In other words, the coal value to be deposited and EMD amount together, shall be equivalent to the 100 % coal value.

6.2 EMD amount shall not be treated as an adjustment towards the coal value but would stand converted into a 'Security Deposit' for performance of the Bidders towards completion of the said transaction.

6.3 The above Security Deposit (as converted from the EMD amount) would be adjusted as coal value, only after completion of lifting of coal covered under coal value paid, excluding Security Deposit. However, in the event of default in performance by the Bidder, the provision of forfeiture of the 'Security Deposit' (as converted from the EMD) as stipulated, would be applicable.
