficit %	$R = \frac{Q}{D} \times 100$	32.00%
Allocated Quantities post verification by Final Verification Agency		
Lot 1 <i>(after adjustment for Transport Factor)</i>	$S = E \times (1 - R)$	17,000
Lot 2 <i>(after adjustment for Transport Factor)</i>	$T = F \times (1 - R)$	14,900
Lot 3 <i>(after adjustment for Transport Factor)</i>	$U = G \times (1 - R)$	12,200

- 2) The aforesaid further downward revision / adjustment shall be given effect to and adjusted during the residual period of the initial 2 (two) years from the execution of the Fuel Supply Agreement, in accordance with the following illustration, and the revised Allocated Quantity will be supplied during the balance term of the Agreement.

Illustration: Adjustment of Allocated Quantity post verification by the Final Verification Agency

Description	Formula	Value
Allocated Quantity for a particular Lot	A	12,000 TPA
Time taken by the Final Verification Agency to verify the Coal Requirement	B	4 months
Say, total quantity supplied prior to the verification by the Final Verification Agency	C	4,000 Tonnes
Allocated Quantity post verification by the Final Verification Agency	D	9,065 TPA
Allocated Quantity post verification by the Final Verification Agency (post adjustment for the Transport Factor)	E	9,000 TPA

Description	Formula	Value
Excess supply before the verification by Final Verification Agency is available	$F = C - (E \times B/12)$	1,000 Tonnes
Residual Period	$G = 24 - B$	20 months
Required Monthly Adjustment	$H = F / G$	50 Tonnes
Quantity to be supplied monthly during the Residual Period	$I = (E/12) - H$	7,00 Tonnes
<i>The figures have been rounded off for the purpose of this illustration.</i>		

Note:

The Deficit Percentage calculated during any tranche shall be applied for all subsequent tranches.

- 3) In case the Coal Requirement verified by the Final Verification Agency is more than: (A) the Coal Requirement specified by the Successful Bidder; or (B) the Coal Required verified by the Verification Agency, then the Allocated Quantity will not be subject to further revision / adjustment.
- 4) In the event the Normative Coal Requirement calculated on the basis of the Coal Requirement verified by the Final Verification Agency is less than the Transport Factor for Road and Rail mode, as the case may be, the Successful Bidder shall not be entitled to receive any coal pursuant to the Scheme and the Agreement(s) entered into by the Successful Bidders with the relevant Subsidiary(ies) shall stand terminated.

Verification of RFP information in case of Sponge Iron, Cement, CPP and steel (coking) sub sector:

- 1) Basis of the RFP information submitted, Final Verification Agency shall validated the capacity details of the successful bidders submitted for participating in the auction process.
- 2) In case there is any deviation in the capacity details as verified by Final Verification Agency and as submitted by the Successful Bidder, Final Verification Agency shall inform the same to the relevant subsidiary which may take necessary actions as per the provisions of the scheme document.

Procedure for Third party sampling

1. THIRD PARTY AGENCY (TPA) UNDER DIFFERENT MODES OF SUPPLY

1.1 Third Party Agency for dispatches by Rail/Conveyor Belt/Rope Way/ Pipeline

1.1.1 In case of off-take of the Contracted Grade of Coal *via* Rail /Conveyor Belt/Rope Way/ Pipeline, the Purchaser may choose a third party agency to conduct the third party sampling from the

list of independent third parties empaneled by CIL from time to time.

1.1.2 The third party agency chosen by the Purchaser shall conduct the third party sampling throughout the Term/Period as applicable; provided that the Purchaser may change (on reasonable grounds) the third party agency chosen by it with prior written approval of the Seller. In the event that the Seller does not accept the request of the Purchaser for change in the third party agency, the Purchaser shall have the option to:

- (a) terminate the arrangement for third party sampling availed by it hereunder, in which case, the Purchaser shall not be entitled to resume the third party sampling at any time during the remainder of the Term; or
- (b) to continue the arrangement for third party sampling for the remainder of the Term with the existing third party agency chosen by it.

1.1.3 Third party sampling shall be done at the Delivery Point and the costs in this regard shall be borne equally by the Purchaser and the Seller.

1.2 Third Party Agency for dispatches by Road

1.2.1 In case of off-take of the Contracted Grade of Coal *via* road mode, the Seller shall choose third party agency to conduct the third party sampling from list of independent third parties provided by CIL from time to time. . It is clarified, that the Seller shall have the sole discretion and right to replace, substitute or change the third party sampling agency chosen by it.

1.2.2 The third party agency chosen by the Seller shall conduct the third party sampling throughout the Term/Period as applicable; provided that the Purchaser may make a written request (on reasonable grounds) to the Seller to change the third party agency chosen by the Seller. In the event that the Seller does not accept the request of the Purchaser for change in the third party agency, the Purchaser shall have the option to:

- (a) terminate the arrangement for third party sampling availed by it hereunder, in which case, the Purchaser shall not be entitled to resume the third party sampling at any time during the remainder of the Term; or
- (b) to continue the arrangement for third party sampling for the remainder of the Term with the existing third party agency chosen by the Seller.

1.2.3 Third party sampling shall be done at the Delivery Point and the costs in this regard shall be bonr equally by the Purchaser and the Seller.

2. DETAILED MODALITIES FOR THIRD PARTY SAMPLING

Modalities for collection, handling, storage, preparation and analysis of coal samples and submission of the analysis results by the TPA shall be as under:

2.1 General

- (a) In order to commence third party sampling, a tripartite agreement will have to be signed amongst the Seller (First Party), the Purchaser (Second Party) and the TPA (Third Party). The format of the tripartite agreement shall be provided by the Seller. Detailed terms and conditions of the TPA engagement/work including Referee SOP/sharing of cost of sampling, etc. shall be in accordance with Tripartite Agreement.
- (b) Collection and preparation of samples may be witnessed only by the authorized representatives of the Seller and Purchaser. In case the authorized representative of either Party is not present or does not witness the sample collection and preparation activities, the said work shall be continued by the TPA irrespective of non-witnessing by either Party. Absence and/or failure to witness shall not be considered as a ground for disputing the result by either party. At any point, only one authorized representative each from the Seller's side and Purchaser's side shall be allowed to be present during the sample collection and preparation activities.
- (c) The TPA shall communicate the analysis results of the sample(s) to the Seller and the Purchaser as per the stipulated time period mentioned in the contract. The Seller/Purchaser may raise dispute if any, against the findings of the TPA within seven (7) days after the submission of the analysis results excluding the date of submission of the analysis results by the TPA.

2.2 Collection of Samples by the Third Party Agency

Samples of Coal shall be collected by the Third Party Agency from the Delivery Point as follows:

2.2.1 Collection of samples from loaded wagons (Rail and MGR)

- (a) Rake-wise, grade-wise and consumer-wise coal supplied from one Delivery Point shall be considered as one lot, in case of supplies by rail.
- (b) In case of Coal dispatches through MGR the sample collected from each rake (source wise, grade wise and Consumer wise) loaded from the respective Delivery Point during the day shall be pooled together to form a gross sample for the day.
- (c) Each Rake shall be divided into a no. of sub-lots in a manner that the quantity of Coal / number of wagons in such sub-lots is more or less equal. One sample shall be collected from each sub-lot. The number of sub-lots shall be determined as under:

No. of wagons in one Lot	Number of sub-lots/samples
Up to 30 wagons	4
>30 wagons up to 50 wagons	5
>50 wagons and above	6

- (d) Each sub-lot consists of one (1) wagon selected as per random table given in IS:436 (Part I/Section I) 1964 for collection of sample/ increments.

- (e) In each wagon selected for sampling, the sample shall be drawn from one spot in such a manner so that if in the first randomly selected wagon, the sample is collected at one end, in the next random wagon the sampling spot will be in the middle of the wagon and in the third random wagon, the sampling spot will be at the other end and this sampling procedure shall be repeated for all subsequent random wagons.
- (f) Before collecting the samples, the sampling spot will be leveled and at least 25 cm of Coal from the surface shall be removed / scrapped and the place will be leveled for an area of 50 cm by 50 cm.
- (g) About 50 kg of sample shall be collected from each selected wagon in the lot by drawing 10 increments of approx. 5 kg each with the help of shovel / scoop.
- (h) Any stone / shale of size more than that specified in ~~Schedule~~ Annexure - VI shall be remove/ discarded from the sample;
- (i) Samples thus collected from all the selected wagons in a lot shall be mixed together to form one gross sample per lot.
- (j) In case live overhead traction line exists in the siding, TPA shall ensure that the power supply in the overhead traction is essentially switched off before commencement of sample-collection process from loaded wagons.

2.2.2 Collection of Samples of Coal Dispatches by Road

- (a) Samples shall be collected source-wise and grade-wise on daily basis round the clock, depending upon the timing of loading at respective dispatch point(s) only from the trucks of the purchaser (s) who have opted for third party sampling ("**Purchasers Opting for Sampling**") in the manner specified below.
- (b) The first sample of Coal shall be collected from the first truck at the Delivery Point belonging to a Purchaser Opting for Sampling. Once a sample is collected from the first truck as stipulated above, samples of Coal shall be collected from every 8th (eighth) truck after the truck from which the first sample has been collected. In the event that such 8th (eighth) truck does not belong to a Purchaser Opting for Sampling, then the next truck belonging to a Purchaser Opting for Sampling shall be deemed as the 8th (eighth) truck and a sample shall be collected from such truck. The same process shall be repeated for every 8th truck thereafter.
- (c) The sampling spot at the top of the loaded truck, selected randomly will be leveled and at least 25 cm of Coal surface shall be removed/ scrapped from the top and the place will be leveled for an area of 50 cm by 50 cm for collection of sample.
- (d) About 30 kg of the sample shall be collected from each truck by drawing 6 increments of approx. 5 kg each with the help of shovel/ scoop.
- (e) All the samples collected from source wise, grade wise from every 8111 truck in accordance with paragraph 2.2.2(b) as above on daily basis shall be mixed together to foml a gross sample.
- (f) Any stone/shale of size more than that specified in Annexure- VI----- shall be removed / discarded from the sample.

2.2.3 Collection of Samples of coal from Conveyor Belt/ Ropeway / Pipelines:

- (a) Samples shall be taken lot-wise, grade-wise.
- (b) The quantity that passes over the conveyor (directly or through rope way/ pipe line) in a day (00 hrs to 24 hrs) constitutes one lot, which needs to be divided into a no. of sub-lots for the purpose of sampling. No. of sub-lots to be divided & quantity of gross sample to be collected from sub lots shall be as below:

Wt. of the Lot (Tons)	No. of sub-lots/gross samples	Qty to be collected (Kg)
Upto 500	2	100
501 to 1000	3	150
1001 to 2000	4	200
2001 to 3000	5	250
Over 3000	6	300

For example:

- i) If the qty to be passed in a day over the conveyor is 600 tons (which is 1 Lot), then there will be 3 sub-lots and total sample quantity will be 150 kg
 - ii) 1 gross sample shall be collected from 1 sub-lot, @ 50 kg per sub-lot. Thus, total 150 kg gross sample shall be collected from 3 sub-lots over the whole day, i.e. from 0 hrs to 24 hrs
 - iii) If the conveyor is operated for 15 hours in a day, spacing the collection of 150 kg over 15 hours of conveyor operation, we need to collect 10 kg every 1 hour (qty & intervals can be mutually decided by seller & purchaser depending on the running time of the conveyor and the qty that passes in a day)
- (c) The belt needs to be stopped at the scheduled time to facilitate collection of the samples manually.
 - (d) While collecting the sample, the scoop should traverse the entire cross-section of the conveyor belt, drawing approx.. 5kg per increment
 - (e) Any stone / shale of size more than that indicated in ~~Schedule~~ Annexure-VI----- shall be removed / discarded from the sample.
 - (f) There shall be one gross sample for the day mixing all the gross samples collected from all the sub lots during a day.

2.3 **Preparation of laboratory samples**

2.3.1 The gross sample collected at the loading end by the TPA shall be divided into two portions. One portion (one fourth of the gross sample) called Part - 1 shall be used for analysis of Total Moisture and the other portion (three fourth of the gross sample) called Part - 2 for determination of ash, moisture and GCV on Equilibrated Basis.

2.3.2 The Part-2 Sample shall be reduced into laboratory sample. For the general procedure for reduction of gross sample and preparation of moisture sample and laboratory samples, IS : 436 (Part I/Set I)-1964 (latest version) shall be followed.

- 2.3.3 Final Laboratory samples shall be in the size of 12.5 mm for determination of Total Moisture and in the size of (-) 212 μ (micron) IS sieve for determination of ash, Equilibrated Moisture (at 40°C and 60% RH) and GCV. Due care shall be taken by the TPA to ensure that the final lab sample is essentially in(-) 212 μ (micron) size before the same is collected from the loading point(s) so that no further sieving or pulverizing is warranted at the laboratory before analysis.
- 2.3.4 The final pulverized sample shall be divided into four equal parts viz. Set - I, Set - II, Se – III and Set - IV of 500 gms each as detailed below:
- (a) Set - I shall be taken by the Third Party Agency to a NABL Accredited Laboratory or equivalent accredited Coal testing Laboratories under ISO/IEC 17025 for analysis of ash, moisture and GCV (on equilibrated conditions' basis at 40° and 60% RH) as per latest BIS Standards (IS: 1350 Part 1-1984, reaffirmed 2019) or (IS 1350 Part-2 :2022), as applicable;
 - (b) Set-II of the sample shall be handed over by the Third Party Agency to the Seller
 - (c) Set-III of the sample shall (i) in case of mode other than road, be handed over by the Third Party Agency to the Purchaser; and (ii) in case of road mode, be handed over in equal portions to all of the Purchasers Opting for Sampling on that particular day; and
 - (d) Set- IV of the sample called Referee Sample shall be sealed jointly by the Third Party Agency (TPA) in the presence of the authorized representatives of each of the Parties (in case of mode other than road) or representatives of each of the Purchasers Opting for Sampling (in case of road mode), as the case may be, and shall be kept in custody of the TPA at the Delivery Point (loading point) under proper and good quality lock and key arrangement. . The referee sample shall be retained in double sealed condition (duly signed by the Third Party Agency and the authorized representative of the Parties or the representatives of the Purchaser Opting for Sampling, as the case may be) for minimum 30 (thirty) days from the date of sample collection, beyond which it may be destroyed after necessary details are properly recorded by TPA. For the purpose of Referee Analysis, the referee sample(s) shall be packed and transported by the TPA in a tamper proof manner, to the satisfaction of Seller and Purchaser(s), to the referee lab from the loading points. The Seller and Purchaser (s) can exercise the liberty to accompany the TPA to the referee laboratory at their own expenses.
- 2.3.5 Samples shall be collected, packed and transported by the TPA to the sample preparation site(s) at the loading points in such a manner so as to make them tamper proof to the satisfaction of both the Seller and Purchaser (s) for which detailed procedure may be worked out at the Delivery Point (Loading Point) jointly by representatives of the Seller, Purchaser(s) and TPA.
- 2.3.6 In the event that a dispute is raised by the party(ies) within the time period stipulated at paragraph 2.1(c) above, the referee sample shall be analyzed by a designated laboratory (other than the Laboratory at which the original sample has been analyzed by a Third Party Agency). The analysis and transportation cost of the referee sample shall be borne by the challenging / disputing parties. The non-disputing party (ies) may witness transportation and analysis of referee sample to the above mentioned government laboratory of their own cost. The findings of such government laboratory, post analysis of the referee sample, shall be binding only on the challenging / disputing parties and the non-disputing parties shall be bound by the findings of the Third Party Agency.

2.4 **Analysis of sample(s)**

- 2.4.1 Total Moisture determination shall be done by the TPA as per applicable laboratory and remaining tests/ analysis for determination of moisture, ash, GCV on equilibrated Basis shall be done by the TPA at NABL-accredited laboratory/designate laboratory.
- 2.4.2 Analysis of sample(s) shall be carried out as per latest version of IS 1350 (Part-I)-1984 (Reaffirmed 2019) for determination of Total Moisture, Equilibrated Moisture, Ash and Volatile Matter and as per latest version of IS 1350 (Part-2), 2022 for determination of GCV.

3. Records of Samples/ Third Party Sampling

3.1 Proper analysis records like electronic print out of the analysis results obtained from the Automatic Bomb Calorimeter, source wise, grade wise and date wise details of coal samples received etc. shall be maintained at the Laboratories where the coal samples are analyzed by the Third Party Agency for identification and reconciliation of the analysis results.. Coal samples shall be analyzed only at an NABL Accredited coal testing laboratory

3.2 Monthly statements containing the details of each and every analysis result source wise, mode wise, grade wise and consumer wise finalized during a month based on analysis by a Third Party Agency or referee analysis, as the case may be, shall be prepared by the TPA and submitted to the Seller and Purchaser (s) before the 5th of the following month stating inter alia, the quantity of Coal covered against the respective analysis results. Copies of the monthly statement I report shall be submitted by the Third Party Agency to (i) the General Manager (Quality Control) of the Seller or his representative; and (ii) the representatives of the Purchaser (in case of mode other than road) or the representatives of all the purchaser(s) who have requested for third party sampling (in case of road mode), as applicable.

Note: In case of joint sampling, similar procedure for collection, preparation and analysis of coal sample as stated above will remain applicable with necessary changes mutatis- mutandis as illustrated below;

- i. Sample will be collected and prepared by Seller's facilities.
- ii. The final laboratory sample will be divided into two parts. First part Set-I of sample will be analyzed by seller and second part Set-II will be kept for referee analysis.
- iii. Analysis of the sample will be done in Seller's laboratory.
- iv. Cost of sampling and analysis will be borne by the seller, so there will be no requirement of sharing of cost of sampling between seller and purchaser.
- v. Cost of referee sample analysis in a designated Government Laboratory including cost of transportation of sample will be borne by the disputing party.
- vi. Purchaser shall associate / witness in throughout the collection, preparation and analysis. However, absence and / or failure of Purchaser(s) to associate / witness shall not be considered as a ground for disputing the process / results.

Annexure-X

Enabling conditions for change of mode from Rail to Road under NRS Linkage Auction FSAs
for non cost-plus sources

The option for change of Mode from Rail to Road, subject to approval of the concerned coal company, shall be available to eligible Purchaser under following terms:

- a) Successful bidders under NRS Linkage Auction sourcing coal through Rail mode (Primary Source or Secondary Source) may be given an additional option by the concerned coal company to take coal through temporary road source(s) in cases where supply through Rail mode is not possible.
 - b) The Temporary Road Source(s) of coal would be decided by the coal company in the following preference order:
 - I. Road despatch point of mine(s) linked to the Primary Source
 - II. Road despatch point of mine(s) linked to the Secondary Source.
 - III. Any other road source(s) within the coal company from where linkage has been booked in the same subsector in the latest two concluded tranches of the NRS linkage auction
 - IV. Any other road Source(s) within the coal company.
 - c) The Grade of coal of the Temporary Road Source preferably be same as that of the Primary Rail Source.
 - d) The price payable by the willing FSA holder for supply of coal through the Temporary Road Source would be higher of the following three cases:
 - (I) the As Delivered Price (considering the Modulated/notified Price, as applicable, and Winning premium [%]) for the Primary Rail Source, or (II) the highest As Delivered Price (considering the Modulated/Notified Price, as applicable, and Winning premium [%]) of the bids for the Temporary Road Source within the same concluded subsector during latest two (2) NRS Linkage Auction tranches.
 - (III) In case no linkage has been booked from the Temporary Road source in the concluded auction of the same subsector in latest two tranches of NRS linkage auction, the price payable by the willing FSA holder for supply of coal through Temporary Source would be the higher of the weighted average As Delivered Price(considering the Modulated/Notified Price, as applicable, and Winning premium[%]) of the bids of each tranche within the same subsector for all the Road Sources of the coal company in latest two (2) tranches of the concluded auction of same subsector of NRS Linkage Auction. The weighted average for each tranche shall be calculated separately and the higher of the two shall be used for comparison in this option.
- Note: Pursuant to merging of Others (Coking) and (Non-Coking) subsectors from tranche VII NRS Linkage auction, for calculation applicable premium in case of change of mode for bidders under Others subsector and Others (coking)/ Others (non-coking), as the case may be, the premiums of the latest two concluded tranches of Others subsectors for both Coking and Non-Coking coal will be taken into consideration.*
- e) This dispensation is to be offered against those Primary Rail Source(s) where more than one month's rakes are pending to be supplied under Linkage auction NRS.
 - f) Any revision in the Notified/Modulated price, as applicable, of the declared grade of the Primary Rail Source and Temporary Road source post auction shall be applicable while exercising this option.
 - g) In case of conversion of mode from Rail to Road for rakes having a validity of 180 days, the validity for lifting of the Road Delivery Order (DO) shall be as per the extant rule but not exceeding the original validity of 180 days from the date of allotment of concerned rake.

- h) The facility will be available to the willing bidders opting for applicable payment modes (including Usance LC) for deposition of coal value subject to adherence of other conditions, as may be notified from time to time.
- i) Coal Company would endeavor to re-instate the supplies from the Primary Rail Source as soon as possible.
- j) Such facility may be extended/exercised by Coal Company to the willing consumers considering the coal availability and evacuation capacity scenario.
- k) Such a decision, whenever taken by the subsidiary coal company, should be executed in a transparent manner duly notifying the same on company website/ notice boards etc.

For Cost Plus source:

- a) Successful bidder(Purchaser) under NRS Linkage Auction sourcing coal through Rail mode (Primary Cost Plus Source or Secondary Source(s)) may be given an additional option by the concerned coal company(Seller) to take coal through Temporary Road Source(s) in cases where supply through Rail mode is not possible.
- b) For the purpose of supply, the per GCV price of the temporary Road source(at the mid point of GCV band) shall be atleast the per GCV price of the Primary Rail cost plus source
- c) The Temporary Road Source(s) of coal would be decided by the coal company in the following preference order:
 - i. Road dispatch point of mine(s) linked to the Primary Source
 - ii. Road dispatch point of mine(s) linked to the Secondary Source(s)
- d) The Grade of coal of the Temporary Road Source should be same as that of the Primary Rail Source.
- e) In case of supply from Temporary Road source, there shall not be any additional premium. The percentage premium of Primary Rail cost plus source shall be applicable over the per GCV price of temporary Road source for the purpose of supply.
- f) This dispensation is to be offered against those Primary Rail Source(s) where more than one month's rakes are pending to be supplied under Linkage auction NRS.
- g) Any revision in the Modulated Price of the declared grade of the Primary Rail Source post auction shall be applicable while exercising this option.
- h) In case of conversion of mode from Rail to Road, the validity for lifting of the Road Order(DO) shall be as per the extant rule but not exceeding the original validity of 180 days from the date of allotment of concerned rake.
- i) The facility will be available to the bidders opting for applicable payment modes(including Usance LC) for deposition of coal value subject to adherence of other conditions.
- j) Coal Company would endeavor to re-instate the supplies from the Primary Rail Source as soon as possible.
- k) Such a decision, whenever taken by the subsidiary coal company, should be executed in a transparent manner duly notifying the same on company website/ notice boards etc.

Note: The modalities for Change of mode from Rail to Road may be updated/modified/changed time to time by CIL/Coal companies which will be binding in nature.
