Dear Sir,

Sub : Decision of CIL Board for continuance of the dispensations/modifications for ease of doing business in the various provisions of e-auction schemes.

Further to the communication sent vide letter No. CIL/S&M/47252/257 dated 28.03.2017 for continuance of the existing decisions taken by CIL Board in its various meetings for 'ease of doing business' for a period of two months from 1.4.2017, as interim measure, the matter was reviewed by 340th CIL Board held on 2nd May 2017. The Board while approving continuance of the measures taken for "ease of doing business" for the year 2017-18 also approved various changes that has taken place at different times for supply of coal through various schemes of e-auction to avoid ambiguity. Considering such changes, the Board has approved the following:

- a. **Reserve price for Spot e-auction:** Reserve price for coking and non-coking coal (G6 and below) would be at 20% higher than the notified price for non-regulated sectors. In case of G-5 and above grades, the reserve price shall be the notified price. However, Subsidiary Board be empowered to lower the reserve price from the upper cap of 20% for any source (s), depending upon market conditions and decide the periodicity of Spot e-auction.
- b. **E-auction for Power and Non-Power:** Since the Forward e-auction has been discontinued, Special forward e-auction for Power and Exclusive e-auction for Non-Power (including CPPs) to be continued at a reserve price of 10% higher than the notified price for coking and non-coking coal (G6 and below) at power and non- power price respectively. In case of G-5 and above grades, the reserve price shall be the notified price. However, Subsidiary Board be empowered to lower the reserve price from the upper cap of 10% for any source(s), depending upon market conditions and decide the periodicity of e-auction.
- c. **Offering coking coal in e-auction:** Coking coal will be offered only after meeting long-term commitment of steel plants including integrated Steel Plants of SAIL & RINL and other consumers taking such coal through FSA. However Washed Coking Coal and Steel Grade –II coal can be offered for metallurgical purposes.
While subsidiaries shall be empowered to decide the reserve price, upper cap of the reserve price will be on the basis of applicable scheme of e-auction.

- d. **EMD requirement for Spot e-auction:** To continue as decided in the 324th meeting of CIL Board, all registered buyers shall be required to deposit in advance non-interest bearing EMD at the rate of Rs. 200/- per ton with respective service provider for all grades of coking coal and non-coking coal. This may be paid upfront by way of Bank Draft/Bankers P.O or by way of e-transfer.

This EMD shall not be specific for a particular subsidiary coal company and shall be available with the service provider for participation in the e-auction across the subsidiary coal companies of CIL, as long as the required amount of EMD is available in the bidders account with the service provider. Participants shall have the option to furnish EMD in the form of BG

- e. **Reserve price for WCL:** Notified price shall be the reserve price for Spot and Special Forward e- Auction for Power & Exclusive e-Auction for non- power subject to review by WCL when required. WCL Board be empowered to decide the add on over notified price for coking and non-coking coal for existing e-auction schemes depending upon market conditions subject to the applicable upper cap for the auction scheme.

Yours faithfully,

General Manager(M&S)

4. Bidding Process

- 4.1 The registered Bidders shall be required to record their acceptance after login, of the Terms & Conditions of the e-Auction before participation in the actual Bidding Process.
- 4.2 Before participating in e-Auction, bidders are to satisfy themselves with the quality of coal being offered from a source.

4.3 Prospective Bidders are entitled to Bid for the quantity to the extent of amount of EMD for which is available with the service provider in the bidder's account at the time of bidding.

- 4.4 The Buyers while bidding shall quote their "Bid price" per tonne in Indian Rupee as base coal price on FOR/FOB colliery basis, exclusive of other charges like statutory levies, surface transportation charges, sizing/beneficiation charges, taxes, cess, royalty, SED, & any other charges as will be applicable at the time of delivery. These charges as well as freight etc. shall be on the Buyers' account.

- 4.7 The Bidder shall offer his Bid price (per tonne) in the increment of Rs.10/- (Rupees ten) during the Normal e-Auction period. During the extended period of first two (2) hours, the Bidder shall offer his Bid price in the increment of Rs.20/-. Beyond this extended period of two hours the bid price increment would be Rs. 50/- (Rs.Fifty) only.
- 4.8 While maintaining the secrecy of Bidder's identity, the web site shall register and display on screen the lowest successful Bid price at that point of time. The system will not allow a Bidder to Bid in excess of his entitled quantity as per his EMD. However once a Bidder is out-bided by another (in part or full) the particular Bidder shall become eligible for making an improved Bid.
- 4.9 Following criteria would be adopted in deciding the successful bidders:-

 - (b) If two or more buyers bid the same highest price, precedence for allotment will be accorded to the buyer who has placed the bid for the higher quantity.

5. Post e-Auction process:

- 5.1 Each successful bidder will be intimated through e-mail / SMS by the Service Provider on the same date after the closure of e-Auction. However, it will be the responsibility of the bidder to personally see and download the result displayed on website, on the same date after close of e-Auction.
- 5.2 The successful bidders after the e-Auction, will be required to deposit coal value with the concerned coal company, within a period of 10 (Ten) working days, after the date of closing of e-Auction. 10 (Ten) working days would be reckoned as applicable to the respective Subsidiary Coal companies' office where the payment/ deposit is required to be made.
- 5.3 Equivalent amount of EMD of successful bidder corresponding to successful bid quantity, shall be blocked and will be transferred to Coal Company by the service provider along-with the bid sheet in respect of successful bidders.

6. Terms of payment:

- 6.1 The coal value to be deposited in advance by the successful bidders shall be computed and deposited after making provision for the EMD amount for the successful bid quantity already transferred by the service provider to the subsidiary company. In other words, the coal value to be deposited and EMD amount together, shall be equivalent to the 100 % coal value.

- 6.2 EMD amount shall not be treated as an adjustment towards the coal value but would stand converted into a 'Security Deposit' for performance of the bidders towards completion of the said transaction.
- 6.3 The above security deposit (as converted from the EMD amount) would be adjusted as coal value, only after completion of lifting of coal covered under coal value paid, excluding security deposit. However, in the event of default in performance by the bidder, the provision of forfeiture of the 'Security Deposit' (as converted from the EMD) as stipulated, would be applicable.
- 6.4 In case of road supplies, once the coal value is deposited by way of demand draft /pay order, drawn in favour of the concerned coal company, along-with the debit advice issued by the bank, certifying that the DD/pay order/RTGS Mode has been issued, by debiting the account of the concerned Buyer, Sale/Delivery orders shall be issued within seven days by the coal company after encashment of buyer's financial instrument.
- In case of successful bidders, if the coal value is deposited for less than the allotted Quantity but not below 50% of the allotted quantity or, 50 tonne whichever is higher, the coal company shall accept the payment for the said amount and forfeit the EMD for the failed quantity. However if the buyer fails to deposit the coal value for at least 50% of the allotted quantity or 50 tonnes whichever is higher then the entire EMD of the allotted quantity shall be forfeited.
- 6.5 However, a successful bidder whose allotted quantity is only 50 tonnes will be allowed to deposit coal value for minimum 90% i.e 45 tonnes within the stipulated period of 10 days without which the amount shall not be accepted. In such event they shall be permitted to deposit the balance fractional amount, limited to 10 % of the total coal value of 50 tonne, within the subsequent period of 3 (three) working days. In spite of this, if they fail to deposit full coal value of 50 tonne (minimum bid quantity), EMD for entire 50 tonne shall be forfeited.
- 6.6 In case of rail borne supplies, there shall be two options available. While submitting program, the bidder at his option can deposit 100 % BG on the prescribed format from the buyers own account or else may deposit 100% amount through demand draft /pay order, drawn in favour of the concerned coal company, along with the debit advice, issued by the bank certifying that the DD/pay order has been issued by debiting the account of the concerned Buyer.
- 6.7 In case of Buyers who have booked their rail programme through BG, a notice for deposition of coal value by way of DD/Pay order/RTGS Mode, will be displayed on the notice board of the coal company, at least three working days in advance before the expected date of offer to the Railways for allotment. The Buyer will be accordingly required to deposit DD/Pay Order/RTGS Mode along with the debit advice to the tune of BG involved in the programme, within 48 hours of such notice. But in any case it is to be noted that buyers who wish to avail Bank Guarantee facility are required to deposit coal value under e-auction prior to 7 working days of the validity of the sanction. In case of failure to deposit, the EMD so deposited will be forfeited. *All the buyers must satisfy themselves with quality, size and other aspects by inspecting the material available for proposed e-auction before bidding.*

In the event of non-deposition of 100% coal value by the Bidder in terms of Clause-6.7 above, the consent given against rake programme will be withdrawn by the coal company and EMD as per e-Auction scheme will be forfeited.

- 6.8 The Buyers shall also have the option of e-Payment once the system in the Coal companies is suitably developed & the same is notified on the websites accordingly.
- 6.9 Successful Buyers are requested to deposit the coal value to the extent of 3 Demand Drafts only. More than 3 Demand Drafts will not be accepted and failure on the part of the Buyer to deposit the coal value within the validity period will be liable to forfeiture of EMD.
- a) The successful buyer shall pay any additional sum which may become payable by the seller under any statutory provision over and above the amount claimed in the invoice. The successful bidder will also be entitled to a refund of the sum of taxes to the seller on account of reduction, if any of the statutory levies claimed in the invoice by the seller.
- 6.10 Consumers/Buyers are requested to deposit Original Road Delivery Orders to the colliery for lifting of coal. Those who are willing to lift the coal are also requested to deposit the Consumers' Copy. Those who fails to deposit original Consumers copy of RDO to the colliery end, the refund of amount will not be processes until and unless is same is deposited at the area/colliery.
